Adrienne says

In volume four we get Yuuri finally figuring out his feelings for Saku, the story of how they met, the gashuku, and more of the slowly developing friendship of Chihiro and Saku. One of the things i love about this series is that it's such a true depiction of those first innocent moments of a crush, just wanting to be with that person, wanting to know more about them, wanting to see them smile.

Saku and Yuuri's backstory touches on another of Takaya's themes: some times people are cruel without even realizing it, but if you realize it, you can change. No one is ever perfect.

This book finally hints at what may have happened in Chichiro's past, and it looks like we'll find out more in Volume 5 - which doesn't come out until May!

Let the love triangle begin. :P and who is that new guy???

Mladoria says

Un tome 4 centré sur le personnage de Yuuri. Y'aurait il de la jalousie dans l'air ? L'action se passe durant le stage d'été.

Encore une fois, l'auteur nous dévoile petit à petit certains secrets des personnages par petites touches. Les scènes de nuit sont très touchantes et empruntes de poésie. On sent une nouvelle complicité en train de se lier et une douceur qui dessine des liens de plus en plus forts entre les 4 protagonistes principaux. Un joli tome qui rajoute un peu de complexité à l'intrigue principale.

Beh, è lentissimo e non succede praticamente nulla.

Questo volume mi è piaciuto un po' di più dei precedenti perché si parla della storia di Yuri e di come è

diventato amico di Sakuya. Quasi quasi è più simpatico lui di Chihiro. No, *scratch that* è più simpatico di Chihiro, senza quasi quasi.

Va beh, continuiamo a leggere con la tutta la calma.
