## Connections K.C. Wells

With one week until Christmas, David Poulter is on his way to a reunion of his Chemistry degree group, fifteen years after they all graduated from Manchester University. He's looking forward to seeing his old friends. They've lost touch over the years, and it will be good to see them all again.

Especially Cameron Trent. Talk about the one that got away... Still, David wasn't out when he was a student, and as for Cameron, David didn't have a clue as to his friend's sexuality.

So when David finds himself unexpectedly sitting opposite Cameron on the train to Manchester, he can't believe it. And when he learns that not only is Cameron gay, but that his confident exterior hid a shy young man who was too nervous to come right out and ask him on a date all those years ago, the trip up north takes a new direction - one that David is not going to forget.

And Christmas might be very different this year.

### **Maria says**

Ahh, that's the ticket. Finally, a believable Christmas love connection. Everything just works here.

\*\*\*?\*\*\*?\*\*\*?

---

### **Bev says**

**Christmas tale from KC. Glad Cam and David finally got it together....better late than never guys!!**  
**3.5 stars from me.**

---

### **Tessi4M says**

This was a nice surprise – I had no idea this book was in the making. It's a perfect little nice and warm Christmas story. Sweet and harmless in the best possible way. And it's nice to have a book from K.C. Wells where both MCs are actually past the age of 19. Doesn't happen too often ;-)

---

### **Keveen says**

#### **4 Stars!**

This is such a sweet and short book and I loved every page of it! Cameron and David were so perfect for each other. Their chemistry was off the charts even if they were just talking. I really loved this story and I really wish it was a bit longer. I know it's short because it's kind of like a Christmas special but I really hoped it was something to continue on.

Great treat either way.

---

### **Tj says**

David and Cameron were in the same chemistry program in university, secretly crushed on each other, and never openly admitted to being gay. David is shy and unassuming by nature. He never worked up the courage to ask Cam out. Cameron felt lonely and wanted friends. He hid this by appearing carefree and always ready with a smile and a joke.

Fast forward 15 years.... The class is getting together for a reunion. The attraction is still there as strong as ever but, this time the boys are all grown up and act on that attraction. We the reader then gets a sweet, romantic, sexy, warm read that ends like a good Christmas story should - happily ever after.

---

### **Pixie says**

2.5 rounded up:

Good for the holidays. A bit predictable but I didn't mind. Like someone else said I wish there had been no drama and that instead the focus had been all about finding each other and positivity.

---

### **Vfields Don't touch my happy! says**

I enjoy reading KC Wells books. But I have to say this one was a little perplexing and the fact that when it got to the last page I was worried I hadn't downloaded the whole book. I kind of wanted a little bit more. These characters needed more of a challenge. I thought this was one of those things that felt way too easy. Wells usually gives me more.

---

### **Debra says**

A sweet and steamy story about two men who each harbored a secret crush on the other at school, meeting up years later on their way to a school reunion. I enjoyed getting the points of view of both men as they meet again and rekindle the friendship while hoping for more and wondering if it could be more than just a fling. A quick read that left me smiling.

---

### **Susan says**

Low-angst, feel good, holiday story.

Cameron and David haven't seen each other in 15 years, but when they are going to a college reunion, they meet again. Immediately sparks fly, and both of them are now ready to admit they were always attracted to each other.

This was such a sweet story. I loved it.

---

### **Ele says**

**\*3.5 stars\***

---

### **Jennifer?Pher? says**

This was sweet.

Very cute HEA kinda Christmas read.

I could have done without the drama though, I guess it was a statement.

---

### **Serena Yates says**

In a perfect mix of sweet and hot, this reunion story set a week before Christmas tugged at my heartstrings. I'm a sucker for reunions anyway, and to see two men, who have secretly considered the other "the one who got away" get a second chance, got me interested in this cute novella from the moment I read the blurb. Watching them reconnect the moment they meet on the London-Manchester train was a joy, and watching them deepen that connection over their weekend in Manchester while enjoying the company of the remaining members of their close-knit group of friends was fun and enjoyable.

David looks forward to seeing his friends again. Fifteen years may have passed since they all did a chemistry course together, but they were the best of friends for three years while at university, and he misses them. Life and different jobs all over the country came between them, but he figures it will all be good. Meeting Cameron on the train and sharing the travel time with him, brings back a lot of memories for David. He wasn't out back then, and he believes outgoing Cameron is straight, but he soon learns the error of his ways.

Cameron is not at all as confident as he pretends to be in social situations. He had a huge crush on David, but never managed to ask him out. Now is his chance, but even with the benefit of being older, more experienced, and a lot less troubled over being openly gay, it is not easy for him to admit how much he still feels for David. Watching him struggle, and cheering him on, was definitely fun.

If you like reunions and second chances, if two men who used to be too shy suddenly finding their courage sounds interesting, and if you're looking for a fun, sweet read full of quirky characters and lots of loving, then you will probably like this short novella.

### **Sandi ♥'s way too many M/M books says**

Super sweet holiday goodness

---

### **~◊~Doxni(el) ♥ ?? love & semi-colons~◊~ says**

#### **4.25 stars**

Warm, sparkly, SEXY...this is a perfect little Christmas novella from K.C. Wells, who never disappoints.

I loved the reunited-friends-to-lovers trope. There was a tiny bit of angst, but the chemistry between the men was obvious immediately, and I believed in their HEA!

**Cameron and David felt so right together.** I loved the alternating POVs, which showed us David's insecurity and Cameron's tenderness.

Most Christmas stories skimp on the steam and lay on the sweetness. **This story has it all...hot sex, romance, and feels GALORE.**

If you're lucky enough to find the "one who got away," you keep him.

---

### **Becca Waldrop says**

so sweet to see the boys together after all that time. and not quite so shy this time  
they took a chance and it gave them their dream
