When orc raiders attack her caravan and the guards lie dying, Gillian expects a similar fate. Instead, she discovers the beasts have other plans for her. Bound and blindfolded, she knows each step brings her closer to an uncertain future. But when she captures the attention of a powerful orc—a grayskin that looks at her with such raw, piercing need that she is held captive in his gaze—it occurs to her that he may be the key to surviving the barbarity of the horde. Her only hesitation is that she must consider what he will demand in return for his protection.

Enslaved is a novella. It is the first of three entries in The Orc Captive serial. Due to strong sexual content, it is recommended for mature readers only.

Marsinah Murakami says

A throbbing good read. I thoroughly enjoyed the romp through this book. It was titillating and fed some of my fantasies. The writing was vivid, sensual, and erotic. I liked how Gillian surmounted the obstacles to empower herself. I recommend this book to anyone who wants to throw off the shackles of societal repression and embrace their sexuality.

I liked this overall. It was well written and even though it was short, I liked the back story to it. I thought it was a little strange that they didn't really have full conversation until the end of the book, but then I saw there was a part two and can't wait to see how that goes! Simple, short story with a lot of detail. Well written and I would recommend it.

I loved this story. It was creative and very well written. This is my first time reading from either author and i must say their collaboration worked well. The story is not very long but it does keep you thrilled to see what happens next. I'm looking forward to the next book.

Hawt?

Seriously, Orcs have sex? Well in this story, yeah a lot. With humans? To have offspring? Yes again! Is there more to the story then pleasure anyway or anywhere...well it appears so (and a bit more depth then I certainly would have expected). Will have to let you know for certain once part two releases.

A very short story about a caravan set upon my orcs and goblins. All the men are killed, all the women taken. Then there's a big non-con orgy where the fantasy frame of mind has to kick in as the implication is that the women are kind of enjoying themselves. The h definitely is. I found her orc, Val, hard to get excited over. He really was an orc with a massive lower jaw and all, but, well, i tried to embrace the fantasy. I can see that this is a pretty hot read. I am just not sure about how down I am with orcs. I did like the fiery attitude of the h though. She was in control by the end.

Bella Swann says

This is definitely not your typical erotic fantasy story. There is a lot of backstory for erotica. However, overall, it is well-written. Gillian, the main character, seems to dwell a lot on her mother's abuse and the past in general which is a bit unusual for an erotic story. There's also a lot of graphic descriptions of violence in the battle scenes when the orcs attack. When the orcs capture the women and take them away, there are some interesting rough sex scenes and multiple-partners. By the end of the novella, Gillian and her orc Valthurg are sharing some very hot, erotic encounters. I'm definitely intrigued by the story as I don't know where the authors will take it from here which is why I think I will give it 5 stars. In many ways, this story reminds me of John Norman's Gor series which has the same type of dark fantasy ,mixed with sex that seems to run through this story as well. Overall, a story that is well-worth reading!

Surprisingly, a pretty fast-paced, sexy read. The writing was solid, the story definitely kept my interest and the sex scenes were smoldering. I don't typically like books that involve "creature sex." However, the creatures were close enough to being very strong, virile men so it worked for me. The hero in particular knows how to ravish a woman and found myself squirming during the aggressive sex episodes (in a good way). All in all, a decent read with some hot creature-like sex that just works.

Abrupt

It ended a bit abruptly. I wasn't quite able to get into the story and characters before it ended unceremoniously. I was also terribly uninterested in the middle which was all traveling with nothing really going on. It was incredibly well written, as short and boring the events were, if all 3 novellas were combined and reworked a small bit it could be a best selling one shot novel.

Naiya Murakami says

This book is chock full of wild passionate animalistic sex/lovemaking. I would encourage lighting a few candles, getting a nice glass of wine and maybe a fuzzy bathrobe and then digging into this story for a nice tension draining evening. The descriptive quality of the story really makes you feel as if you are there in Gillians place getting ravished and taken by a sexy masculine Orc. GREAT read.

Wow!

This was intensely short! So I'll be brief...

A one shot of pervy pleasure 'giggle'...Orcs destroy a caravan, capture girls and take them to their tribe for breeding. Simple to the point and obviously predictable as to what might happen.

Orgy, domination, rape and explicite sex! Very good introduction and a cool heroine. No whimpers all pleasure! Perfectly hentai and interspecie action! So if your into that, this will be a unique addition to your pervy world or fantasies. And if you're into monster erotica...Ring the alarm!!! Here it is! So... You have been warned!

I personally enjoyed 50% percent of it. Gave it a 3 star for acceptable cover, fast paced and mildly entertaining. It didn't blow my mind, but it was interesting enough to finish. Weird unfulfilling ending and too short for my taste. Still I had fun although I don't enjoy rape and orgy scenes. The author turns it into an appealing fantasy, because our heroine enjoys it... She does not take part of the orgy actively, but she is still aroused by it. Orc is her alfa possessive lover.

I bid you farewell and hope your next reads are fab!

Wowza

Darkly erotic, and kept me interested from the start. The only thing that could have been changed was it evolving into a novel instead of a part series.
