Silent Whisper

Andrea Smith

Silent Whisper Andrea Smith

What was I thinking that night as I drove over the mountain on the narrow, icy road that seemed to wind around like a coiled up snake? Certainly not that my life would be changed forever when my car careened off the side and landed in a cemetery. I never could have imagined that Chester, West Virginia held some old secrets that only I would be privy to, and expected to resolve.

I'm Parrish Locke. A model on assignment in Chester, WV. Not a resident by any means, but a witness nevertheless . . . to murder.

Karlee's murder.

This is **her** story--not mine, but I'm the only one that can tell it and trust me, it needs to be told. This is about love and the mafia and how sometimes, the two just aren't meant to be - or are they?

I'll let you decide.

Adult Content. Steamy and explicit sexual scenes.

Ingie says

I've in a way this summer, once again, become really hungry and tempted to read much more m/f romances again. It will be great to try this new book.

To ARC read in August / September 2014

Silent Whisper is the first part in a new series, called *Limbo*, by Andrea Smith.

Thank you Andrea for asking me!

Nice price for a few days...

From Amazon.com:

*AS A PRE-RELEASE INCENTIVE, SILENT WHISPER,
KINDLE EDITION IS BEING OFFERED FOR \$0.99
THROUGH 8-20-14. AFTER THAT, THIS E-BOOK WILL
BE PRICED FOR THE 8-24-14 OFFICIAL RELEASE
AT \$2.99 AND NOT BE DISCOUNTED AGAIN. </i>*

Kennedy Kelly says

Simply unique. Brilliant story.

So I'm not sure I can do this book justice. This is a well thought out story of star crossed lovers. I read it experiencing several emotions and falling in love with the characters. It has been a while since I've read it but I'm still swooning over Dominic.

This is a story you don't want to miss. Andrea has a way of sucking in the reader and not letting go until the last word is read. She accomplished this with *Silent Whisper*. I found the story to be so unique that I was sucked into each and every page because I had no clue what to expect. It's a fresh twist on a paranormal story. I have not read anything like this. You can tell that Andrea put a lot of hard work and thought into developing her story and then telling it.

Check out this book. You don't want to miss the journey Andrea takes you on. This is one book I won't forget. A must read.

That Scottish Chick says

So I've been asked to review silent whisper without giving away any spoilers, eh HELLO have you read this book? that's like sitting my kids in front of the red button and telling them not to press it! anyway what I will say is that I went into this book completely blind no blurb no teasers and if you know me I like to be prepared when I start a book, I check the blurb, other reviews and even the authors facebooks (i'm a bit weird like that) but because this was Andrea Smith I just jumped straight in, and I was completely surprised, silent whisper was nothing like what I was expecting (in a good way) so because I can't give any spoilers heres a list of emotions I went through while reading

- 1.confused o_O
- 2.shocked =-O
- 3.horny :-P (dont ask)
- 4.sad :-(
- 5.heartbroken:'(
- 6.pissed off. :O
- 7.confused (again)
- 8.so happy :-D
- 9.horny(i know I have issues)
- 10.book hangover:-!

I absolutely loved this book and can't wait for the next book in the series, oh and if like me you like hot alpha mafia guys then this is the book for you

3.5 DOMINIC STARS

My last name is Castellano. I'm Dominic Castellano"

I adore Andrea Smith's writing.... Her writing is simply addictive. Without any questions asked, I will pick up her book.

Silent Whisper was definitely a refreshing story.

What is this about? Well, I can't say much without giving away the plot, hence briefly it is about girl who had an awakening experience.

Hero Dominic def has my heart!!!! And I loved Ryan too, though I was wishing more of Ryan.

Heroine Ooo boy tough one. I did like her eventually but I hate her most of the time as there were few of her actions that I couldn't forgive her.

Steam Ooooo yeah bet!!!! Andrea spices everything up! Trust me!

Connection I had a little problem with the present characters connection but I am really looking forward for more of them.

Hope you have a wonderful read, it is quite a nice journey!

Happy reading,

D xo

??♩?????✿✿?!!? says

wow!!! Paranormal or not.

Okay, I never expected this story to be what it is. You might be confused at first like me but as you read on everything that happened in the Prologue unravels and I didn't want to miss any part of it, which I won't be giving anything away but the storyline is interesting.

Plus, I'd like to know more of Parrish.....continue into book 2.

Christy says

4-4.5 stars!

I was a little hesitant to jump into *Silent Whisper*. Paranormal is something I like to read every now and then,

but I don't like scary books. At all. But after I read it, I was glad I did. To be honest, I forgot *Silent Whisper* was a paranormal book from the first 10% - to about 71%. I was so caught up in the story of the past, the other elements just left my mind. Andrea is that type of story teller. Her writing is always consistently good and engaging.

This is another one of those stories where you want to stay away from spoilers. You just want to be surprised by the twists.

It was about a 27 year old girl named Parrish Locke who goes through a life changing experience. But more than that, it is a timeless love story between Dominic and Karlie.

I actually loved 10-70% best. The beginning and end were good too, but there were a few elements that threw me off a bit. Don't get me wrong, I really loved the story and the characters. In fact, I stayed up way too late finishing this one because once I hit about 40% I could not put it down until I was finished.

I loved Karlie and Dominic's love story. It wasn't conventional. But it was still a beautiful and forbidden romance.

Silent Whisper was a very original concept and I loved that there was always an element of mystery, some twists and turns. The paranormal aspect is not the largest part of this story. I really hope people realize that. It has a part here or there that might seem a little on the creepy side, but it's not scary at all. I think that's important to point out because I don't do scary AT ALL. As I said before, I was nervous to add this to my TBR in fear that it would be scary, but it's not. So don't let that deter you from reading.

Out of all the elements of this story, the main thing it centered around was an eternal love. A forever, once in a life time kind of love. If you're looking for a unique love story with lots of mystery, suspense, heat and a little paranormal flare thrown in, you've found your next read!

“I loved you like I've loved no one else... ever. You are my heart- and my soul, but most importantly- you are my eternal love.”

Kelli C ~ Jack Sawyer's Heart says

3.75 to 4 Stars Great Start to the Limbo series with high hopes of what is to come!

This is one of those books that is a bit hard to review because it is impossible to say much without giving away the plot or dropping major spoilers!

What I will say is that Andrea Smith delivered a pretty unique, out of the box romance tale that had an air of suspense and quite a few OMG moments!

Silent Whisper introduces Parrish Locke...a young beauty whose time has been spent in front of a camera. She has a decent life, a good boyfriend, and a seemingly good plan for the future. But what happens when one event changes your whole life in just an instant?

Parrish has front row viewing of a tumultuous romance between a rich, sexy Mob capo Dominick and a young beauty whose services are paid for in a small town nestled in the hills of West Virginia. Hot and passionate is what Andrea Smith gives with "Nick" and Karlie...

It is through Parrish that you get the full experience into a seemingly "pretty woman" scenario of rich man takes poor girl into a life of luxury. He gives everything to her...her happiness is the driving force behind his being, even though his "family" will never accept his MISTRESS!

A story filled with a passionate love, a domineering man, and a woman whose life is always on the edge emerges. Dominick and Karlie are two characters creating the story but it is Parrish Locke who is pivotal in the end.

Through her, the reader is able to feel an undying love between two people, a loss of what could have been, the shock of betrayal, and the hope of a future to reconnect the bonds that were never to be broken.

Darlene says

Mousiey has a real goody for you all today!! This book is titled SILENT WHISPERS by none other than ANDREA SMITH!!

And is it ever an OMG gotta read it!! I rec'd an ARC from the author in exchange for an honest opinion. This is mousieys very honest opinion of her book.

I found this book to be very well written and very detailed in all descriptions. The way the story line is laid out is so interesting that you don't realize that you have read the book until you are at the end of it wanting more and more. This is the first story I have read from this author and I am so looking forward to READING more of her work!!

GENRE -- mystery-suspense- sexual

AUTHOR - ANDREA SMITH

RELEASE DATE- AUGUST 2014

In this story you find a lot of twist and turns going on it. The story tells about a murder or death in the voice of the victim Our story starts out with an accident and a women seeing another at a grave in white. During the course of the story- Parrish is seeing things that happened to her bio-mother . However she doesn't realize that Kaylee is her mother. From here after the accident - the story is told in the third person. You hear Kaylee telling the story of her life with her true love. Now I have to say that even though this story has some violence in it, . You see the way a mafia truly works with in the family. One man married and it is only a marriage on paper. This is a must read for all- but I would recommend that you are over the age of 16 due to

the sexual and violence content of the book. As for mousieys rating -- well the Mouse gives it a 45 out of 5 stars. Please Ms Smith I have to have more of this story!! THIS IS A MUST READ AND YOU HAVE TO READ TO BELIEVE IT !! GO GET YOUR COPY NOW!!!

Jacqueline's Reads says

I haven't read anything from this author, but I'm having serious summary and cover love. I'm thinking of this one...

AMAZON

Catherine Wright (Cat's Guilty Pleasure) says

If I could give this book more than five stars I would. I've read all of Andrea's books and I loved them all. But this is her best work yet. It's a mix of paranormal, romance and mystery all tied together. It's full of surprises and things you won't see coming. The deep connection of true love will leave you breathless. You will feel every emotion, whether it be love, heartache, happiness, or the deep connection of schoolmates, you'll definitely experience them all. This is by far the best book I've all year. It's a must read for anyone that believes true love last forever and never dies.

The book revolves around the lives of Karlie, Dominic, and Parrish. There is a little time travel involved, as we go back in time to see the beginning of Karlie and Dominic's love story. We see how they fall in love and the progression of their lives together. Parrish is involved and you'll be shocked to see how. There is a mob spin in the story too, it's so good. Their love story is so amazing and breathtaking.

I just can't praise this book enough. True love will span time and space and will never die. Everyone should definitely read this book.

DKristin says

3.5 Star Read for Me

I knew going into Silent Whisper that it was a paranormal read. I've read other books by Andrea Smith and have enjoyed them and the smoking hotness of them as well. I did not know what to expect from her in a paranormal setting. Though I felt in some parts of one of her previous series we got a good look at how she may go about it. While it did not work so well for me in that book it was completely believable in this one. Once you start reading the book, you quickly come to understand that while it is in fact a paranormal read the main focus is the love story something that Smith does well.

Karlie and Dominic were swoon worthy and because they did own so much of the story made up for what I found lacking in Parrish at times. There is a great deal of mystery and plot twists that are unexpected. I cannot really say much more as I will never intentionally spoil a read for someone else.

I recommend this book if you enjoy some paranormal, mystery, badass guys, and smoking hot romance.

Ashley S. says

I honestly don't know what to say right now. This book made me feel so many things that I actually do not know what is currently floating around in my mind if that makes any sense! From the very beginning, I was intrigued – a total page turner! Now, I have to say that I love Andrea Smith's writing, but this one....wow, this one...this was something else! In the erotica genre, this is most definitely a VERY unique story. There was lust, love, mystery, suspicion, angst, more love, craziness and then I don't even know what! Seriously, if you do not one click this one, you are missing out! I am almost speechless with how I feel about this book and what happens all throughout.

Let's start with the plotline – first, we begin with one story and then morph into another one almost immediately. What?!? This is exactly what I was thinking when it was happening, but it undeniably works in this book. I will absolutely NOT give anything more away as spoilers are virtually impossible to avoid when talking about this book, but I do have to adamantly say that if you love major twists and turns, lust and love, you have to read this book. It will not disappoint at all! For all of our romantics out there, this is a true love story. Not necessarily the HEA that you are looking for, but you will swoon and cry the entire time and feel quite fulfilled at the end.

After reading Silent Whisper, I am truly in awe of Andrea Smith's creative mind and what it can produce. This book (and series I am sure) will go down as one of my all time favorites. From a girl who loves her erotica and thrillers, this book truly blew my mind!

An ARC was provided by the author in exchange for an honest review.

Crazy for Books (Stephanie) says

Book generously provided by author for an honest review.

3.5 -4 PAST/PRESENT STARS

Parrish Locke is a young model thinking about what to do as she feels that the end of her career is coming, when she has a small traffic accident that changes her life.

Karlie Masterson was a young woman who through tragic events becomes an orphan then a prostitute, only to be taken from that life by Dominic Castellano, who's family caused the event.

Through Karlie and Dominic's story, there will be revenge and love. We will also discover Parrish's connection to them and how the past converges with the present in order to bring everyone closure and peace.

I have to admit that even though most of this story took place in the late 80's, I'm not a fan of reading about the past in any way. It was really hard for me to get into it. I also felt like every step of Karlie and Dominic's early relationship took forever to get going. But once things took off, it took off with a shot.

When the resolution happened, I cried like crazy. It was so sweet, yet sad.

I love Andrea Smith's work and am so appreciative that she asked me if I would like the opportunity to read and review this book.

♥Rachel♥ says

Not a book for me, at all.

Michelle says

I feel like I need to start this off by saying that it wasn't really a paranormal romance. Although there are elements of PR, it really wasn't what I focused on as the reader. I don't do paranormal. I can't get into the whole genre, but this was something that had my attention and held it. It was tragic, beautiful and a little haunting (pun intended).

The story begins with Parrish Locke who encounters a particular gift while in an accident. That gift brings us to the past where a love story is told surrounding Karlie and Dominic. Now, Karlie and Dominic's love wasn't traditional in any sense of the word, but it was ageless... it was eternal. This is a story that is hard to explain without accidentally giving something away, the twists of this story creates so many angles that it is best to go in blind and just trust that Ms. Smith won't disappoint.

I found myself not able to fully connect to Karlie or Parrish but it had no impact on the pull this story had. For me, Dominic was the star. He shined. There was something about him that had me hooked. It wasn't just the typical book-boyfriend set up.... it was something about him as a character that just grabbed me and didn't let me go. My heart broke for him when he was at his most vulnerable.

This was such an original story. I was reluctant to start this one, but once I did, I could not put it down. I had to know how it had all ended, I needed the mystery to be unfolded and I needed to be set free. For most of the story I had forgotten that this had any element of PR infused with it, I just wanted their love story.

I have no doubt that I will continue on with this series to see what becomes of Parrish and the journey that she will be taken on. I hope that as the series continues we get to see a little bit of her own love story as well.
