### **Bianca Singh says**

This book is about a boy who is full of himself since he is great in everything. Soon a girl comes by and she seems to do better at everything then what he does. Now everything she does, he seems that she is conceited and tries to do better at everything. Along the way they start to get feelings for each other and finds out why she does so well.

### **Coyora Dokusho says**

The development is so incredibly slow, but there are redeeming moments and it has an overall warm tone that is heartening.

### **Rabia says**

This seems a lot like Special A except the roles are switched around. I think I like this better. :)

### **Little red reading books says**

GROS COUP DE COEUR pour ce tome aussi, les personnages sont juste trop mignons! j'adore!

### **Leanne Crabtree says**

I'm still liking the cuteness of this story. If only they'd both pluck up the courage to tell the other how they feel. Off to start volume 3

**Rozier says**

En realidad es un 3.5/5. No sé si la historia me termina de gustar y tampoco sé si la voy a continuar

Misterio resuelto. Aquí sigue la historia. Resulta que la autora se llevó un alegrón cuando le dijeron que hiciera la continuación y como no lo tenía previsto tuvo que darle unas cuántas vueltas. La verdad es que es muy divertida y super-mona. Una lectura ligera para pasar un buen rato.

Some people think the manga went downhill from here.

I'm conflicted.

Sure, sometimes it's a little boring, but I think I'm still trying to get over the overload of cuteness. In reality, the author really needs to actually develop a plot. The plot so far is really just how dense Kujou is. So far, though, she's been figuring out her feelings. Maybe not figuring out she likes Yanagi, but that she feels something more than the friendship. Sitting here reading this, I'm like:

and:

I hate the love triangle. I feel like it is unnecessary and Kujou can't figure her out her feelings for one guy, why does she need another?

Anyway, I still love this manga, and I strongly suggest you read it!

Ahora que lo están publicando en España me lo estoy volviendo a leer porque tenia muy buen recuerdo de este manga. Pero lo que no recordaba es lo nerviosa que me pone la protagonista. El chico a tope con el, pero ella no es posible que tenga una capacidad emocional tan en números rojos.
