## The Devil's Touch Vivien Sparx

Lucien Lance - a ruthless, relentless corporate raider. A man known for his single minded determination and his uncompromising thirst for money and power. A man so fearsome they had a name for him on Wall Street.

Lucifer.

When young Angelica meets Lucien at a business function she quickly discovers just how dangerous and sexy Lucien is, as he seduces her into an erotic world of dominance and submission using a mysterious pleasure technique called the 'Devil's Touch'.

But Lucien's hunger for wealth and control comes with a cost... and Angelica must decide how much she is willing to risk to earn the chance of love.

### JUST A TASTE:

The first brush of his tongue was broad and soft, setting a swathe of new nerves on edge. Then when she felt his mouth again, it was as a series of hardened rapid flickers around – but never quite on – the jutting stiffened nub at her center.

“Oh, God. I... I can’t take... I’m going to scream!” she hissed.

“Do it!” Lucien encouraged her. “Scream, Angelica. No one will hear you. Scream as loud as you can.” And she opened her mouth wide and the cry in her throat was a release of all her humiliation, her wanting, and her ecstatic rapture that sounded as a long exultant roar in the most absolute and shattering moment of Angelica’s entire life.

Her eyes fluttered open slowly, and there was a dreamy, almost intoxicated glaze to her expression. Lucien was kneeling on the bed holding a glass tumbler of water. Angelica blinked up at him.

“You fainted,” he said, and handed her the water.

“I... I fainted?”

Lucien nodded. “Just for a moment. It’s nothing to worry about. The Devil’s Touch does that to every woman.”

## From Reader Review The Devil's Touch for online ebook

### Marsha says

Its not what you think. Well, yes it is, but so much more. The Devil's Touch is a marvelous read. Written in the true spirit of romance, this book follows the paths of Lucien and Angelica through a series of events that forces them to face the emotions of their pasts in order to retain the love they both crave. Both are locked away in their own pain with the other holding the only key. True to Vivien Sparx characters, the eroticism is perfectly written and completely in tune with the story line. A must read for every woman. 5/5 for me.

### Steph Moles Krayeski says

"The Devil's Touch" is a steamy and surprisingly dark novella. This seductive story centers around these dynamic characters: Lucien 'Lucifer' Lance, the merciless and wealthy corporate raider; Angelica 'Angel' Benson, the scorned woman seeking revenge and a one-night stand; and John Darrow, corporate owner of Darrow Air.

This provocative and erotic tale features:

- \* Dominance and Submission
- \* The Sexual Artistry of the 'Devil's Touch'
- \* The Sensual Pairing of Lucifer and Angel
- \* Surprising Twist with Profound Consequence

I hope this short story gets a sequel!

I would have given a higher rating if the ending had more details or an epilogue.

My Rating: 3 to 3.5 Stars

First, I want to thank Vivien Sparx for letting me read her wonderful work.

This work of art, along with her other stories doesn't disappoint. I love that we are able to get into Angelica's and Lucien's head to know what is going on. What seemed a bit off was bringing a third character towards the end and getting us to see inside his head. I don't want to go into details, because I don't want to spoil the story for anyone. But, I think I would've liked it better if after what happened happened, we see the action between the two main characters and then somehow bring the third character in and learn how things happened from someone else. Am I making sense?

Anyway, I love the fact that in every story, Ms. Sparx brings in different aspects of the sub/dom relationship. In this one, we get to read about the "Devil's touch." I would've liked more details on it, like many other women, I assume. I might have to go back and see if I can catch the 20% Lucien says is somewhere in the story.

Another thing I love about the books is when she writes an "interview" with the characters. It's so fun to see them as if they were real people (they are in my head) and what they thought about certain situations that happened in the story.

I would've loved if this book had been longer, since some parts of the book seemed a bit rushed.

I really hope there is a "Devil's touch 2" because I want to know what happens between these two characters. Drama, action, emotions, anything you need in a book, you find it here!

Hot Hot Hot!! My first Vivien Sparx book. I can't wait to read more from this author. I read a lot, and I do mean a lot so for a book to really stick out in my mind it takes a special author. I loved this book. It was a great sexy read but not over the top. I loved the characters and thought it was a great easy read and can't wait to read more by Ms. Sparx.

### **Nevena Read says**

‘The Devil’s Touch’ by Vivien Sparx will take your breath away with a sensually charged and sublimely erotic tale of Angle meets Lucifer in the form of sinfully sexy and ruthlessly successful business man Lucien Lance.

What starts out for Angelica Benson as a plan to seek revenge on a philandering no good liar of a boyfriend quickly turns into an all-consuming journey of her previously unexplored sexuality.

Lucien Lance makes no excuses for himself or the way he chooses to live his life in both work and play. In work he has more than earned his moniker, being merciless with a no holds barred mentality in getting what he wants. In play submission is a prerequisite and something Angelica knows nothing about.

After one exquisite night with Lucifer the ultimatum of all or nothing is one she struggles with but can Angel walk away from “The Devil’s Touch”.

In true Vivien Sparx style this story possesses many a twist and turn however for any other diehard fans TDT will completely blow any preconceive notions of her writing style magnificently out of the water. I am as always in awe of this woman’s limitless talent.

Lucien is a driven power CEO with nothing but success on his mind. Angelica is a woman scorned in search of revenge sex. The opportunity arises at a work function where Angelica sets her sights on the powerful Lucien. He is dangerous, sexy and perfect for Angelica's desire to soothe her wounded pride after her heartless ex left her for another woman. What Angelica wasn't prepared for was the deal that Lucien had up his sleeve. What starts as an impromptu one night stand turns into a journey of self discovery, passion and

the realisation that once you have experienced the Devil's Touch, there is no going back!!! This is Vivien Sparx's best work yet, a full length novel that will stir every cell in your body. A book you won't regret reading...ever!!!...Vivian's best work yet!

*2.5 stars*

***“What a perfect pair we would make. ‘The Angel and Lucifer’.”***

The Devil's Touch, was a quick read about Angelica and the proposition she made the devil. Angelica had her heart and confidence broken and she is willing to do what it takes to get it back all it takes is one night with the a man looks like the type to set a woman's body on fire but he is not just any man ***“He's one of those bastards, darling – scorching hot in bed, but an iceberg out of it.”*** Lucien is rich and powerful

***“Do I scare you?”*** his voice sounded amused.

***“No,”*** Angelica looked gravely up into his face, hypnotized by the magnetism of his eyes.  
***“But I am nervous.”***

***“Really? Why?”***

***“Because...”*** Angelica began and then choked. She looked so pale she might faint, and when she finally spoke again her voice had dropped to a low breathless whisper, “... because somehow I want to convince you to spend the night with me.”

Lucien doesn't know what he would gain out of this arrangement, she is a simple girl and nothing at all like the women he usually takes to his bed, he has particular tastes but the more time they talk, something in her calls to him as a Master, she may not know it yet but he is willing to show her what she truly is.

***“Angel, when you lose control, it makes it easier for me to take control.”***

I couldn't really connect with this one, it was hard, after seeing my other friends review I was excited to read it, but Lucien was a bit cold for my taste, he was arrogant and knew that any woman would kill to be on his arm and Angelica was naive and childish in her actions. I also couldn't quite imagine how the Devil's Touch worked, I guess for me this would continue to be a myth.

Stunning. This is an alpha male I would submit to in a split second. Lucian Lance is a god with the touch of the devil. Can't wait to find someone with the skill to try this with, it sounds awesome.

Angelica, great name for someone to fall for Lucian. Had to literally drag myself away from reading this to get other things done. Lucian treats life the same way whether its business or pleasure, closed heart & ruthless. Angelica was just trying to forget, get over & maybe gain a little revenge on her boyfriend for cheating on her & then dumping her.

Could she have found a more stunning specimen of alpha male hotness, I think not. What started as a one nighter, then turned into a casual thing for a week, then suddenly Lucian wanted her there a his submissive, till they both dad their fill.

Everything is just fine until Angelica who obviously feels more for Lucian than she realises, really notices how he treats people in business. She confronts him with her fears, he lets something slip which she calls him on. That's it, the moment where she walks away, the arrangement is off. Or is it. Lucian always said he would never chase, she would willingly come to him.

But Angelica breaks through, he didn't know until she was gone & then he realised how much he wanted her. He got her to come back then when because of his cold business actions he nearly lost her for good. He finally saw the light so to speak. Dramatic near death experiences can do that even to the toughest alpha males.

Fantastic ending to this story. There are some awesome love scenes, some of the hottest sex scenes & some of the most erotic moments without the use of any props. This man has that much power in private & in public.

Oh Lucian, another sexy male to put on my mantel. Angelica is one lucky girl. Vivien you've done it again. This story was absolutely stunning. Loved the cover, those models on the version I got on amazon, were my muse for Lucian & Angelica, different to this version on Goodreads, Lucians eyes are mesmerising. fantastic.

Interesting to say the least. This is definitely one for the ladies. It is hot, steamy and full of exotic, erotic encounters, without being over the top and obscene. Very tasteful to say the least.

The story centers around Lucien Lance, a hard nosed cold-blooded business man, who will do anything and destroy anyone who stands in the way of his goals for advancing the wealth of Lance Corporation, and Angelica Benson, a woman who had recently been shunned by her boyfriend and is looking for an unforgettable one night stand. Or is she?

The only draw back for myself, was the sub-plot surrounding Mike Darrow and our intrepid lover, Lucien Lance. It came across as a side sub-plot and lacked a full development of suspense. I felt like it was thrown together to add some excitement to the story.

The author does throw in a few promotional plugs through the work. The best ones are found at the end,

when the author is interviewing the two lovers in an attempt to find out if there will be a sequel. Very entertaining.

Other than that, I believe this will be a big hit with woman.

Well done Vivien.

I read this book and maybe my expectations were too high for an erotic romance.. I did not like it. The story seemed somewhat familiar. And guess what? It is. It is Pretty Woman (the movie) with a few changes here and there. Would I recommend for a quick read. No. Sorry. That is my honest opinion.

Holy Crap! Miss Vivien Sparx does not disappoint! This story is incredible! The amount of detail was incredible. The characters both had intense back stories that were super developed by the author! The detailed settings of the environments made it very easy for me to imagine that I was there.

In my opinion, this is the perfect kind of D/s book for ME. Not for everyone, but someone like me that only likes the elements, but prefers a more romantic twist on the D/s roles. I was pleasantly surprised with this one. Going into it, I thought it would just be a quick, super steamy book. Oh, it isn't quick and it is definitely steamy, but it also had a fun plot. Rarely do novellas leave me with a satisfying closure. Boy, was this book ever satisfying. \*wink\*

There were certain parts in the book that made me stop and say wow that was a cool thing to put inside the story. A promo for yourself inside the book, that was interesting.

Check it out!

"Come back to my apartment," she said. "I've got some stories about Masters and their submissives on my kindle you can read. They're written by a woman named Vivien Sparx. After you've read 'Her Master's

Kiss' you'll know what to expect. Then you can make up your mind."

Also, I loved the power that Lucifer held over Angel. How quickly she submitted. I LOVE this part in the story.

("If I were you I'd accept Lance Corporation's offer right now because, as I've quickly come to learn, Lucifer Lance gets everything he wants." And before John Darrow could respond, Angelica reached boldly into her purse and handed Lucien her lace panties. "Everything he wants.")

#### **★★★★! Quick read with a handsome, hot, sexy and ruthless alpha male dom hero.**

At the age of eighteen, after the tragic failure and death of his father, Lucien Lance, "Lucifer" (30's~/mogul/\$\$/black hair/black eyes) took over the family business and with ruthlessness and vindictiveness he rebuilt the company. Lucien is callous in business and emotionally unattainable in his personal life. He is an all alpha male, living his life as a corporate raider and dom with business and "girlfriends" around the world. His motto: "I'll never be weak like my father, and I'll never be emotionally dependent on another person. I don't want to share my life – I want to control my world."

Then we have the heroine, Angelica, "Angel" (early 20's~/former bank employee/gold-blond hair/green eyes) who's everything Lucien's opposite. Though she had worked as part of the deal team for Lucien's latest acquisition she had never met him. On the eve of a bad break-up and let down, where her boss/boyfriend admits to cheating and berates her sexual performance, she finds herself attending her (now former) company's party in Lucien's honor in search of a real man for a night of sex.

I might have some issue as to Angelica's appeal or rather ability to catch Lucien's (attention) initially. She was dressed frumpily and she had been crying, she is homeless and jobless and her pick line was at best pathetic. But somehow he takes I guess "pity" on her and they spend the night together. And then even though it did nothing for Lucien he invites Angelica to spend the week with him – but as his submissive. The story goes from there...

I enjoyed this book - hot hero and sizzling sex. Well done Ms. Sparx! Please note this is a quick read, though there are hints it might be made into a series. I would welcome that because thought the ending was good/happy it wasn't quite a HEA.... Also, I would very much embrace a story of beautiful Lea meeting her talk, dark and handsome alpha male!!!!

I deducted the half point because of the timeline; even though I think a superhot alpha male might fall instantly, I feel it usually takes them much longer to actually "recognize" it.

*And oh! as for the term "The Devil's touch" ... Well, you are just going to have to read for yourself. Here is Ms. Sparx's explanation: "Throughout the course of this story I reveal a secret sexual technique to pleasure a woman called 'The Devil's Touch'. I leave it up to readers to decide how much of the technique I describe is just fictional.... and how much is fact."*

Miss Sparx I have a question for you. How is it that you know about "The Devil's Touch" hmmm???

For an author who has dedicated her time to writing mostly erotica, Vivien never repeats herself. She continuously amazes me with her creativity and imagination (although sometimes I think maybe it's not just her imagination with some of the things she comes up with!). The Devil's Touch will shock and amaze you with the intensely sexual situations that Sparx puts her characters in. She has created an addictive storyline that will have you glued to every word until the very end.

Insanely erotic and steamy, The Devil's Touch will capture your mind and have you curling your toes in anticipation of what's to come next. It may even spike your interest into trying something new.

Just like the rest of her stories, this one is not to be missed! If you like sexy, intense, erotic, dramatic, heated reads then this is perfect for you!
