Poisonous

Tommy B. Smith

Poisonous Tommy B. Smith

Following the Quake of '79, a terrible force came to the city of St. Charles. This was the Living Poison.

In Lilac Chambers, it may have found the perfect host. As she finds herself changing, becoming increasingly dangerous to everyone around her, it becomes apparent that her state of being is no accident of nature. She is becoming a prime vehicle for the Living Poison's destructive swath through the streets of St. Charles.

Detective Brandt McCullough has seen the Living Poison's brutality. John Sutterfield, ringmaster of Sutterfield's Circus of the Fantastic, is discovering its malignancy festering within the very circus he founded. These two are the only ones who might stand in the way of a force greater than anything they have ever known, one which threatens to wash the streets in red and swallow the city into chaos, but the stakes may be higher than either of them can imagine.

St. Charles—indeed, the world—may tremble.

Amanda says

nice little quick read

Max III says

POISONOUS is a very short, very fast read. It's full of suspense and horror. The characters, I thought, fell a bit flat at times, but picked up more toward the end. I thought the pacing, especially in the beginning, moved perhaps a bit too quickly, and could possibly turn some readers off. I urge them to continue. This reads like a novel significantly cut down--not for the better, either.

While still a suspenseful story--and an enjoyable story--I do believe it could have been improved by taking more time to get to know everyone and expand the actual story.

I recommend this to anyone looking for a quick, good read.

Deedra says

UGH!This book sounds like it was recorded in a can.It is VERY hard to listen to.Besides that,the story just didn't catch my attention,though Greg Brostrom has a nice voice.This audiobook was provided to me at no cost for a fair and honest review

Margaret says

I won the goodreads ARC... first reads. I'm so excited to get this book.

So i got it in the mail today! I couldn't put it down once i started it. This book was absolutely captivating from beginning to end. It has a great premise and although its only a little over 100 pages was surprisingly descriptive, plus the ending has a clever twist. In short i loved it.

Kristen Rooney says

I was provided this audiobook at no charge by the author, publisher and/or narrator in exchange for an unbiased review via AudiobookBlast dot com.

Unfortunately I couldn't get through this book. Not because of the story itself, but because of the narration. It sounded like the narrator was at the end of a tunnel. Maybe I'll get a hard copy of this book and read it myself. I hate to think I'm missing out on a good book simply because of a crappy narration.

Nicole says

One fateful day in 1980, the town of St. Charles was forever changed. Harold Chambers awoke to find a man with a clown face opening him up and inserting an a horrid and wretched creature. Fast forward several years and Lilac Chambers is born. Her yellow eyes are the only outward sign that she is not human. But as mysterious deaths and unsolved murders begin to stack up wherever Lilac goes, the town begins to fear the worse. Detective Brandt McCullough and John Sutterfield make a vow to stop Lilac Chambers before she destroys the whole town.

Tommy B. Smith has written a horror novel filled with twists and turns. Divided into separate parts with the point of view shifting from various characters, allows readers to gain an inside view of the fear the town feels. The author up the intensity and intrigue as the two characters fight to stop the evil before it spreads and consumes everyone in sight. Gory details will make some readers squeamish, recommended for mature fans of horror novels.

This was a well-written novel. The divisions in each chapter provide perfectly timed pauses, before switching to the next character's perspective.

Book Title: "Poisonous"

Author: Tommy B. Smith

Published By: Rainstorm Press

Age Recommended: 16+

Reviewed By: Kitty Bullard

Raven Rating: 5

Review: I absolutely loved this book. It's the perfect length for a quick read and one you cannot put down! I read it in one sitting and my only disappointment was... I wanted more! I hope Tommy decides to do a sequel. This book features great writing, edge of your seat drama and the kind of gothic horror you can really sink your teeth into. A huge adrenaline rush for serious horror junkies!

I highly recommend this book! Lilac Chambers is the spawn of something much darker than anything in our nightmares, get your copy today!

Johnny Worthen says

A fast paced horror, just the thing for an afternoon chill.

I think the book could have been improved by lengthening it. Characters are introduced and dispatched with hurried efficiency. A little more time to get to know everyone wouldn't have been misspent for my lingering tastes, but that's me. As is, the book's pace is effective and non-stop, a real page-turner.
