Just saw a great image from this book. What was it that Aarons said about photographs? Oh yes, he liked "photographing attractive people doing attractive things in attractive places." I'd like to check out the book for a bit of escapism, but I've heard it is in limited edition and is quite expensive.

My Mother has an original copy if this book. As a young girl I would sit for hours, looking at the beautiful pictures of the beautiful people and beautiful places. I would dream of being one of the gorgeous actresses or models and traveling to all the exquisite destinations. My girl friends and I would dress up in my Mother's tight sweaters, pedal pushers and espadrilles and "go" wherever our imaginations would take us. The book itself is an amazing work of art. A tribute to all that is beautiful.

Beautiful! Can I dive in the pages and live their lives for awhile??
