## **Alyssa's Redemption** Karly Morgan

What do you do when one brother destroys your world and the other has the power to make it all right again?

Alyssa Camden ran after her ex, Eric Lewis, flipped her world upside down leaving her with absolutely nothing. After finding herself living in a dump of an apartment and working nights as a cocktail waitress in a sleazy bar, Alyssa was tormented by the past. That was until Cameron Lewis walked in and flipped her world upside down AGAIN. As the new owner of the bar Alyssa worked at, she didn't know whether to run or give Cameron a chance until Eric showed up and made things even more complicated.

Being torn between Eric, her first love, and Cameron, who was quickly stealing her heart, Alyssa doesn't know where to turn. Do Cameron and Alyssa even stand a chance together with Eric back in the picture? Can Alyssa move past the tragedy of the destroyed relationship between Eric and herself to find love again? Who will she choose, Eric or Cameron?

## Stephenee says

\* I received a copy of this book in exchange for an honest review. \*

I often find that new author's can be hit or miss, but this one was, without a doubt, a hit. Karly Morgan brings us into a world of heart break, betrayal, pain and love in her book Alyssa's Redemption. She introduces us to a main character that you instantly feel a bond with because we have all been betrayed by those we love, whether it be family, boyfriends or girlfriends. Alyssa is not a whiney, must have everything or else it's a tantrum type of character, she is likable and relatable. The characters bring us right into their lives and it feels like we have known them forever. The story contains more than the standard plot, as there are twists, turns and moments when you gasp out loud at what has happened. The story line does have parts that you would have never seen coming, but it will keep your eyes glued to your kindle/book more than you already are. It is a book that you don't want to stop reading no matter what else you need to do. This is such a heartbreaking tale of love and forgiveness. Alyssa's has to learn to forgive herself and others to move on with her life and to begin to find happiness again. Hopefully she will find her ultimate Happily Ever After.

The author did a great job with the character development and made it feel as if we were all friends. The author also left just enough of a cliffhanger that you are wondering what will happen in book 2, but you are not left without the answers that you need for book 1. I am looking forward to her next book and to the books after that. She has a great writing style that just flows and makes the reader feel like it is all so seamless. I enjoyed getting to know the characters and look forward to meeting new ones in the next book, while continuing on with the ones that I already know and love. This is a book that must be added to your TBR list and read at the pool or on a relaxing summer day! I loved it and can't wait for the next one....Enjoy!!

## Kat DM says

Alyssa's Redemption

Karly Morgan

???

GIFTED BY AUTHOR IN EXCHANGED FOR AN HONEST REVIEW

I laughed, cried and wanted to throw my device. The twist and turns were crazy.

Alyssa struggles with her past. She ran away from her ex-boyfriend Eric but obviously wasn't far enough. She was cheated on, he got her pregnant and beat her to the point where it caused her to have a miscarriage. She has trouble sleeping because of her past. It just keeps haunting her, he pops in her head like he's actually sitting right next to her every time it occurs. It's sad how she lost her baby...being beaten while pregnant and getting hit in the stomach was horrible, I wanted to throw my device at Eric. She lives from paycheck to paycheck, so, obviously she is on a budget. I felt bad for her when she had to run with her high heels on to get to work on time, since she can't afford to take the bus or get a cab and by the time she got to work her

feet were killing her. She's a waitress at a place that ends up being bought by her ex-boyfriends brother, which was a total surprise.

Cam the older brother of Eric, was neglected by his parents. All he wanted to do was protect his mother, but it ended being him as the bad one. It was a surprise to him to see Alyssa working at a bar as a waitress. Cam had no idea what happened between her and his brother Eric. Seeing men hitting or disrespecting women doesn't fly with him. He can go caveman for me anytime. My knight and shining armor Cam.

"Please get this piece of shit out of my bar and when he wakes up, tell him his ass is fired and never to return here."

I love how Cam was there for Alyssa. He believed her story about Eric. Since no one believed her about the bad things that happened to her in the past, it was unimaginable that out of all people, Cam would be the first to know she is telling the truth. She is scared to get involved with anyone due to her past, she fights the attraction she feels for Cam. He also feels the same way about her. So, their relationship was a push and pull kind.

This story is about a person being abused, heartbreak and being neglected from the family. I hate it when someone lays a hand on someone, it's just not me. Being abused / beaten while pregnant is a horrible thing to experience. Taking a chance at love the second time is risking a lot but knowing that it came with a lot of obstacles, shouldn't stop you from living. I am looking forward to reading more of Karly Morgan's writing.

---

### **Michelle Williams says**

I loved this book straight from the first page. It centres around Alyssa and Cameron (who is her ex-boyfriend's brother). I found myself laughing, crying and at times shouting into my Kindle. This book makes you fall in love with the characters and you really do hope they find their happily ever after. It is very well written and an excellent first book by a new author. Well worth a read.

---

### **Jami says**

There is more drama, twists, turns and heartache than you can shake a stick at in the first book of this series. The characters are well developed, including the secondary characters and the story itself is very complex, with a twist and turns to keep you on your toes and turning the pages. The only flaw I can really find in the story was the ending, it felt a bit abrupt to me. I am really looking forward to reading more of this series, as there are still so many unanswered questions. Even though there is a HEA the story itself is not done, so do understand that there will be more to read after this book to get all of the answers you will be looking for. This one does not end with a neat and tidy tied up bow.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Jeannine Smith says**

3.5 stars...I truly enjoyed reading this book and zipped through it so quickly. I got started with Part 1 and was sucked in to the point that I had to buy the rest to see what happened.

Alyssa was a bit weak to start out with so I wasn't sure that I would like her very much but she grew on me as she realized she was being weak. I wanted to hate Eric through it all but in the end, I felt a little sad for him. We'll see how his story ends up. And Cameron. What to say about the strong, good-guy type. He is such a good guy but is persistent as hell when he knows what he wants. He was so good to Alyssa and it made me want to push on and go without sleep to finish this story! I really did enjoy this book and would recommend it to anyone that is looking for a love story with some excitement thrown in!

---

### **Daniella Marchand says**

Stubbornness ...  
by Daniella

After a howfull breaks up with Eric, she ends up with nothing. When she finally got a job as waitress at Spinner, with Marcus as a terror guy too but she still works their cause she needs the money. One night though, Marcus at his worth, got cough with Camrom Lewis, soon to be owner of the club. Cameron proclaiming his ownership sooner than planned, cause his like asking Alyssa to whoring herself for his twisted minder, so Cameron comes to her rescue. Then An other night when Eric comes in with a bunch of his friends getting in a barfight with all the workmen + Cameron himself, to protect Alyssa, but that's not the last time he with fight with then, till he ends in a coma in hospital, having a Brain tumor & a swelling. What now ????

It was emotional, captivating, some action, great chemistry.....

Only I had wish to have a book with Alyssa & Eric Lewis to start at this one, okay there are the secrets Alyssa Tell Cameron, but it's not really the same but I would understand because, it would have ended on a bad tone.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Chris Bennett says**

I absolutely loved this book. I think it's probably worth 5+ stars. The story was well written and the characters were very real. Alyssa has experienced a traumatic event. She's been abused, assaulted and lost her baby at the fists of her boyfriend, Eric, and to top it all off, nobody believes her side of the story. She's lost everything. The last thing she needs is to hear that her ex-boyfriend's brother, Cameron, has purchased the bar where she works. Cameron can't understand why Alyssa is hostile towards him and is determined to re-gain her trust. Karly Morgaon writes in a style that projects her story like a movie rather than a series of words. I could feel Alyssa's pain, anguish, frustration, distrust and anger. I could also understand the feeling of the other characters, but I certainly don't condone any of their actions. The author addresses a social issue

in a knowledgeable and sensitive manner and shows that love can actually overcome such traumatic situations. I've become a real fan of Karly Morgan, after reading several of her books. This book is an inspiring read about strength, love and compassion. I highly recommend it.

### **Samantha Long says**

This is such a heartbreaking tale of love and forgiveness. Alyssa's has to learn to forgive herself and others to move on with her life. She's trapped between two brothers and has to make really hard decisions. I love the story, how it ends, and am looking forward to more books in the future. I want to read something about Jake, he was one hottie I want to find out more about!!!

---

### **Holly says**

This is a book that sucks you in from the beginning and doesn't let you go until you have reached the end. The main characters are AMAZING together, but you better be prepared... Cam is some kind of sexy!!! The secondary characters are great as well, and will definitely have you wanting more of their stories. The story line does throw in a twist or two that you would have never seen coming, but it will glue you more to your seat than you already are. I already can't wait to see what is in store for the next book. A definite must read!!!

---

### **Mara De Guzman says**

#### **3.5 Well-that-was-surprising Stars!**

*Complimentary copy provided by the author for an honest review*

What would you do if the person you loved for so long suddenly changed? He started hurting you, physically and emotionally, and left you with nothing but the little left of your self-esteem to start your life all over again. Months after, his older brother appeared, and like a knight in shining armor, he saves her from herself and brings back love and joy into her life. How would you handle all these changes?

*Alyssa* was that girl. The girl who loved and hurt and then loved again.

*Eric*, the once sweet lover who became abusive and hurtful.

*And Cameron*, the knight in shining armor, the protective and generous man who swept *Alyssa* off her feet... again.

I loved *Cameron's* personality. He goes after what he wants but still remains respectful (okay, just a little since he can be really persuasive too) and thoughtful. He cared deeply for *Alyssa* and that's plus 100 points for me.

*Alyssa* has some good points but generally, she's the main reason I can't put up a higher rating for this. She wants to come out as a strong young woman but most of the time, she just annoyed me with all her monologues and bipolar tendencies. I don't even know if I'd rather an internal monologue instead rather than her vocal talks with herself in front of the mirror. Or her hot and cold mood swings -- one minute she's

giving in and the next, she's doubting her self-worth.

Alyssa's Redemption is a story about family and overcoming pain. Alyssa and Cameron's path towards their happily ever after wasn't easy and Karly Morgan wrote their story through short chapter in the book that made it easy to follow. There was a surprising part and some drama towards the end. It fell flat for me because I felt that those could have made an impact more if it were presented in the earlier part of the story.

**Stars:** 3.5 stars!

**Recommended to:** I'd say love-triangle readers but this is mostly about loving the brother of your ex thing.

**POV:** Third person. Dual POV.

**Series:** Yes. Standalone.

**Cliffhanger:** No.

## LMR says

Alyssa's Redemption (The Redemption Series Book 1) Redemption By: Karly Morgan

HE. IS. "ALYSSA'S REDEMPTION!"

She's Beaten, Broken, Battered, Betrayed, & Miserably Alone after the Love of her life KILLS their Unborn Child & no-one believes her...

She just wants to be left Alone to MOVE ON...

Alyssa needs Redemption...

Little does she know that EVERYTHING is about to change when HE shows up at the bar she works at...

He's her Ex's Brother, he's NOW her BOSS, little does she know, he's about to become her ROCK, Her SAVIOR, Her LOVER, Her FRIEND, & her EVERYTHING... Can he offer Alyssa Redemption?!

She was his Brother's Girl...

What ever happened there, he's CLUELESS about...

But, there are a few things that are PERFECTLY clear; she's the ONE for him, he'll do ANYTHING for her, he's gonna FIGHT like HELL for their Relationship, NOTHING... not even his Brother, will Stand between HIM & HER!! He's gonna ensure She's his FRIEND, his LOVER, his PORT in every STORM, & his EVERYTHING too... because he's sure HE IS "ALYSSA'S REDEMPTION!"

I was granted an ARC of Karly Morgan's "Alyssa's Redemption (The Redemption Series Book 1)" via Booksprout; I recommend this book to others based upon its own merits. All opinions expressed within this review are uniquely my own & freely given!

Until next time... Happy Reading!

## Samantha says

I wanted to absolutely love this book but I ended up just liking it. The story centers on Alyssa's struggle of leaving her first love because he's completely changed, the struggle to support herself and dealing with her ex's older brother suddenly coming back into her life. Alyssa is a bit broken but broken people are never to be underestimated because they can survive. The little bit of stability Alyssa has found is shattered the moment Cameron walks into her life and suddenly becomes her boss.

Alyssa leaves Eric, her ex-boyfriend of many years, finally when he lands her in the hospital due to abuse.

No one believes her or supports her which leads to her taking off and attempting to start a new life alone. Working at a sleazy bar isn't her idea of great but it helps her survive and so she works there. When she sees Cameron in the bar she's spooked and wants nothing to do with him.

Cameron hasn't had contact with his family in two years and just recently moved back to the area. He has no idea what went down between Eric and Alyssa which he has to constantly work to get Alyssa to believe. They have an undercurrent of attraction which makes it all the more stressful for Cameron to get Alyssa to trust him. Cameron shows her time and again he is more than worthy of her and won't ever hurt her which is my favorite part because he's a steady, compassionate and tender man.

*Copy provided by author in exchange of honest review*

\*\*\*3.5 Heartbreaking Stars\*\*\*

When your heart and world was left shattered and broken, can it be mended and pieced back together? Or are there too many broken pieces to be glued whole? Alyssa's Redemption by Karly Morgan is a tale of heartbreak, betrayal, second chances, forgiveness, healing and love.

Alone and broken, Alyssa thought she escaped her past when she left her ex-lover, Eric behind. But what happens when you discover that your new boss is your ex-boyfriend's older brother, Cameron. With so much hurt and pain, can Alyssa accept love in the least person she expected? In this heartbreaking tale, Alyssa must seek forgiveness within herself and others. Through Cameron, he brought back light into her life. He became her knight in shining armor rescuing her from her troubles.

Alyssa's Redemption was a great read full of some unexpected twist and turns. This book went in depth of the power of forgiveness, healing and finding love. The emotions were raw that you will be invested into the story-line. Ms. Morgan not only delivers a story of love but she gives you an added bonus of a knight in shining armor in Cameron.

---

## **Merry Jelks-Emmanuel says**

Eric and Alyssa were childhood sweet hearts who went off to college together. During the course of time Eric began to change causing distress for Alyssa. When she went in search of him one night she found him in bed with one of their friends. When she told him her condition he beat her causing her to lose their child but that wasn't the worse part. Her parents believed Eric when he told them she fell down some steps. Distraught she left everyone and everything and moved out on her own. It just so happen Cameron, Eric's brother bought the bar she worked at. Cameron was shocked to see her there and couldn't believe that she didn't trust him. Over time they put their family issues aside and got close but Eric is back in the picture. Will he cause additional pain to Alyssa on top of everything she has endured from him and others?

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

## **Sheila says**

Alyssa has been with Eric since high school so when he changes into someone she doesn't know she thinks he is doing drugs or drinking but when she tells him she is pregnant she never thought he would beat her until she loss the baby and sleep with their friend Wendy but he did and now she is through and leaves. That is where Eric's brother Cameron her working in a bar wearing clothes that barely over her thanks to her deranged boss. Cameron has bought the bar and intends to make changes but falling for Alyssa was a surprise. After a nasty fight between Eric and Cameron Eric receives a head concussion and they find he has a brain tumor which has caused his irrational behavior so Cameron and Alyssa have to act like friends around Eric instead of the lovers they are. Complicated story that keeps you on the edge of your seat.
