## Odd Thomas Series Books 1-5 Dean Koontz

Small-town guy meets big-time evil. Five Odd Thomas novels from master storyteller and international bestseller, Dean Koontz.

Odd by name, a hero by nature...

**ODD THOMAS:** Odd Thomas is a fry-cook who can communicate with the dead. And when something evil comes to Pico Mundo, the desert town Odd calls home, Odd is the only one who can prevent a devastating whirlwind of violence and murder.

**FOREVER ODD:** Odd Thomas has lost the love of his life, Stormy Llewellyn, but he has no time to grieve before he is called upon to use his unique talents in the search for a missing friend. And what he discovers is far worse than a dead body...

**BROTHER ODD:** Odd Thomas is looking for peace in a remote monastery in the High Sierra. But even in the silence of the mountains, danger follows him, and Odd will come face to face with an enemy that eclipses any he has met before...

**ODD HOURS:** When intuition leads Odd to the quaint town of Magic Beach on the California coast, he takes a job as cook for a once-famous Hollywood actor. Disturbing dreams haunt his sleep, however, and nothing can prepare him for the nightmare that lies ahead.

**ODD APOCALYPSE:** Just off California's Pacific Coast Highway stands Roseland: a mansion, protected by high walls. Odd finds refuge there, with the mysterious Annamaria. But the house contains terrible and bloody secrets, and is haunted by lingering spirits. Roseland has welcomed them in, but will it ever let them leave?

The books that guaranteed Koontz's place as my favourite author.

The Odd Thomas series is truly wonderful. It is filled with all of Koontz's trademarks. The wonderful characters. The gripping storyline. The heartbreak. The wit. The philosophy. Everything you love about Koontz is brought together in this wonderful series as we follow Odd Thomas on his rather peculiar journey through life.

Whether you're a Koontz fan or simply a fan of the supernatural, I suggest you give these books a read.

I am a late 50s something woman that has gotten a bit bored with the same old formula while reading. I was looking for something totally different and i found it in this series. I had never read a Dean Koontz book before but I highly these books

I bought this months ago and I finally finished the bundle tonight. The reason for 4 stars instead of 5 is because I did struggle with the books individually and as a whole. That may just be because I read them with minimal breaks between each book. I have grown to really like Odd Thomas and surrounding characters. It was well written and I have seen the movie based on the first book. It was one occasion where the film stuck to the core of the book. I have purchased book 6 on the back of these so I am immersed in the world of the odd one.
