Tonya Hodgson says

It was a good story and great introduction to Julius. Why it only got three stars: first It was too short, and I'm not really into short stories. Second I read "Spirits, Stilettos and a Silver Bustier" before this story so it was a little anti climatic for me.

Amanda says

I really liked this. This is the kind of story that makes you want to pick up the whole series. It's engaging and mysterious. Definitely worth the read!

Chris Blackton says

I downloaded this book because it was free but it is not my style.

Michelle Rockett says

Again, Deanna had me enjoying every minute. Short story or not I love being a part of Jade, Kane, Piper and the crew's adventures and antics. Always an engaging, entertaining read.

Excellent novella! At this Halloween party, we will meet Pyper's Julius. The party is going fine and we will have a surprise visit from the past. Jade will finally rid Pyper of an annoyance and love will flourish!

Renee M says

quick read. entertaining and fun halloween tale.

Adrienne Testa says

Halloween on Bourbon Street always is a fun time. Jade and Lucien need to rescue Pyper from the grips of Roy at a Halloween party, not an easy thing to do when a white witch ghost is involved. Its a fun read, although short. It leaves you wanting more.

Rhonda Jones says

Short but Awesome

I went searching for this short story. I just had to know how Pyper met Julius. And the story gives us a great story that includes an evil spirit. Awesome.

Mary says

Sets up Piper's story. Cute little read

I have voluntarily read and reviewed a copy of Spirits of Bourbon Street given to me by the author. Spirits of Bourbon Street is short story in the Jade Calhoun series and I was so disappointed to see it end. I loved getting to see Jade and how she will handle her current issues. I look forward to reading the next book in the series.

Penny Noble says

Wow, what a great short story! Jade is helping with a Halloween party and the guests somehow get stuck in the Roaring '20s. It's up to her to save everyone. One of the things I really love about Ms. Chase's writing is how well she portrays her characters. In this short story, we are introduced to Julius, and immediately, you can feel the attraction between him and Pyper. She almost becomes another person when she's with him. The pages practically burned up with the heat! This was another great short story in the Jade Calhoun series which leaves us wanting more. Highly recommend!

Thanks to the author for the e-copy which I voluntarily reviewed. This same review will be posted on both Goodreads and Amazon.

Semi-cute side story in the Jade story

I love the Jade Calhoun series this story was way to short. Halloween on Bourbon Street doesn't get any better than that....I would love to go to New Orleans. These stories with Jade, Pyper and the crew are a fun read. You never know what is going to happen...

Samantha Hopkins says

A quick and easy read although am unsure how many more books will be needed for Jade Calhoun - as surely she has had her fill of bad luck. That said, I've just purchased book 7 so we'll see how it goes. Will be interested to determine how different Pyper's novels are in comparison.

I am quite sure I finished this short story the same day I started and it was a quick read. Well written and funny in parts. I found that I did not want to put the book down although (and this goes back to the whole Pyper series); I think perhaps there should have been more information regarding Ian and Pyper's relationship (or breakdown off).

It's based during Halloween and well Halloween in New Orleans cannot be that much fun! Hosting a gig for a new client, majority of the guests are sucked into a time warp and it is up to Jade & Lucien to ascertain who the perpetrator of the spell and put a stop to it.

Loved the short story.
