***"Dating The White Billionaire", An Interracial BWWM Romance By Lena Skye***

Camille is a young, ambitious African American woman who lands herself a new job as personal assistant to young Billionaire, Kyle Kane. Kyle is the sexiest white guy that Camille has ever seen and concentrating at work is not going to be easy with such a dreamboat around.

However, things get very interesting when Kyle suggests that her job as personal assistant is set to be much more "**PERSONAL**" then she first imagined but is she just yet another one of the Billionaires play things?

*Warning: This story does contain scenes of a sexual nature and is the type of book your mama will have warned you about.*

*This black woman & white man interracial romance is a 25,000 word novella.*

## **From Reader Review Dating the White Billionaire for online ebook**

### **Justine L2r says**

When I read books like these, I often wonder if these authors have done any research of the corporate world or worked in a company one day in their lives. The plot was stupid, but the characters were ok.

---

### **Mspraise50 says**

OMG I have now had an opportunity to read the FREE BOOK I am truly hooked. I have now brought the box set so I can finish the whole story. This is Camille and Kyle's story by Lene Skye my first book by her and what a story it is. The story had me from page 1. I found it engaging, gripping and romantic. It has a Dom/sub theme to it. If you got the free book you have to get the rest of the series because if you are like me you have to find out what happens to this couple and whether they can overcome the obstacles coming their way! I would highly recommend this book and series!

---

### **Annette says**

This is ok, very fast paced. I was actually shocked when it ended only to only be the ending for now...I am personally just not a fan of cliffhangers. This couple does have chemistry and I like that Camille is a go-getter but as far as a relationship, there isn't enough depth to make them being in love seem real.

---

### **Darla says**

This book was free on Barnes & Noble and it's the first I've read by the author (I think). It probably would have been better had it been longer and the ending didn't have to get rushed, that was my biggest issue really. The topic was ok; white guy wants to dominate black chick, and he'll pay her handsomely for the privilege, ok, I guess I can dig it. That whole domination, S&M, whips, and butt plugs thing isn't me, but some folks might be in the "don't knock it 'til you try it" category. Camille and Kyle, two totally different people from different backgrounds who actually find a connection neither expected. There was a scene when Kyle was first broaching the subject of Camille being at his "disposal" that had me rolling with laughter that referenced a certain former president(TJ) and the slave woman he allegedly loved(SH)! Kyle's reaction to what Camille said was priceless! The book is probably still free, so if for no other reason than that quick little laugh, get it.

### **Kim Donald says**

#### **Great read**

Kyle and Camille.....The things we do for love... Had to have the complete set couldn't put it down!!! Read it in one setting . .

---

**Juanita Ervin says**

I just finish reading Dating the white Billionaire and I really enjoy reading it. The storyline keep me interest through the whole book. The love science was great too and I am telling my friends about the book and I know like what I read and they will read this one too. The writer was good for the book and I will more of her books

---

**Deborah Wadlington says****Very sexy book, but too soft**

The book was good , but too short I guess that's to get you to buy the next 3 books

---

**Makita Wilcox says**

This was a good story, but for some reason Camille annoyed me. I'm pretty sure it was her "I don't know anything other than the drug game, how to flirt, and I have a lot of sex appeal, but I'm a great catch" attitude. Lol. Other than that, it was okay.

---

**LaKeisha Holland says****Good Book**

Good book it moved too fast it could've went into more details about Camille and her friends or friend! More details about Kyle and his life

---

**Lisa Marie Gonzalez says****Dating white billionaire**

Omg omg wow. Sinful! Camille was quite a character. Kyle has met his match. She takes no bullshit. I loved her sassiness. Kyle seriously needs to marry her. They are exquisitely perfect for each other. And yes Amanda was a bitch. She had her chance with him and she blew it. Marcus can go take a fast walk down a short pier. We don't need him. Kyle and Camille forever!

---

**ILoveToRead says**

## **SKIP IT-**

No. Just no. This book is uninteresting and offers nothing new in this genre.

---

## **Sonya says**

This was a really good book and I enjoyed it and stayed up last night to finish it. I actually got the entire book all episodes together in one book! It was very different from what I am used to with regards to romances. I liked the episodes and how you would go to different phases in the characters relationship. I also liked the sentence that gave you insight into the next chapter, but I will say the catch up from each episode was a little awkward in this book and could sometimes be a bit annoying-you are already flowing with the book and desperate to know what happens next and then you backtrack. It takes you awhile to get used to it and I think this was a bit bumpier because it was the first book, but by the Pretty Fly for a White Guy book the formula was working and I really got into it. I liked the spicy, adult romance in this book and the genuine affection and love-it just happened fast and felt a little rushed occasionally. I would have liked a little more insight into the hero's past but thought Camille was really well fleshed out and while full of flaws and sometimes messiness she is super funny and relatable. I really enjoyed Lena's style and the story she wove around me. Great new series and I look to see and read more.

## **Lebrondae Shei says**

### **Puke!**

I'm sorry but I hated reading this book, Camille too quick to open her legs, to quick with becoming a sub who has never had that kind of experience, to quick to fall for Kyle and they were to quick to fall in love.....WTF, none of this book made sense plus the storytelling was so rushed. I hate to read a story that was running to fast for the plot to unfold, I liked to be teased, in suspension, toyed, get my brain and emotion Involved in the characters lives and their thought process. No this book was definitely not for me, it was too cliche, no romance, no heat, no challenges, no build up, it was a terrible read. I would not be buying the sequel to this book, I have other books by this author in my shelf on kindle and reading this book has not tempted me to even search for those other books in fact it's going to take me a long time to try and read any of those books. This was awful to read. I'm sorry for this review as I love a book that has a bit more bite and can carry me along across the waves of emotional sea of currents. I could not wait to finish this book as I grimaced, groaned and rolled my eyes throughout the whole process of reading this book. I like the independent female who needs to be chased and conjured into submission and I like my alpha male's to be a real dominant cold hunter gather, taking no is NOT in his vocabulary, but plays game to win his target with pleasure.

---

## **Tilequa says**

it was pretty good and really funny at the end. i liked the way it ended with new drama for the next book.

---

### **Taz Will says**

I really wanted to like this book but the more I read it the more I disliked it. This was another recap type story that moved fast but nothing really came out of it. The sex scenes in it were bland and little to nothing was told about the relationship outside of it. Not enough to get me to read more, which says a lot because the book was free.
