CAUTION: Book 3 isn't called 'Wild Ride' for nothing!

Two Strapping Alpha Billionaires. One Girl Looking For A Fresh Start. A Heck of A Wild Ride.

*****POV from all 3 main characters.*****

Unable to hide his undeniable attraction, Jake seduces Allison the first night she arrives at the ranch. Although he does his best to talk himself out of being this reckless again with his sister's new assistant, he seems incapable of keeping his hands off the little blonde twenty-three-year-old.

After an outrageously raunchy toe-curling morning interlude in a barn where he rocks Allison's world, he promises himself to 'fess up to his best friend about his indiscretion, but when the opportunity arises, he chooses to keep his illicit affair with Allison a secret.

Unaware that his best friend has already seduced Allison, not once, but twice, and fueled by the fact that Jake believes the tempting newcomer could be open to sharing both of them at the same time, Hunter takes it upon himself to push the curvy New Yorker well past her limits.

Intoxicated by the fact that two strapping and gorgeous men want her so desperately, Allison throws caution to the wind and indulges wholeheartedly.

Has her hunger for pleasure pushed her once again in a compromising situation? And this time, will she be able to get away with it as easily?

Just when you think Allison's wanton adventure can't get any naughtier, it does.

Fours Sweaty Stars

My oh my Allison has taken the plunge and decided to take on both Jake and Hunter. After a night of no holds bar passion Allison is working away when a woman claiming to be Jakes girlfriend shows up. Talk about ending on a cliff hanger.

This was hot steamy and oh so sexy, with a few grammatical errors.

And it keeps getting better

The further I read into this series, the more I'm sucked in. Allison has finally given in to Hunter and Jake. Man, that was beyond HOT! Now the only problem is...yeah I'll let you find out. It's a doozy for sure!

Susanne M. says

Oh WOW

Hot from beginning to end! Frustrating that this couldn't have been in one book, instead stretched out to 5. But I can't not find out what happens next in book 4. Again no loss of quality in writing, proofreading, or intrigue. Enjoy!

Kimme says

I love this series.

I don't mind that it leaves me with these darn cliffhangers because I enjoy all the characters. Jake is my man. Hunter is cool and Ali is a doll. I love the premise of the series. Jake is my man. Oh, I already said that. The author knows how to tell a story. Love love love.

You did not just do this do me, omg whyy Scarlett whyyyyy

This is the third installment on the *Billionaires' Indulgence* series and it picks up right where the second book stopped. We finally get to know who walks in on Hunter and Allison, and it is exactly who I thought it would be. Which leads to an even hotter installment this time around...

Since both men have now had Allison, the two best friends decide it's time to try having her together.

"If you decide you want to know how heavenly it feels to be fucked by a man while you suck another guy's cock, this will make things much more pleasurable to for you."

Allison is turning into a person she doesn't even recognize, but when she is getting mind-blowing orgasms out of it, she's not so sure it's a bad thing.

"God...You...You're turning me into this reckless woman I don't even recognize."

So, will she give in and be with both men or will she stick to just one—Jake, the dirty talking dominate alpha, or Hunter, the funny, goofy, hot as hell alpha? You will have to read and find out, but know that it will be hot as hell either way.

And, of course, there is another cliffhanger that is leaving me begging for the next installment so I can find out what is going to happen! ~ Tiffany, 4.5 stars

Love it

Another great series by Ms Avery.....what would we do without sexy billionaires, especially cowboys? We find Jake and Hunter both wanting to be with Allison. Now that Riley and the children will be away for a while it's play time for our men and Allison. My goodness, it's hot on the ranch when they get going. I'm certain that almost all of her fantasies were fulfilled by the two men. Leaving her during the day while they get some work done little does anyone suspect that a nightmare is going to show up in the form of a woman who is claiming to be Jake's girlfriend. Oh my goodness it's going to be interesting.

Oh Scarlett is killing me!

So one walks is with Allison in a compromising position, are they going to loose it? Riley calls an urgent meeting....is it over??

Phew crisis avoided now Allison is left with 2 alpha males, it is turning into something this shy young woman never dreamed of!

Now Riley and the kids are gone for the summer, Allison left to do her work while she's gone. And her own time? Well this is going to be everyone's fantasy.

Then there's a knock on the door!

Hurry up book 4 what's going on? This author has so respect for my poor heartache waiting.....

Losing some of its initial shine

Book three in the Billionaire's Indulgence series felt shorter than the first two. I didn't feel it was as polished as the previous books in the series.

The female protagonists body issues are rubbing thin with me. And while I connected with the Jake character he seems prickly and not as alluring as initially portrayed.

Left with a cliffie I'm in two minds about buying the next book in this serialised novel. I'm going to think on it for a time.

These types of quick, hot reads are fun to read sometimes but can get frustrating when you can tell the author is cutting a book up so they can sell them as separate books.
