Moral Issues in Business William H. Shaw , Vincent E. Barry
MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing.

Corrie Beebe says

Another text book assigned for a class. It was, in a word: DRY. Ugh...There are other texts, basically discussing the same issues, that are less dry and have a greater interactive component. Yes, moral issues and ethical issues are addressed and identified, theory is presented, but all are presented in such a way as to bore the reader. Ethics and morals can be very interesting, but unfortunately this text book isn't.

Christine says

So glad I finally finished!

Johnny says
