Kiss and Tell

Fern Michaels

Kiss and Tell Fern Michaels Putting Justice In The Bank

Life comes in stages. Even the Sisterhood has been content to let their gold shields gather a little dust while they enjoy their friends and family. But when a string of anonymous emails arrives at Pinewood, suggesting shady dealings at a local assisted-living facility, Myra Rutledge and her best friend Annie de Silva are more than ready to out-hustle a master con-artist at his own game. They'll need to enlist some new and untested allies in order to pull off their brilliant plan, all while Myra faces a personal challenge that will rock the Sisterhood to the core. . .

Praise for Fern Michaels and Her Sisterhood Novels

"There's nothing quite like watching the Sisterhood take on corruption and injustice." --*RT Book Reviews on Home Free*

"Readers will enjoy seeing what happens when well-funded, very angry women take the law into their own hands." --*Booklist on Weekend Warriors*

Carla Johnson-Hicks says

Getting to be tired. Time for the sisterhood to hand in their gold shields.

Diane Davis says

Another great sisterhood story... I just love reading about what those "old" ladies get up to... They are really something...

Cindy says

This is another of sisterhood series. A lot of twists in the story, now wondering if we are nearing the end of the sister hood series or the be beginning of a younger and fresh blood group.

Lisa says

I obviously need to fall in love with these ladies, because the vast majority of the reviews on this book were good. It was the first I've ever heard of The Sisterhood, and the first of the series that I read. It totally totally totally did not work! In fact the book was so horrible that I didn't finish the last 30 pages. I just gave up. It was stupid, confusing, unbelievable, contrived.

All that said, I'm quite sure it's because I had no idea who anybody was or what anybody was talking about. It was the absolute worst series book I've ever read in that regard. The author makes a bad assumption in thinking that she doesn't need to explain things or give background information. If I didn't know the nature of series books, she would have lost a reader in me. But I will try the first one and open myself to the possibility of coming to love these ladies. Sounds like it has happened to a lot of people.

Joann Williams says

The Sisterhood series always leaves you anxious for the next one.

BJ says

I love this series! For me, it continues to be good. I'm anxious to see if the author continues in a different way with Jack's idea for the future.

Suzanne Smart says

Back to the wonderful Sisterhood Series -- the few before this were not up to her typical style, but this one is back to business!!!!

Joyce says

Another good sisterhood tale. This time the Vigilantes go against a corrupt and ruthless billionaire. Charles does not play a part in this story . A fast paced And enjoyable read.

Peggy Westhoff says

Stupid book

I guess I should have read the first 22 books. Didn't know the characters and thought the whole plot was contrived

Janet says

I enjoy Fern Michaels "Sisterhood Series".

Sandy says

Another fun and enjoyable sisterhood book by Fern Michaels. It's amazing that she has written so many books in this series and I'm not tiring of them. Some are better than others and none can compete with the very first one but this latest foray was good.

Patricia Solla says

This is a sisterhood book and nowhere is it noted of that fact. We get the older women taking revenge on a power broker who is running a Ponzi scheme. The story begins with a small introduction to the childhood of the broker. Knowing this the story continues with the request by two childhood friends of the broker to the vigilantes to save the people affected by this man. There are so many twists and turns leaving the reader with lots of questions as to what is going on and answers are available at the end but not much satisfaction for the reader. I felt is that all there is and is there another sisterhood book in the works.

Mahoghani 23 says

Fern Michaels' vigilante series is a collection of different scenarios that occur in everyday life but here in her books, repercussions are given to the culprit (s) in the worse possible way. These stories carry humor, seriousness and an end game. There is always a wise cracking statement or funny situations that will make you laugh. The stories have a real feel to them and can relate to others in real life. The plans put together are carried out with military precision. "

Helen says

I wish there was a minus side to this rating. I have never read a book that I disliked more than this one. Unfortunately, I think you had to be a Fern Michaels' fan to understand all the characters. Truly this was a ridiculous book.

Jeanne says

Blindsided (Sisterhood #22) was just a so-so read for me, but after having read all the previous stories in this series, I had to move forward. Very good decision--this story was a great read! Intriguing tale of a boy's humble beginnings in an orphanage to a well thought out ponzi scheme, the story keeps you guessing up until the end. And goes to show that your past can really come back to haunt you!! 8 out of 10 for me on this one.
