A Little White Lie Aliyah Burke

What happens when you tell a little white lie? Will it blossom into something bigger or will the result ruin any chance they have at true love?

Tahnee Madison was not living a perfect life. While she has a good life, it is far from perfect. She was not skinny, had just turned thirty, even lost her fiancé to her own sister. Nope, life was far from perfect.

Sitting on the bus, Jake Hutton just about fell over. A woman passed that made his mouth go dry while his hands begin to sweat. She was a delicious package dipped in cocoa, covered by clothing that made him itch to get beneath it.

Luck was on his side as he found his way into his mysterious woman's coffee shop. He overheard her describing her upcoming weekend to a co-worker. The second she asked her friend for a handsome man, to borrow for the weekend, Jake knew what he had to do.

Deciding to take a risk on a little white lie, he showed up that very evening to stake his claim on Tahnee. She agrees to go along with the charade this handsome Caucasian offers. What neither of them knows is that during this lie they are each falling in love with one another.

Is it possible to find happily ever after when it is based on a lie? Even when it is just A Little White Lie...

Sofia Machado says

First thing, I really enjoyed this book.
Other thing is that, who falls in love in less than 1 week?
Well i have to say it's fate.(sigh)

Savannah- Quad Motherin' Book Readin' Diva says

Every once in a while, I will give an author another look after having avoided their work for looooong periods (years even). More often than not, I have found that my initial choice was a solid one. It would appear that Burke is still a no go for me.

In less than a full 2 chapters we have oth the heroine AND her sister getting "wet" or "damp" with no more than a glance at the hero. First chapter alone, this broad was insta-moist within a heartbeat of laying eyes on the dude THREE TIMES. Same for for sister. Just....why? I realize we are being lead to understand what a skank the sister is (afterall, she did the classic skank move of sleeping with the heroine's man) but having both these chicks walking around in need of some Stayfree products does nothing but put them both on the same level for me; lead by their genitalia.

The really sad thing is that I am not exaggerating one bit. The wet thing literally dominants all other descriptions the first 1 1/2 chapters. Its utterly ridiculous.

We get it. He's hot. Smoking, nuclear, Channing Tatum to the fifth power hot. Now give this woman a personality and tell me a STORY. Damn. The entire book is just a scene after scene of shameless pandering. A continual deluge of what-would-make-a-woman-swoon-if-it-happened-right-now? That type of writing can only work in a storyline where the hero is literally a wish fulfillment genie conjured from a bottle or brought forth in time specifically cognizant of his mistresses every whim in any given situation. In an ordinary boy meets girl contemporary book it comes off cheesey and condescending to the reader.

Oh and the dialog is awful. People don't talk like this. "I want to be deep within you." Really, y'all?

Chantavis says

This book is definitely one of my favorites. I loved the way that Jake knew what he wanted and wasn't afraid to go after it.

Book Description:

What happens when you tell a little white lie? Will it blossom into something bigger or will the result ruin

any chance they have at true love? Tahnee Madison was not living a perfect life. While she has a good life, it is far from perfect. She was not skinny, had just turned thirty, even lost her fiance to her own sister. Nope, life was far from perfect. Sitting on the bus, Jake Hutton just about fell over. A woman passed that made his mouth go dry while his hands begin to sweat. She was a delicious package dipped in cocoa, covered by clothing that made him itch to get beneath it. Luck was on his side as he found his way into his mysterious woman's coffee shop. He overheard her describing her upcoming weekend to a co-worker. The second she asked her friend for a handsome man, to borrow for the weekend, Jake knew what he had to do.

Deciding to take a risk on a little white lie, he showed up that very evening to stake his claim on Tahnee. She agrees to go along with the charade this handsome Caucasian offers. What neither of them knows is that during this lie they are each falling in love with one another.

Is it possible to find happily ever after when it is based on a lie? Even when it is just A Little White Lie.

My Thoughts:

Ok, the story line was cheesy and we know that things like this just don't happen in the "real world" but I have to say that I enjoyed this story. Tahnee and Jake were likable characters and after the undeserved torment she suffered at the hands of her "beautiful" sister, it was nice to see a HEA for her.

It was a quick and sexy read. It only took me about 40 minutes to finish but it was an enjoyable few minutes.

Renea says

This was a short and very enjoyable novella. I just loved the names that the author gives to the two sisters who are as different from each other as night and day. Meet Tahnee and Topaz, two sisters of African American descent. Tahnee, the younger sister and the darker complexioned, is dealing with treachery of the worse kind..betrayal from her sister and her ex-fiance who are now together. Her older brother is getting married and she has no choice but to see them together.

A chance meeting with a gorgeous man sets the stage for the title of this book. When attraction hits you upside your head, you can act a little outside of your norm. The heat factor between Jake and Tahnee should melt some pages. In the end fate is alive and well. Makes one wish for their own little white lie.
