## From Reader Review Hit Girl #1 for online ebook

### **Pinkerton says**

Do ut des. Nel dopo Kick-Ass tutti gli attori principali cercano di colmare le proprie lacune.

---

### **India says**

hit girl is amazing... so yeah.

---

### **Arianna says**

I was actually not much impressed with the Kick-ass saga, but this extra number was instead more pleasant to read. Nice with some more insight on the feelings from Mandy and her background. Still it is a bit too violent for my taste, but in a sense, in this volume, it seems more like a sarcastic exaggeration than a description of reality.

---

### **Andrew says**

This is some seriously messed up shit.

---

### **Cliff Bumgardner says**

I love the Kick-Ass series; it's a love letter to comics, and is one of the most original books to come out in a while. If you're a fan of the foul-mouthed teenage superhero absurdity of those books, you'll find more to love in this mini series focusing on the little assassin who is arguably the real star of the Kick-Ass universe. Mark Millar is an incredibly creative guy with comics in his blood, and the bloke knows how to tell a fun, fucked up story. Unsurprisingly, Romita's art is equal parts beautiful and brutal, and it fits the series so well; I can't imagine any other artist drawing this series.

The only reason this book is getting 3 stars instead of 4 is, as I've come to expect from Millarworld books, someone fell asleep while copyediting. The writing is tight, but there are a handful of mistakes, such as missing words. It's not a huge deal, but just not what I expect from a professional book like this.

If you're a Kick-Ass fan, you can't miss this series. Go pick it up.

### **Monty says**

I read this whilst waiting at the checkout stand of the library.

Great art work...The story is a bit naf and overly violent. Hey..Welcome to graphic novels!!

---

### **Stephen says**

Well, the kid gloves are permanently off now.

---

### **Gian says**

the little bitch is back! really!

---

### **Tori Fry says**

I love hit girl and kickass can't get enough, but if you are going in thinking its not going to be gory then you are gonna be surprised!

---

### **Michelle Lynne says**

I loved reading more about Hit-Girl and what happened after Kick-Ass. She's one of my favourite characters simply because of how complex she is, and this series just added another layer to her character. So great.

---

### **Romane says**

*This story takes place between Kick-Ass and Kick-Ass 2 as Mindy McCready tries to settle into life as a regular school-girl, but wants nothing more to be dispensing hot justice to the scum of New York City.*

When I was a kid I wanted to be Hit Girl. I still do.

Hit Girl is utterly badass.

The plot is expected to happen. Plus *Christopher's* side story is hilarious, I feel a bit sorry for him.

I am so happy that this comic exists. I love kick-ass, and these stories are just the perfect remedy to quench my thirst for more hit girl action.

---

## **Indah Threez Lestari says**

Ah, coba setting Hit-Girl ini setelah Kick-Ass 3, pasti lebih seru!

---
