## Jerome says

The gang heads to a carnival to find it terrorized by a “Carnival Creeper”. More exciting and entertaining than some of the other entries.

---

## Jerry says

Great fun...but a little short.

---

## Illeyana says

I say, we all read about Scooby and the gang and try to find the mystery person. There's a chance who you thought it was, isn't your guy... Definitely a good read.

## Erroll Treslan says

My 5 year old son enjoyed this - it was his first "chapter book"!

---

## Dolly says

We all adore *Scooby-Doo* in our household, so we jump at the opportunity to read a book in the Scooby-Doo! Mysteries series. This is a fairly typical Scooby story, with creepy characters, fun chases, and lots of food. Our girls enjoyed this story.

## Connie Gunderson says

This was my 5-year-old's first ever independently-read chapter book!

---

## X\_LadyDarkrai\_X says

It was okay. Could've used a bit more creativity.

---

**Tiffany Neal says**

My kiddos love Scooby Doo, so of course they love when I read them all these short, easy chapter books with the mysteries attached.
