## **The Mayhem Children (A Project Specter Mystery Book 1) Paul Seiple Secrets Never Stay Silent**

In the early seventies, six children disappeared from North Carolina. Psychopath, Elvin Hayes was convicted and executed for the presumed murders. He went to his grave with the secrets of what happened to the children dubbed The Silent Six.

Thirty years later, the six are no longer silent. A curse has been summoned. The children have come home to play a demonic game called The Mayhem. Detective Kim Strode must find out who conjured The Mayhem before it destroys everyone connected to the case.

There's one major problem. Kim is connected. Her father sent Elvin Hayes to the electric chair.

THE MAYHEM CHILDREN, a terrifying tale of witchcraft, demons, and revenge, is an ode to classic eighties horror.

#### **It's a good read!**

Iain Rob Wright recommended this author and book in his latest email. I've never been disappointed in his suggestions so I gave it a go. Was pleasantly surprised and will definitely keep reading these books to find out how Kim's story will end! Great job Paul!! You have a new fan! Thank you!

### **David Toth says**

#### **Better than I thought**

I normally don't go into demon books, this one held my interest. Good characters developed. I would have given four stars, but I'm not into demon books.

### **DAVID ALSPECTOR says**

#### **Simply fantastic**

Loved this book. The great throwback feel of classic horror flick made this doubly enjoyable to read. With twists in all the right places and good characters, the creepy factor was just icing on the cake

**Liz says****Good read**

I enjoyed this book very much at first glance I thought it was your run of the mill murder mystery but then it quickly descended into a fantastic supernatural story with a twist at the end I was not expecting,definitely recommend

---

**Samantha Smith says****Very good!**

I first read Paul Seiple when he wrote books using characters of the great J A Konrath. A talented writer, for sure. A few times I felt as if I was in a King or Koontz book! Definitely will refer Paul Seiple

**sharon ullman says****Was good .....**

Enjoyed the book a lot. Was a fast read finish time about three hours. Great characters,looking for the next installment.

---

**Fatimah Gunn says****GREAT READ**

This book is GREAT!!!! An awesome blend of the supernatural, mystery, crime and horror. The cast of characters were so full of personality and I can't wait for the next book in the series. It was entertaining and fascinating reading how skeptics became true believers. Well done!!!!

Great content. Loved the visuals and the description of each character's experience. Very quick-paced story.

Getting a Scooby-Doo-ish vibe, looking back. Lots of spooky a little humor and just overall very entertaining.

Too bad there were too many typos. It kind of took away from the experience. But surprisingly, it wasn't enough for me to give this a 3-star rating. So, well-done! I had fun with this one.

#### **Read with the lights on!**

This book had me from the first few pages. It was hard to put down. Im a huge fan of supernatural and mystery books and this didn't disappoint. It has witchcraft, demons, ghosts, serial killer and a who done it rolled into one. What was really sinister is when the demons took the form of the murdered children and terrorized! The story also had a pretty good twist I didn't see coming.
