Show Me The Ropes Roz Lee

He's going to hell. Not that he's any stranger to the place. For two years Richard Wolfe has lived in a self-imposed hell in order to prove his devotion to the woman he loves. When Dr. Fallon Enright asks for an early release from her contract with the Lothario, Richard knows his time has run out. Desperate to keep her onboard, he stoops to an all-time low, even for him.

Fallon knew it wouldn't be easy to walk away from the Lothario, and the man she loves, but she never dreamed Richard would stoop to blackmail to keep her onboard. Worse, instead of leveling charges of sexual harassment, she'd agreed to his asinine plan. For the next week, she would submit to Richard, in all things. The possibilities sent a shiver down her spine.

Deviant Divas says

This writer is amazing. I had the privilege and joy to review her first book *The Lust Boat* and promptly scoured the internet looking for her other books, alas of which there were no more. She is a new author and damn she is amazing. Her writing fires up everything in my imagination and stirs the lust to amazing levels. I will definitely be adding her to the top of my shortlist to keep an eye out for future books.

Could Richard really do it, could he blackmail Fallon and get away with it? Yep it worked just when he could see that she was going to walk out the door after he had fantasized and lusted after for two years this was his last opportunity to show Fallon that he truly loved her.

The dominant side called to him and as he knew this was his last chance he decided to act out all his fantasies with Fallon. Will he push it too far? Well let's just say that Fallon wasn't opposed to the idea's that Richard had but the fact that he was giving mixed signals completely confused her. Did he really want her if so why after giving her the most amazing orgasms of her life did he run away?

Little did she know that Richard had been not only mentally tormenting himself for the last two years since he had met and fallen for Fallon he was also physically restraining and tormenting himself.

The scenes between these two are smoking... I mean literally smoking hot... The writer managed to capture so much in her writing that the toys came out and did not go away until I finished the book. I did not put the book down it was amazing and I cannot wait for the next novel. All I can say is enjoy and let your fantasies take over because mine sure did. Reviewed by Noushie

Jennifer Probst says

Fantastic book continuing the Lothario series - great characters and hot love scenes!

Diana~ (Kiss Me Books) says

Honestly, I actually liked this one *a lot* better than the first one. Surprising, huh? I loved the fact that Richard was a romantic at heart. He fell in love with Fallon for ever since he met her, and she the same. The unfortunate thing about them is that they just didn't know they both had feelings for one another. It's just, at times I thought he was a super idiot for leaving Fallon hanging there in the air. I could say the same for

Fallon because she was slightly unsure of everything and she didn't have enough trust for Richard. Anyway, I absolutely loved the chemistry between the two though. **Roz Lee** sure knows how to write some smokin' hot scenes between the two! ;)

Oh god! The things that Richard does to show Fallon he was sincere about his love for her... Wow. Can I just say wow again? I mean *damn*, this guy has **guts** and a lot of courage in order to go that far! It must mean that he really loves her, even though I have to say, it must have been rather painful. Thankfully, she believed him and they both finally realize that they have loved each other ever since two years ago. Sadly, with any romance, there has to be conflict right? Well, as I've said, Fallon has an extremely TSTL moment where she seems some crazy woman draped over Richard; as a result, she assumes that Richard doesn't actually love her. My god, woman! Just trust the guy when he tells you that he has no idea what you're talking about **and** the fact that he is desperately in love with you. It was definitely a roller coaster of a ride... but Fallon finally saw the light and the error in her judgement. Besides, if a guy is willing to let you go for your own happiness and not his, that really says a lot.

Overall, I thoroughly enjoyed reading this book because the **HOT** love scenes between the two and the ups and downs of their romance. **4/5 stars**.

I ♥ Bookie Nookie (bookienookiereviews.blogspot.com) says

SHOW ME THE ROPES is a clever title for this sugar-kink romance.

On board the Lothario, there's some kinky stuff going on behind closed doors! Though Richard is the Dom in the "arrangement" he and Fallon have decided to share, he seems less than confident when it comes to anything to do with Fallon. Fallon was a tad bit annoying and I quickly grew tired of her indecision.

SHOW ME THE ROPES is chocked full of smut, so if that is what you are craving, then this might be just what you are looking for.

Trish says

I was nervous going into this book, because I didn't read the 1st novella in this series. I usually like to read them in order, just so I don't get lost. This wasn't the case with Show me the Ropes. You can read this book as a stand alone and not feel like you are missing something.

Richard and Fallon at first didn't seem to be a fit for me. Both of them waiting so long to do anything about their attraction to each other. Beating around the bush and going to extremes to stay close to each other. I think they connected better during sex then any other part in the book. Trust me, the sex scenes were beyond hot and left me wanting more. I cringed at Richards methods to prove to Fallon he only had eyes for her. I felt that Fallon fell to quickly into a submissive role and then automatically tossed it all away after a misunderstanding on her part.

The story did leave me wondering if they really , truly could continue their relationship for a long time. I felt something was missing, something deep & profound.

I enjoyed reading the book, I want to go back and read the 1st and any others that are to follow.

Cyn Mistress Kitty says

I'm sorry to say that this book just didn't do it for me. The hero Richard, seemed self confident in most things until it came to Fallon and then he showed such insecurity it was strange. And of course there is the fact of what he did to himself to show his fidelity which was disturbing. Fallon on the other hand made me angry in that she was so wishy washy and in the end jumped to conclusions without even discussing it with Richard. I really didn't feel any connection between them other than sexually and wonder at the longevity of their HEA.

I received an ARC of this book from NetGalley

Happie says

Show Me The Ropes is the second book in the Lothario series. It is the story of Richard and Fallon, who both had played a vital role in the first series. This was the first that I came to read than its predecessor, The Lust Boat, both books can stand on their own but definitely a must read. It is indeed erotic adult romance story set in an contemporary setting. All scenes and pages were ultra-sensual and very detailed yet very beautiful and tastefully written, so I surprisingly find myself not shocked and appalled and lustfully (excuse for the pun! hehehe) reading it up to the last page. (sigh! fanning myself!)=)

Thanks to NetGalley for allowing and giving me a copy to read and review.

Wminbc says

I have read a few books in a row now that seem to have “jumping to wild conclusions” a common theme. Always remember: Believe none of what you hear and less than half of what you see.

Okay, lecture aside, this novella was very steamy and deliciously intimate. I truly enjoyed being a voyeur on Fallon and Richard as they discovered themselves within their week long relationship. The ropes were such an elegant and beautiful representation of their ties to each other and the gold and jeweled bindings gave Fallon freedom while making her feel special, proud and set apart.

Richard works to prove himself worthy of Fallon over and over, but he has nagging beliefs that their kinky-brand of pleasure is wrong and deviant. Fallon on the other hand, seems to be awakened for the first time in her life. But once tuned into Richard, she will follow him anywhere; do anything for him...but the whole time the reader was asking the same question Fallon was...can this last forever? My heart ached for Richard and the HEA is not one to be missed. I look forward to reading more about this love boat Lothario...Enjoy!

Siany says

I got this one to review and I have to say I didnt like it.

I think I am probably the wrong target group for this book.

Don't get me wrong, I have nothing against sex in books, in fact I quite like it, however I like it when its in an actual story. The first 50% of this book is pure sex. No storyline beyond sex....after that the story starts to develop. Too late on for me and I gave up with it am afraid.

I also didnt like the main characters. Fallon comes across as an independant woman then all of a sudden is submissive, does what she is told and pretty much thinks nothing but sex. Richard...well supposedly loves her, but its all a little weird to be honest.

Really wasnt my cup of tea but if your into erotica then go for it.

Readers Roundtable says

I continue to be impressed with the depth that Ms. Lee's characters breathe into her books. To read this review in its entirety, please visit <http://thereadersroundtable.com/eroti...>

This is not the first time I've read Roz Lee's work. I liked her previous work, but while 'Show Me The Ropes' is highly imaginative and original, I can't honestly say that it suited me 100%. I was impress with Roz Lee's writing, but I don't sit too well with submissive sex. I preferred her previous work, The Lust Boat much more to this one.

Anyway, this is still a good read, and I would have enjoyed it more if the storyline does not emphasize too much on getting the heroine be submissive.

I rate this book 3 out of 5 stars.

Kerry sullivan says

This was an interesting short story. You have the heated relationship and the intrigue of someone sabotaging the ship they are on. The story was nicely played out. There were a couple of times it had me wincing and being very glad I am not a man with the cage Richard had on for most of the time but it all worked well in the end so to speak. I have to say all in all I really enjoyed this story it pushed all the right buttons and made me smile at the end.

Amy says

Review to come.

3 1/2 stars

Kari says

I found that I liked this one better than the first. You can see some real improvement in the writing which is encouraging. Show Me the Ropes involves the other owner of the ship, Richard and his employee, Fallon. This relationship was a bit more believable since the main characters have known each other for a couple of years. I won't go too into the plot as I don't want to give away a major reveal. I'll just say that the loves scenes are a bit more intense as compared to the first, but still tastefully written. There is more of the intrigue here that was hinted at in The Lust Boat, but no complete resolution. Maybe in the next book?

D says

Love these books! Steamy as the first one.
