Many of us very often complain that My Du'a is not being accepted. But how then our du'a will be accepted when we are not following minimum etiquettes of making du'a. Prophet Muhammad PBUH said, "Du'a of a believer will be accepted unless he hurries in du'as and wants something impermissible." So must need to know these conditions and pre requisite of making Du'a. ### **Norlinah Salamat says**

A highly recommended read. The author examines the importance of perfecting your dua which is a daily worship that Muslims do by seeking Allah's aid and protection. We tend to be hasty and oblivious in the etiquettes of dua and the reasons why it is not fulfilled. Hence this book clarifies the misconceptions and delves into factors that are blocking our dua. May Allah forgives and guides us in our quest and accept our dua. Ameen ya rabbil Alameen.

It was a very fast-paced and a captivating read. The author Shaykh Yasir Qadhi has driven the point home in

a very refreshing fashion.

Some of the gems I derived from this book---

- 1) Du'a is not an option, it's an obligation.
- 2) Du'a can be done at any time and at any place.
- 3) Du'a is a shield for the believers.
- 4) Allah accepts anyone's du'a if it's done sincerely.
- 5) The acceptance of one's du'a is proportionate to their sincerity.

### **Asmau says**

### **Adnan says**

An excellent primer on the etiquettes and power of dua. It is a practical manual for healing and spiritual growth. Very accessible in language. The author does not presuppose any depth of knowledge with Islam. However, a person who is completely new to religion may need to consult with the dictionary of terms provided at the end of the book. I highly recommend the book to anyone interested in furthering their own spiritual growth.
