### **Imane Ouadi says**

This book sucked so bad , I wasn't into the book at all ; didn't like the insta-interest of the characters because it didn't feel natural to me .

Quick and short did not make it any better , so I would say it was quite disappointing .

Okay ill start by saying: I have fallen inlove with this book the moment I started it. This author has really put alot of effort into this book and the outcome.... AWESOME!!!! I have also found me a new book boyfriend and damn is it going to be hard finding one to compare!

Its the 2nd of April and Izzy has an interview with Mr Mills, owner of D-Ms Fashion. Her stomach is tied in knots as this is the first job she applied for after quiting her job as a model. Izzy was in an accident and that caused her to quiet her job as a catwalk model because she didnt feel that she was progressing with healing. Now after Six months after the accident Izzy started making progress, and she now regrets leaving her job....

As she walks into the interview room she notices 3 people. A man and 2 woman. The man, whom I assume is the boss, stands and holds his hand out to me. I take it, making sure I give a firm handshake. He is the perfect defenition of beautiful... She is captivated by his lips and quickly focuses on his eyes again.

After a week and no reply from D-M Fashion she looks on the internet for more available jobs. There is one for a catwalk model and she decides to apply. After she presses enter only then does she see that the position is for the same company aswell. As she stares at the applicaton she is dragged out of her thoughts with her phone ringing. She doesnt recognise the number, but answers and it is the one and only Donte Mills. She got the job as fashion designer.

As the days went on Donte flirted with Izzy making her feel very uncomfortable, but in the end she gave up to be with the man she loves, although there is one problem standing between their happiness and that is his fiance Amanda. Donte assures Izzy that what he feels for her is out of this world and he wants to be with her!!!! For the time being she agrees...

THey learn to know each other, go on dates and do sleepovers at their presidential sweet whenever they get the opportunity.

This was really an amzing book to read. I am not going to elaborate any further into the story as you will have to get the book and read for yourself. If not I guarantee you are missimg out on alot!!!! ~C~

### **Lesley says**

The story-line was intriguing. However, I felt the details were over detailed. I felt it could have focused more on the thoughts then necessarily the actions. I had a hard time in the beginning getting into it. The story picked up and I was able to tune some of the quirks out. I give it a 2.5 for execution. With that being said ...I felt that if it went through some re-writes it would have potential to be 4 and above. I really wanted to give it more.

### **Mandy Salt says**

OMG what can I say I couldn't put this book down and read it until 3.30 am. Love the way the author has put Donte and Izzy together and the way there are has soon as they meet each other . This author should be very proud of this book as I am sure it will be a best seller. This is a must to read if you love romance and a bit of drama. I can't wait for the next book in this series. Well done on your first book :)

### **Mellisa Demille says**

Good reading looking forward to book 2.

### **Louise Howard says**

I read this book and I think it was a good story but it was rushed I would of liked there to of been more of the story of work and if ended without anything happening so left me a little disappointed. I loved the characters and would of liked a bit more background on each of them.

### **Bobbi says**

Although I liked the storyline, I thought the book moved too fast with too many gaps in a lot places and too many grammar errors. I felt there could've have been more detail throughout the story. I didn't feel as though I really connected with the characters either.

**J.L. says**

I am an author and I don't like to criticize but this book was not what I was expecting. I read the book summary and I thought it would be a good read. However the book lacked depth and I must say it requires a good editing. Overall the story is just too unbelievable. The book plays on love at first sight. A man engaged to marry someone else falls in love with a woman he interviews for a job. It just goes on from there without depth. I rarely rate books this harshly but it was just disappointing on all fronts.

**Jessica Rocha says**

I could not put the book down. Can't wait for this rest of the trilogy.

---

**Kathy says**

Loved the storyline and characters. Can't wait for Book 2. Would highly recommend.

**Chaudre Weyers says**

If I could I would rate this book 10 stars... Damn babe I fell inlove... I got myself a new book boyfriend and its going to be damn hard to find another one comparing to \*D\*.... I was blown away from the start!!!! I mean what they did was wrong, but why ignore it if the feelings between them sparked. I really hope there is a sequel to ur book cause I need me more of this gorgeous man!!! Not just the looks, he has the most loving

and charming personality! Babe U rocked my world with this one <3 I am honoured to have gotten a chance to read ur book and you can be sure that it is going to be Loved by many more. So come on people make so to put this book on your TRB list!!!! Or u will be missimg out!!!!
