I'm rooting for you Nao-kun! Though, I know how these things typically work out for characters in Nao's spot. Still, go for it!

Un tome où Sei commence à être confronté à sa relation avec Nakamura et cette dernière réfléchit aussi à sa place auprès des jumeaux. Toute en finesse comme tome. Un régal.

naik gunung.....

andai ada study tour setiap kenaikan kelas naik gunung begini pasti menyenangkan. sebagai siswi dari kota budaya study tour kami saat itu adalah jogja sekilas. yang isi na adalah kraton dan prambahan. setidak na itu acara wajib buat mengakrabkan diri. asal bukan buat laporan setelah na :)

This series seems to get better with each volume! (Gyah! So cute!)

Ahhh... Tagami probably became that way because she was jealous of her sister. Tsk! But still it's wrong. Lol the lady thought Matsunaga and Shiharu-chan were a young couple and their kids were Akane and Aoi. XD

Woah! What Rio-chan did was pretty cool. The twins and Mana-chan warmed up at her after. :) Seems like she has a crush on Takeru. :P

This series is ridiculously charming and heartwarming, and I loved it more and more the further I read. My only gripe with this series is that I really wanted more with Shiharu and Seiji as a couple. However, I still love the series and thought the ending was pretty great. I definitely want to add this to my personal collection. I also cannot wait to start the LIFE SO HAPPY series!

I read this for the fluff, and possible parenting tips. Absolutely delivers, so four-five stars. (I'm not sure which of the tankobon I'd give more or less, because they are very quick reads and afterwards I have no idea what happened in which tankobon (though I do remember everything that happens), so.. I'll just rate all of them with 4 stars unless I absolutely know better.)
