Frozen in Time

Koko Brown

Frozen in Time Koko Brown

Reese yearns for a life beyond the drudgery she's settled for. Loki, god of mischief, steps in to give her a hand. His solution? A Viking warlord, so laden with baggage he isn't good for anything, but battle and the bed. *Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, menage (m/f/m), sexual slavery.*

Pat Patterson says

Interesting, funny characters. Good heat and nice twists here and there. A pretty short fast read that's an enjoyable romp

Iris says

A lot of things happened too soon, in a way that made it unbelievable. I mean who just accepts from one moment to another that she's suddenly somewhere else? Let's a guy take her to his bed as his slave just because he's hot? And "loves" him dearly the next day? WHO does that?

This and other incredible events I had to endure. At times it also felt if I missed a couple of pages, cause I just could not comprehend how one scene lead to another. It was confusing as hell. Therefore I quit almost half way in. It was too much for me to handle.

Jessica Gomez says

Very hot and very memorable male lead. Man I whisk that I had that Viking gives me the shivers. As you can tell he left a very good impression on me. I also liked that he was very human in that he needed help. I love the menage scene. And I loved the plot. I gotta reread this again and again. It's that good.

J. Libby says

Ummmmm So, lots of sex. Handwaves to some of the more historical stuff. It's not a nitty-gritty historical story, but it was fun reading. The beginning was disjointed and the secondary characters needed more fleshing out. Basically, it had everything needed to be a longer, richer story. As a short, it needed more smoothing in the transitional areas. Overall the writing was solid. I really just wish there was more of it.

Caveat: This is like a 2.5 for me. I can't justify a 3, but 2 REALLY feels too low.

Hasien says

This was a fun read. I enjoyed the opening. While a group of 'geeks' playing 'dungeons & dragons' the heroine Reese decides to bad mouth Loki. So of course, god of mischief, decides to send her back in time to Norway to steal a jewel from Eirik the fair. The story was cute & quite comical.

Elise-Pinterest+Goodreads=The Perfect Book Boyfriend says

I was a little disappointed after reading all of the great reviews. Once again, the love came to quickly after the sex. It had great potential, however, it was quick for me. I would lend this book, however, not because I thought it was outstandingly wonderful. TTFN-Sandy

Shelita says

LOVE, LOVE, LOVE this book!!!! And I'm not just saying that cause I am currently obsessed with a certain 6 ft 4 Swedish Viking Vampire on True Blood. Great story and just AWESOME! I gotta re-read it soon too!

Roshawnda Simpson says

3rd time read is a charm

Third time reading this was definitely a charm for me I enjoy interracial romance an also time travel romance so putting the two together and voila you've just written a book I could love. I was wondering how she was going to make time travel for a black woman work out because history was not our friend, but in the end I truly enjoyed the story, and wish there were more interracial romance adventures stories like it. If only wishes came true.
