## **chyrell keeling says**

**Great read.**

Great story. I wish it was the whole book not just a sample. I could keep reading without stopping it was so good.

---

## **Martha Pritts says**

**Life's mysteries**

Who was the stranger talking to her? Did he take the cell phone or did she leave it some where?

---

## **carrie sedlock says**

**Disappointing**

As someone who is getting ready for that same cruise destination I feel the book was not finished. Nor did it say sampler-misleading.

---

## **j. diane isek says**

**Free preview**

Cannot wait to read the rest of the book. When will we be able to pre-order your next book The Christmas Secret for our kindled?

---

**Lynne Hurley Norris says**

I love Amish fiction, and Wanda Brunstetter is one of the founders of this genre. Sadly, however, her latest offerings have been co-written with her daughter-in-law, and are sub-par. While Wanda's previous novels were no literary giants, these new ones are barely worthy of middle school readers. The story line was a little contrived, and most of the story is written through lame dialogue.

Themes reflected in the Discussion questions at end of the book are pretty basic, not very thought-provoking. But, again, they may be thought-worthy for middle-schoolers.

**Cheyenne Moyer says****Awsome lovevher books**

I just found its so inspirational like all her books.  
I think you will like it so please try it

---

**Audrey Knight says****Not very good**

Thought this would be a better book. Our didn't say anything about a quilt in this book. It didn't say anything about what happened to them when the cruise ship left them.

---

**Tina says**

Loved this story. Highly recommend to those who enjoy a light-hearted Amish romance.

---

**Joyce Keller says****Excellent read**

Enjoy the change of pace for Amish books. Nice to know they venture out of their communities for learning about the world

---

**Marie Buccellato says**

Excellent story!!!! Trust in God & things will work out
