Alisha Rai

Play With Me Alisha Rai

Playing for a night...or for keeps?

Jewelry designer Tatiana Belikov may have matured enough to curb her impulsive nature, but wickedness is still her best accessory. When family troubles bring her to Las Vegas and face-to-face with the man who knows all her darkest desires, resisting temptation is futile. A night of no-holds-barred sin? Jackpot.

Once Wyatt Caine had nothing to offer Tatiana except his heart, but time has changed his fortunes. Now he's the king of vice, and the king always gets what he wants. Especially when all he wants is her, all grown up and ready to play every dirty game he can devise.

They ignite like fireworks on the Strip, blazing hot enough to melt the best intentions. But their roll in the sheets turns into a roll of the dice, and when morning comes, Wyatt and Tatiana are left wondering whether to walk away...or go all in.

Game on.

From Reader Review Play With Me for online ebook

Rachel says

Pretty good read, might consider reading the rest in the series.

Tatiana heads to Vegas to meet with Wyatt in hopes of convincing him to drop the charges against her brother. Wyatt doesn't know that she's on her way there to try to convince him so she's hoping that she'll get the upper hand. Armed with proof of their previous relationship/love, she's hoping that he'll have gone 'soft' or not be as delish as he once was.

Wyatt knows that the kid he just busted for embezzling money from him is Tatiana's half brother. He also knows that she doesn't have any idea that he knows...or that he's taken an interest in finding anything out about her since they broke up 10 yrs ago.

Not your standard situation to put a rekindling on an old flame, and the flame between these two definitely sets off a ton of sparks.

Anya says

Feels like pretty much everything I am reading these days is either erotica, feminist stuff, manga or an amalgamation of the former two. I generally tend to skim most of the erotica because sex (the way it's written) bores me but holy fucking Beelzebub in a bra, this one got me all

Mandi Schreiner says

This scene summarizes the romance quite well in this book:

Before she could marshal her thoughts to answer, he slapped her nipple again.

She cried out, and he paused. "Hurt?"

"Yes."

Wyatt returned to working the nipples with his fingers, both soothing and inflaming the sting. "Too much?"

She narrowed her eyes at him. "Shut up and spank my tits, Caine."

Ha! I love this heroine. Tatiana and Wyatt were high school sweethearts. Well, sweetheart might be too tame a term. These two dated for years, and experimented with many sexual games. They found out they loved it

hard and dirty, role play and BDSM too. But their relationship turned rocky and ended and they haven't seen or spoken to each other for ten years. Tatiana was adopted as an infant, and has just recently met her biological half-brother. When she learns that her brother made a mistake in the past, and stole money from his employer, she decides to try to help him out. She is stunned to find out his employer is Wyatt, who now owns a casino in Las Vegas. She nervously flies out to meet with Wyatt and try to work out a deal. Of course as soon as they see each other, sparks fly, the old attraction builds again and she finds herself doing something naughty in his office. Which then filters over to his penthouse.

This novella is very sexy and dirty. It's basically just the one night of them having sex and relearning each other, although there will be at least one more novella featuring these two. This one surprised me because at the start, it has the basic set-up of big, rich, alpha hero who commands everyone to bow down to him. And the anxious heroine who doesn't know how if she will be accepted by him. But what I really liked about how this story unfolds is that the heroine has a quick wit and once she gets over the initial nervousness of seeing Wyatt again, she is ready to play and she has a ton of confidence. Like after she gives Wyatt a blow job:

"Not bad. Your technique has improved over the years."

Bitch, please.

Although this book is basically one day/night of just sex, it's very dirty sex. Wyatt and Tatiana like it rough and daring.

"There. No one will even know you took a bath in my come." He dropped his voice. "Though that might be fun, too. For people to see what a dirty little slut you are?"

That would be fun. She imagined what his employees, his guests, might think if they saw her all messed up, clearly heading up to his bed.

"You like that," It was a statement, not a question.

"Maybe."

He smirked. "Duly noted.

Man, I love a good smirk. I like that we get Wyatt's point of view in this book because while he is all bossy and alpha, he is a bit vulnerable and we get to see that while inside his head. He may be all in control in the bedroom, but internally he is being swept away just as Tatiana is. We get some backstory when they were teenagers exploring their sexuality, but I'm not sure we get a good enough explanation as to why they broke up or just how they were as young adults. We are told Wyatt had to work for money, wasn't a focused student etc. I kind of wanted to understand them better in their earlier years. It was hard to reconcile that Wyatt to adult Wyatt.

But maybe things will flesh out more in the second book. This one doesn't end with an I love you, but it does end with them wanting to date each other which I liked. I love a non-rushed I love you. Will definitely be picking up the second book. This novella is really fun and super sexy.

Rating: B

SaturNalia says

3.5 for me. Whole story takes place in two days, but I felt like I knew Tatiana and Wyatte. Tatiana's newly discovered brother, embezzled money from her ex-boyfriend, Wyatte, and she came to Las Vegas to fix the problem. Tatiana and Wyatte had a relationship 7 years ago, and they never got over each other so the chemistry was palpable from the get go. Deeper feelings develop as they have sex through the book. I wanted more communication between Tatiana and Wyatte, there was a lot of internal monologue and self doubt. This is book one so I expect more from the relationship later.

I read this book for the Unapologetic Romance Readers' New Years 2017 Reading Challenge. For more info about what this is, click [here](#).

I've heard a lot about Alisha Rai but I've never actually read any of her work before **PLAY WITH ME**. Whoo, now I'm starting to think I should correct that...because this book is hot!

Tatiana and Wyatt were teenage lovers. Then they had a bad split. Now, Tatiana is about to contact Wyatt again for the first time in years because, by striking coincidence, it turns out that her biological brother (with whom she recently met for the first time) has gotten in trouble for stealing from Wyatt's casino and he and his young family can't afford the consequences if Wyatt presses charges. Tatiana is hoping to plead her brother's case.

Typed out like that, it kind of sounds like the set-up to some bad porn. Which, technically, I guess it is. **PLAY WITH ME** is an erotic short, clocking in at just over 100 pages, and about 85% of those pages consist of sex scenes, or build-ups to sex scenes.

But **PLAY WITH ME** is a cut above most erotica I've read. The characters are well written, with real flaws and insecurities. Their emotions are conceivably realistic. The dirty talk is good. The scenarios are well written, consensual, erotic, and somewhat inventive. Both the hero and heroine get off, and have open communication with one another about what they want and what their expectations are.

I received a copy of this book in exchange for a fair and honest review!

3.5 to 4 stars

3.5 Stars

Sarah says

Tatiana and Wyatt were crazy about each other as teenagers, they were perfect for each other and loved to experiment together in the bedroom but they came from very different backgrounds and that eventually pulled them apart. Ten years later a chance encounter throws them back together, they've both changed a lot since they last saw each other but neither of them ever forgot their first love and the attraction they feel towards each other hasn't dulled. What is supposed to be a night of hot sex as a way to let go of the past quickly becomes so much more but will either of them be willing to risk their hearts again?

I love a reunited lovers story so it was no surprise that I really enjoyed **Play With Me**. Tatiana and Wyatt are off the charts hot together, although they haven't seen each other for a long time they know each others desires inside out and they jump straight back into things as if they were never apart. I love that they're both so confident in their sexuality and aren't ashamed by their needs, they're both happy to take what they want and they know how to bring each other to the height of desire.

This is the first instalment in a three part series so don't expect them to have found their happy ever after by the end of the book. They still have issues that they need to work through but knowing what we do about their history left me feeling confident they can find a way to resolve things. I'm looking forward to spending more time with them both as the series continues.

Rebekah Weatherspoon says

HOT! Rai writes the heroes I like. It is completely possible to write a dominant Alpha male who isn't a crazed psycho and Rai does just that. Gimme more!

Ariadna says

DNF at 15%. (Attempted to read Nov 2016)

I never warmed up to Wyatt and couldn't stop eyerolling at Tatiana's self-doubt. Even the fact that it's only 118 pages long wasn't enough to continue reading it. :|

First time reading this author (whose name has popped up plenty on bookish Twitter.) I'm not impressed with her prose. That said, I'm looking forward to reading Be My Fantasy at some point in the future.

Kelly says

Ooh, baby. Alisha Rai writes some sexy stuff, man. SEX-AY STUFF! Complete with cheesecake. And domination games. And former lovers reunited. WHAT'S NOT TO LIKE?

ahem Right. So, Tatiana and Wyatt have a history. A long, tangled history where they went their separate ways but never forgot one another. Tatiana's reappearance in Wyatt's life is ... complicated. She's there for a reason. He *might* have a secret or two that could jeopardize the potential for more of a relationship.

Oh, and they have sex. Lots of sex. Nicely naughty sex. The type of sex that requires Tatiana to say Sir and Please more often than not. It works for them, I must say.

I love the setup for the future and that Tatiana and Wyatt's story isn't over yet. *slow thumbs up*

-Kelly @ Reading the Paranormal

Play With Me was a free book I downloaded from Tomely on 08/12/13 for the Why Buy the Cow? reading challenge.

Ally says

Props for being all about pro-women

Initially, I was worried. Heroine was having plenty of self-doubt coming face to face with an old flame who was all alpha - but good alpha so slow your roll! But then she settles into herself and who she is and what she wants and it turns out, she's the one with some serious control. Alpha hero actually has feelings and self-doubt and desires. Hurrah!

Good, quick, super steamy read. If you want erotica, this is what it should be - there was a story for all this steaminess, thank God. Not just one jump in the sack after another. Alisha Rai serving up real.

Wendy Darling says

Well, that was fun.

Kara-karina says

3.5/5

I heard of Alisha Rai before, and this was free on kindle, which meant it was a safe way to try a new author for me. Straight away I noticed strong writing. A delicious backstory, complex characters, and hot intimate scenes. Absolutely will be reading more of her!
