Soul Susi Hawke

Long buried by time, with treasures unknown... Under deep ocean waters lies the mate to the stone.

Toby is an alpha bear—an awkward, clumsy, fumbling marshmallow of a guy who always has the best intentions. Everyone teases him and jokes about how the walls hate him and the floors hold grudges, but the teasing and occasional bruises or broken bones don't bother him, as long as he has his best friend Aaron at his side.

Patient, kind omega Aaron is from a legacy line whose gifts have died out. He doesn't mind being one of the few members of the pack with no real psychic gifts. He has a more important job anyway—keeping his buddy Toby from hurting himself or being the object of derision.

When they suddenly realize they're fated mates, the two are beyond thrilled to claim each other... until the claiming bite is put on hold due to an unforeseen snafu. They don't mind waiting because they don't need a mark to show the depth of feeling the lies between them.

With the respect that only a long-time friendship can bring, the couple works to prove that love will win... all while working to solve the final clue that will end the goddess' quest and mark a new beginning for their world. Oh, and they also need to take out an evil goddess, but that shouldn't be too hard, right?

This is the final book of the Legacy Warrior series. This is a shorter book of about 30k and guaranteed to have an HEA. 18+ readers only please! And yes, this book contains M/PREG, and adults adulating in naughty, knotty ways. It also contains way more than the occasional use of potty mouth language! Watch out for a vegan wolf shifter, a sensitive body part getting fractured, and an adorable alpha who will do anything to make his mate smile.

So good

I loved this entire series and the ones before . A great shifter series and each one has a HEA . Must read for shifter fans

Kattz says

Good Ending

I like the way this ended but hopefully we will be seeing these families again. I'm looking forward to reading about Tobias's adventure.

So good

This was such a great series. I felt the ending was perfect. I can't wait to see what Susi has in store for us next.

stacey henderson says

Phenomenal book and outstanding end to the series. Quite a few surprises.I highly recommend reading this book and the entire series.

Soul (Legacy Warrior Book 4)

This was excellent i have loved the whole series so far and can't wait for more and I hope it's soon

Monica says

Really enjoyed this story

Really enjoyed this story. Full of laughs and oh nos! LOL! But ended and wrapped up nicely. Aaron and Toby were perfect for each other

Love ?

Toby and Aaron have their turn in Soul, the fourth and final book to the Legacy Warrior Series by Audi Hawke. This story is hilarious, sweet, sexy and offers a touch of action. I love the world created in this and the related series. Although I am sad this part of the saga has concluded I am excited to see what is coming next in the follow-up series coming soon. Definitely recommend.

4.5 stars

I hate to see this series come to an end but Ms. Hawke has given us more to think about with this new twist. I love how the Legacies get to use their powers in choosing the Far to find their heartsong. I'm ready for the next series.

Family love

I love that you gave us some old couples and hint about the first couple not enough of them the journey was funny crazy amazing. The epilogue was brilliant but I kinda wish they got to keep some magic is wrong that I want him Tobias with Charlie. So very yummy looking forward to more I love the series.

Celine says

This book was great. I loved Toby and Aaron. They are so great with each other and I loved how they get to become a couple without the normal claiming. It was different and great.

I enjoyed the group interactions and how the story ends (for now).

Great book overall. Sweet love story. I can't wait for the next story

Karen says

Awesome series. Sorry to see it finish. Hope we see more in another spin off series.

Perfect beginning to a perfect ending!

Audi has been gifted with a way of writing that is a blessing to us all. 5 stars because of the humor, heart, and soul (could not resist that) I have followed from book 1 and the development and magic her stories create will be with you forever. I promise you will read these over and over. Mpreg is not for everyone, but love is love and what woman wouldn't want a man to give birth at least once?!
