[Siren Menage Everlasting: Erotic Contemporary Consensual BDSM Menage a Quatre Romantic Suspense, M/F/M/M, HEA] Stormy James had spent her entire life avoiding Desire, Oklahoma, a town where Dominant, chauvinistic men ruled. Lucas Hart, Devlin Monroe, and Caleb Ward had been friends with Logan for years, and readily jumped into action to rescue his sister. It didn't take long for them to realize that she was more to them than just a client, and keeping their emotional distance proved impossible. Stormy's decision to leave Desire as soon as possible made convincing her to stay even more urgent. \*\*\* Desire found in Desire ! \*\*\*

Stormy, 27, Private Investigator, is in trouble, so she's headed to her brother Logan in Desire, Oklahoma. That's when the gunfire starts. This is a rough ride to the HFN. Stormy is out of her depth, but too stubborn to admit it.

Logan assigns three men, all 34yrs. old, Lucas, short black hair and blue eyes, Devlin, with dark chocolate eyes and longer hair, and Caleb, with his ponytail and blue eyes, will be her protectors, against her wishes. She thinks she's great and can handle things, but she finds out she's not, and has brought big trouble to the town of Desire. There's a bounty on her. Stormy is hard headed and can't obey rules, so she brings more trouble. She's also got past abuse she hides, and as they explore at a slow pace with kisses and touching, her truth is finally told.

\* In between the gunfights and action, their slow burn evolves. Hot sex, especially her first times, are incredible, and she's on board, but fights her feelings. She doesn't know how lucky she is. Stormy still thinks she can do things alone, and even after her mistakes, she once again brings trouble.

\* I loved the ex-military, hard-ass, alpha men; they are so great. I've liked this series very much. I loved the men's different looks, some tattoos, who were tender when needed, and fierce when called upon to protect.

We also get a look at some previous characters, awesome.

Each book can stand alone.

ENJOY !

#### **Excellent!**

Another wonderful addition to the Desire, OK series. I quite enjoyed Stormy and her strength and attitude. I've been excited to read a story based on these three guys and it was all I'd hoped it would be. Read it!

An erotic story of a young woman who is a private detective, who gets herself in trouble and has to go to her brother who lives in Desire (menage capital of the U.S.) in order to keep her alive. She meets up with the security boys - 3 of them - and they save her life, more than once. Seems like she just keeps getting in trouble. Too much to make this book at all believable. Of course she falls in love with them and even though something in her past makes her fear men, she of course jumps into bed with all three of them, no problem at all. It would have been nice if there was only one car chase and the saved space in the book was really devoted to her problems and how she genuinely struggled to meet these guys half way.

There was a time when I used to look forward to the release of each new Desire book but that 'desire for Desire' has worn off over the last couple of books and this latest, well .. was quite a disappointment. The guy characters were cold and I didn't like them. The girl, Stormy, even though she was supposed to be some bad-ass girl was just a weakling and I couldn't be bothered with her. I didn't care the for the storyline or characters. Apparently the author must have become jaded over the last few years as there no longer is any romance left in Desire.

Save your money, buy something else.

This book was probably the best installment in this series! It includes great action, suspense, romance, intrigue and more. Having read all the books in this series I look forward to new installments because even after 12 books it is still fresh.

#### **This could be the best book yet!!**

I absolutely loved this book! The Desire, Ok series is one of my favorites and I've re-read it a lot! I always go back to it.

Stormy was on the run and terrified. She was looking for a place to hide until the danger had passed. Her brother, Logan, was her only hope.

Caleb, Devlin and Lucas were the safest bet that Logan knew of in Desire. Security experts and over the top protective alphas, they kept Stormy safe through all the attempts on her life. But these attempts were getting increasingly bolder and deadlier. Now they had to pull the big guns and change their plan or Stormy would be dead.

I can't say enough about this series. I'm so happy every time Leah releases another book!

#### **Great Read**

When Stormy comes into Desire hot (meaning bad guys are chasing her) what's he brother to do but let Caleb, Devlin, and Lucas protect her - will they find out her secrets and why she is the way she is or will she leave once the bad guy is no longer after her.
