## All About You Natalie Ann

All books can be read as a stand alone or in order of the series.

Finn Abraham was only burned once, but once was enough. Now he's living his life his way. A single father, a fireman and a carpenter, he's juggling his time the best he can and putting his son first—the way it should be. The last thing he has time for is a woman or a relationship.

Olivia Hartman was raised in wealth...not that it really mattered to her. All she wanted was someone to love her, someone to pay attention to her, or someone to even care. Instead, she spent most of her time in boarding school. Now as an adult, she is sick of looking for love in all the wrong places and being misjudged and labeled. She's taking charge of her life and deciding it's time she does it on her own. On her terms...regardless of how scared she is.

Mature content intended for over 18 years of age.

## From Reader Review All About You for online ebook

### **Jeannette says**

#### **Good book**

I liked this book. I liked the characters and their story line. I loved the insta-love connection. I only wish it was longer to read. I hope to read more from this author.

---

### **Catherine Acker says**

The underlying teasing, flirting, bantering and humor to this book made it an awesome read. I love Trey, his character was perfect in the eyes of a 4-yr old. I just about died laughing when I read 'I'm sorry you're a girl' when Finn asked him to apologize.

---

### **No1Twin says**

Another great book that moves smoothly and you fall in love with the characters. Natalie includes the families from the previous books so you feel like your part of one big happy family. This is the last book of this series...I feel lost.

---

### **Jenny says**

[Yes (hide spoiler)]

---

### **Kami says**

DNF too slow

---

### **Jacky says**

#### **4.5 stars**

A book about a strong father, Finn, trying to care for and protect his son. He feels the weight of caring for his son weighs solely on his shoulders. Olivia is finding her strength. Determined to succeed and maintain her independence. Neither Finn nor Olivia is looking for a relationship. Yet, somehow they find they are drawn to each other and the relationship evolved and grew in spite of their hesitation.

Finn and Olivia have a wonderful chemistry. They support each other pretty much unconditionally. They find that they can also depend on one another, and Finn can finally share the mantle of single parenthood with someone he trusts. It was great watching Finn and Trey both blossom as he allows more people into their inner circle.

I loved the relationship he had with his son, Trey. One of the best parts of the book was the way both Finn and Olivia handled Trey's mother.

I would definitely recommend this book.

---

### **Becca Stanfield Vernon says**

Good read, but disappointing for such a great series. It felt like the story drug on & maybe something was missing with the characters. Story was good, just lacking.

---

### **Taylor Freeman says**

2.5 stars

---

### **Rebecca Bistel says**

#### **Love**

I absolutely loved this series. I actually love everything I read by Ms Ann...Olivia Trey and Finn were my favorite characters from the last few books. I absolutely loved them!!!

---

### **Tarri says**

All About You is the latest and the last in the All series by Natalie Ann and if you love a happily-ever-after falling-in-love story about normal (albeit gorgeous) people, you can't go wrong with this author. Each of these books is a stand-alone story with characters from the previous books showing up at a family picnic, party, wedding, or to offer good advice. The first book about these characters is Road to Recovery (there are four books in the Road series and six in the All series).

All About You is the story of Finn, a single father raising four year old Trey, after his wife walked out on them when Trey was an infant and Olivia. Olivia is a jewelry designer and is in the process of opening a high end shop, Finn is a fireman who works for Harper's Construction on his days off. They meet because Finn is working on the remodel of Olivia's shop.

Of course there are challenges; Trey is very shy, Olivia is very rich, and Finn has a very evil ex-wife, but these are the plot twists that keep the reader reading.

I have truly enjoyed the books in these series and look forward to what the author comes up with next.

### **Marie Luck says**

Finn is my dream man. The only thing I can say is...fireman!! Oh and he is a single father who cleans! Yeah, fantasy come true!

---

### **Mary E says**

#### **good story**

I really enjoyed this story. it had all the parts of a good romance without being focused on sex. The author also included a variety of other elements that made the story much more enjoyable.

---

### **Liz D Morales says**

#### **Another heartwarming story in a great series**

Prior to reading All About You I reread all the books in the series so far. The characters are layered and appealing, the story lines are interesting, and the setting is intriguing. All the books are enjoyable and a good escape from the everyday world. The author makes me want to be a part of the group of family and friends.

---

### **Jessica Miller says**

#### **Woww**

This book was my favorite out of this series. It was just so amazing. I hope there will be stories about the children.

---

### **Mary Stockwell says**

#### **Nice story**

What a nice story this is. It's all about Olivia learning how to be self supporting after growing up privileged. Finn juggling being a single dad and working two jobs. Both of them coming together to make a family for Trey makes an interesting and entertaining book.
