Gabrielle: Bride of Vermont Emily Claire , Gisela Daniel , Lisa Fenner (Editor)

Gabrielle: Bride of Vermont is fourteenth in the unprecedented 50-book American Mail-Order Brides series.

Heartbreak and tragedy forced Gabrielle Petersen to seek a husband, even though she wouldn't pretend to be capable of loving him. She'll even move to Texas, which is a long way from home.

Boone Dillingham may be a perfect match for Gabrielle since his heart belongs to a woman he'll never lay eyes on again.

This is an inspirational, sweet, western, historical romance.

Vera G says

Reality

This story seems to help me recognise the ways God helped us see what we are really thinking and what is actually happening. Once each Gabrielle and her man could see past their fear and anger they both saw things differently. Then they could love each other. I loved the story.

Susan Robinson says

Good story of forgiveness and redemption. I like the unusual twist of their marriage in the beginning. Kind of bothered me that the title says Bride of Vermont and should be bride of Texas since that's where she went to be married... Not a real biggie.

Robin Malek says

Old friends

Always a blessing to read about old and new friends. Excellent job with outstanding characters who have been well loved and yet have such devastating happenings in their lives. Wow, just wow.

Patricia says

Rating 2.5. This was a simple mail-order bride story that seemed almost novella length to me. My problem with the story was (a) I did not believe Gabriella's sudden change of heart once her mother died and (b) I never bought the premise of two people seeking a business relationship--not because these ideas are inherently unbelievable but because the story did not bring me to believe.

Nancy says

It was good, it was clean and it was sweet.

Teresa says

LOL

Loved this book. Several pages had me laughing out loud.
I have enjoyed all the American Mail Order Bride books (25) that I have read so far.

Cindy says

This series was my first experience with multiple authors working together to write a series on a large scale. I enjoyed every book in the series and found several new authors that I hadn't read before.

Jennifer Guffey says

Gabrielle: Bride of Vermont (American Mail-Order Bride #14)
By: Emily Claire
4/5 stars

After the textile mill fire and the lack of employment to be found Gabrielle contacted her mother, and when she learned that her step-father had left the home permanently, she decided to move back home with her mother in Vermont. However, things were not well and Gabrielle eventually had to become a mail-order bride.

Gabrielle had very strict stipulations in what she was looking for in a husband. She didn't want to have a physical closeness or consummation of the marriage. She was willing to cook, clean, do chores and help out on the ranch and offer companionship, but not a physical relationship.

Boone had lived a lonely life raising his son after the death of his first wife. After his son left home, he realized how lonely he was and believed that having a wife for companionship would be the way to go. He didn't need a physical relationship to fulfill his needs and preferred not to have one since he was still in love with his deceased wife.

I really did enjoy this story, though sometimes, it felt like they were hanging onto their beliefs for far too long and not openly communicating and actually moving forward in their relationship. I got tired of the back & forth. I really did like all of these characters.

Donna Rogers says

Good read...

It was a good book just not great , it was more of a Texas book other than Vermont. .

Dana Dobias says

Nice Continuation of the Series

This next installment in the American Mail Order Brides series is part of the original group as the heroine, Gabrielle, is roommates with Roberta the manager of the girls affected by the Brown Textile Factory fire. Although it starts in Vermont, it shifts to Texas. The storyline is interesting in that both main characters want a celibate marriage. It looks like the story leads to several other stories in this town in Texas. I look forward to reading those stories!

Also, this author has some very inspirational prayers and thoughts. It develops naturally through the story and makes the story beautiful and enjoyable.

Robyn Echols says

Another great American MOB romance

Each bringing emotional baggage into their relationship, Gabrielle and Boone first have a lot in common with their joint desire for a marriage in name only. They each grow closer to the other than they originally intended, but the past keeps interfering. An almost family tragedy and renewal of faith helps them decide their future in this sweet Christian romance.

Melissa says

Sweet Story

I truly enjoyed this book. Gabrielle accepted Boone's letter as a mail order bride because he was her last chance. She would be on the streets otherwise. He sent a letter because he was lonely and she fit all his specification. They both wanted a marriage in name only. This is a story of what happens when you give love a chance. I also loved that it was inspirational.

Sheryl Robert says

Gabby finds true love.

This was a great story. It fell together nicely. It started out as a sad story and progresses to where I loved the ending especially. God sure does work miracles.

Kathy says

I'm reading these in order and this one has been my least favorite. I found myself annoyed by the characters and their insistence on a platonic marriage. Plus, where was Vermont?

Donna says

Trust

A true marriage cannot work unless it has trust! Once both Gabrielle and Bone started truly conversing with each other then they started their true marriage. Love only works when both are being real with each other.
