Amnesty

Cambria Hebert

Amnesty Cambria Hebert

Mon passé est à double tranchant.

Que mes souvenirs remontent à la surface ou qu'ils restent oubliés, je suis perdante.

Me rappeler de nouvelles atrocités risque de me changer à jamais.

De nous changer.

Mais d'un autre côté, ma vie n'est peut-être qu'un mensonge... La personne que je crois être, qu'une illusion.

Et si je ne suis pas elle, alors... Qui suis-je ?

Eddie prétend que cela lui importe peu, mais en mon for intérieur, je suis terrifiée que ce soit faux.

Je suis prise au piège. Entre un passé dont je ne me souviens pas et un futur qui ne m'appartient probablement pas.

La lumière brille pourtant, pas au bout du tunnel... mais elle est là, chancelante, lointaine, m'appelant depuis le large de Rumor Island. Cette lumière, elle m'effraie bien plus que l'obscurité. Suis-je assez courageuse pour m'y confronter ?

Tant de questions, si peu de réponses.

Je n'ai pas le choix ; la vérité finit toujours par refaire surface.

Découvrir ma réelle identité va sceller mon destin à jamais : châtiment effroyable ou amnésie totale.

Liber_Lady says

*** ARC GENEROUSLY PROVIDED BY THE AUTHOR FOR AN HONEST REVIEW ***

OH MY FUCKITY FUCK...!!!!

What a RIDE.. REVIEW TO COME SOON.. CAN'T FORM WORDS.. BUT I NEED TO SAY THREE WORDS FOR NOW -

FUCKING READ IT...

So the Story begins right after the first Book "Amnesia" ends, which by the way was super awesome. You'd think after the end of the first book, you might start getting to know who Amnesia is and what she went through.

But DAMN.. THIS BOOK.. It had so many more mysteries, more past stories and more revelations.. This book was a lot faster than the first one..and the author covers so much more story. I do not want to reveal anything and it is so difficult to tip toe around the plot..

Amnesia - I have loved this girl. She is such a strong character since the beginning. I love it when the female MC is tough from the start. She has suffered a lot and she still has the strength in her that Eddie falls for. Even though she doesn't remember anything from the past, she values her present life far much. Each day is valuable to her. She is not a Damsel in Distress and I Absolutely love that..

Eddie - Oh Eddie.. He was one of the sweetest male character written by Cambria Hebert. There is not a single character by this author that I haven't fallen in love with, but Eddie was one of the most interesting character I have read by this author. He is sweet, but he has this anger boiling within him (not in a bad way). He has this welcoming personality for others, but when you are in his mind, you realize how much of it is true.. He is such a complex and important character in this book, and I loved how both the characters had equally important roles.

Plot- This Duet was one of the best Romantic Suspense that I have read this year...It is packed with super solid punches that come out of nowhere. It was gut-wrenching, emotional, full of suspense, so hott , and oh so sweet.

One of the Best Duet I have read this year..If you haven't read the first book, Pick it up and you will jump to this beauty...!!!

ABSOLUTELY LOVED IT..!!!!

Carol says

5 stars.

Second book pulls out all the stops. Amazing story and so well told . Intense at times and when the author

throws in the twist about 40% into this book it really threw me for a loop. Powerful scenes . Amnesia and Eddie were amazing characters. I was hooked. It is hard for me to read stories about severe mental and physical abuse but this one was handled so sensitively. It all felt very real but there was always hope for a brighter future.

Laughter and tears .? ?.

Sophie **2 Greek Girls Reading says**

Amnesty is an amazing continuation to Amnesia! I was literally mindblown by the twists that kept coming my way! I loved the writing, the story, the characters. I truly fell in love with this book and I hope someday I'll get to buy the paperbacks as well, because those covers are breathtaking! In this case you can totally judge the book by its cover, because it's as ethereal as the outside! Definitely recommend this duology to all my friends!

Anahita says

wow I really enjoy reading this books.

The beginning was really good and after that when I thought the story was going to be slow and the mystery of is she Sadie or not, was tempting me to have short peek at the end of the book but every thing get interesting all of a sudden and I couldn't put the book down. (And of course I didn't need to peek :D)

And in the end I was expecting a bit more of answers about Amnesia past and felt like I needed more but I should get over it with all I get.

Mandy says

[answers! too many questions are left unanswered! I want to know who? why? and what is going to happen to a few other characters and all those questions were left unanswered. My only hope is that this author considers writing another book to this series to give us a little closure (hide spo

Andrea says

If I could give it more than 5 stars, I would!!!

BEST BOOK I'VE READ THIS YEAR SO FAR!!!

SPOILER FREE- PLEASE CONTINUE READING ME!

After reading and loving Amnesia, I was so fortunate and excited to have won an ARC! I was very ready to find out what happens next in this alluring story....

I was not disappointed, far from it! This story took me on a rollercoaster, I was glued to my kindle!!

Amnesty had many MIND BLOWNING MOMENTS!!! I couldn't believe what I was reading as Amnesia really made me think one way and now my brain was like what!!!!

I didn't think I could love Eddie more, I was proved wrong! He is an incredible man, he has suffered too, all characters have in different ways, his love for Amnesia was incredible to read, his devotion, his protectiveness, his love for her made me fall deeper in love. Amnesia too, I admired her so much in the first book it grew in Amnesty. She goes through more emotionally, physically moments, she persevered. She is a survivor she has gone through so much affliction and is still such a likeable woman.

This epilogue was my favourite epilogue of this year! This book stays with you long after you finish the last word!

I couldn't recommend this duo series enough! I will be re-reading it and discovering more Cambria Hebert books for sure!

MissDemeanor says

It's so hard to review this without giving out any spoilers so all I can do is encourage you to go read this duet NOW! It's awesome. Ms. Hebert definitely stepped it up big time! I already loved Book 1 (Amnesia) but this one is on a whole new level. It was amazing and one of my favorite reads of the year.

Amnesty picks up after the events of Amnesia with Am reeling over what Widow West told her. It doesn't even matter if what she said is true or not - the fact of the matter is, seeds of doubts were already planted in Am's mind. Is she really Sadie or not? If she's not Sadie, then who is she? The most devastating thing for her though is her fear that Eddie only loves her because he thought she was Sadie and if she ends up not being her, then his feelings will also wane. Despite her fears, she knows though that she won't have peace until she figures out her past once and for all. Even though Eddie hated the idea, she and Eddie went to Rumor Island to learn more about her past. What they found is a twist that I never thought of. It's a total game changer. I had an inkling on where this story will go at the beginning and I'm happy to report that I did not consider this twist at all. It's great and takes the story to a whole new level. It's something that raises a lot of questions and opened a lot of possibilities for where the story can go. I absolutely loved where the story went although I can't help but wonder what if the more unconventional path was taken. Like, what if (view spoiler) or what if (view spoiler) Either way, the story was as satisfying as it can be and it was a good balance of romance and mystery. Whereas I felt that Amnesia was a bit slow paced, the pacing of this one was great. The heat factor was definitely turned up on this one as well. Being a fan of mystery thrillers as well, I would've like to have learned more about Am's time at the island as well as some more answers/closure on certain things like how (view spoiler)

My heart broke over and over for Am from those times when she starts to remember the horrors that she went through down to the times when she feared that she will forever lose Eddie over what they discovered. She might be vulnerable but she's still a fighter and I like that about her. Eddie is EVERYTHING and one of the best book boyfriends ever. He is so steadfast and unyielding with his love for Am. Despite all the confusion and the guilt, he knows what he feels and he will do everything to make sure that Am knows how he feel about her. I love how there were no (view spoiler). I just love him.

So, overall, I definitely recommend this duet especially if you're in the mood for a romance/mystery amnesia thriller with a likable heroine and an amazing I-want-someone-like-him hero.

Amy says

She's done it again!!!! What an absolutely thrill of a ride!! It's such a captivating story that I was glued to my kindle screen! I was on the edge of my seat holding my breath waiting to see what was coming next and I can tell you I never ever expected the story to take the direction it did.. I was MIND BLOWN!!!

I went from thinking "OMG.. did that just really happen" to feeling like WHOA that was EPIC and then feeling like your being torn and your heart is being ripped from your chest and you're in tears .. because by this point you've begun to connect to the characters and reading what happened to them .. it breaks your heart!

The writing is amazing you don't even feel like you're reading a book but actually living it because the connection the author creates is powerful... captivating.. you stay hooked until the very end!

The chemistry between the characters is very beautiful and it's strong! Amnesia and Eddy are amazing together.. you really can't ask for a better couple! I love their bond his need to protect her and bravery and strength!

Most of all I LOVE the concept of the story it's so unique, the mystery that surrounds around it and it has something everyone can read and enjoy.. it'll have you coming back for more!!!!

4.5-5 stars

I was so anxious and nervous to see what will happen in Amnesty and I wanted answers.This book took me by surprise since so many things happening that I wasn't expecting them!

Eddie and Amnesia's story is unique,intense and full of surprises.They are super cute,sweet and they love each other hard.They are perfect for each other.

The writing was amazing and the concept brilliant.If you are looking for an unforgettable and unique story ,you should definitely read it!

Alex ? says

“I don’t see them when I look at you, Amnesia. Obviously, I know they’re there. My fingers have felt them, and so have my lips. But they aren’t you. I don’t see these scars

when you're naked before me. All I see is the woman I love, and to me, you're perfect."

I love good mystery and suspense and this book delivered both.
Brilliantly written! I read it in one sitting.

♥Amazing hero♥

I loved how he loved her. So many deep beautiful moments, many touching lines.
Even after the twist at 37% I never doubted him. Not once!

"There is one thing you will always be able to count on. One thing that will never change," he told me.

I tilted my head to the side. "That the sun will always rise?"

He shook his head. "More surer than that."

"More surer?" I echoed.

"The surest."

My fingers played in the wet curls at the base of his neck. The blue of his eyes was so bright everything else looked black and white.

"How much I love you," he whispered, resting his forehead against mine. "That will never change. Ever."

Amnesia is one of my favorite heroines.

The girl was a **fighter** and I respect people, who don't give up.

She was wound, but not broken. I honestly adored her. She wasn't *my* typical strong heroine; she was vulnerable, her past nearly broke her, but she was a **warrior**. Even her doubts and some not very clever decisions didn't ruin her character for me. They made her only human.

One of the female characters I not only loved, but also *lived* while reading the book.

The twist at 37%... I didn't see it coming. I had my assumptions, but it took me by surprise.

I didn't like it, but it fitted into the story.

I won't reveal anything, I only say there was OW drama. I wouldn't call it love-triangle, but I guess some of the readers may dislike it.

You can PM me, if you want to know more. But I would suggest to go blind into the story and give it a try.

As I said, I never doubted his love for the heroine. Not once.

Unfortunately I didn't get all my answers. But in this case it was ok.

The conclusion was still satisfying.

I may start to complain about some not very clever MC's actions: why did they go to the island alone? Why didn't they involve the police more? I would also prefer more background on the villain(s), his/their ending was abrupt.

And I wished for a HEA for a side character/one of the drama catalysts, my heart broke for this person. This side of the story was a bit unfair.

Beautiful epilogue, but (please forgive me) a bit cheesy. (view spoiler)

Safety (view spoiler)

“I love you. I love you so much I wonder how I breathed before I fished you out of this lake. So much you occupy about eighty percent of my thoughts and all of my dreams. I don’t give a flying fuck if you’re Sadie. I don’t care if you’re the queen of fucking England. It doesn’t matter where you came from or what your name used to be. Please understand that, Amnesia.” I leaned my forehead against hers, felt her indrawn breath. “Understand that you’re mine.”

Jennifer Kyle says

4 STARS

Cambria Hebert ties up loose ends in this suspenseful duet. I once again hung on this author’s every word. She did a terrific job slowly unraveling this conclusion. Amnesia is very close to finding out for sure if she is Sadie, Eddie’s childhood friend and first love. These two set sail to Rumor Island and I was shocked at what they found!

Eddie is a fab hero and is face with some incredibly hard choices in this book.

I was expecting a bit more of a background in regards to Amnesia and felt like I needed more answers. Still, the story takes a few unexpected turns, and will definitely keep a reader on their toes.

“There’s freedom in remembering.”

The Talented Miss Ripley says

Finally a Novel Worthy Ending

I think that everyone knows by now that I love covers. They quickly grab my attention to a book. Amnesia starts where we left Amnesia ended with a question I feel we all wanted to know is Amnesia really Sadie! Let's just say finding the answer involves, guns, paint balling, becoming a private eye and a lot of sex. Lol!

I recommend this duet to anyone a good book.

KAT ? Kitty Kats Crazy About Books ? says

This review is going to be a no frills, spoiler free review, just go into this series blind, enjoy it as it should be read, love it as many others before me have.

There's freedom in remembering.

AMNESTY: Is the second book in the (Amnesia Duet) by Cambria Hebert, Amnesia needs to be read before jumping onto this book to fully understand.

This picks up right where Amnesia left off so after reading and loving the first book I put on my stalkers cloak and as soon as this went live I one clicked this baby. The suspense, the waiting, the longing nearly killed me!! And finally that day arrived when I had my own copy in my hands and I was in my happy place inhaling this baby like a drug addict. I could NOT put it down!!

Amnesia still longs for the day that her true identity is revealed to her, fleeting jumbled, distorted pictures flitter through her mind which only not just confuse her more but us readers also but it also keeps us on our toes waiting for the ball to drop.

After glimpsing at a few reviews and noticing a few screamed the plot twist I was prepared but not as prepared for it as I thought I was, a total game changer, if you thought you knew what was going to happen think again, chapter fourteen is a complete game changer.

All those unanswered questions are finally answered, we find out who she really is, it's finally revealed who kidnapped her, but then delving deeper there's still some questions that are left unanswered, like how was she kidnapped? Is there not anyone looking for her? Where did she come from? But like Amnesia we're also left in the dark wondering.

I loved this, probably even more than the first, I loved the suspense, the chaos amongst the love, the game changer that had me biting my nails, the sadness that this series has ended and we have to say goodbye to these characters, such a bittersweet feeling. I'm so glad I took that plunge and tried something different, this isn't normally a genre I tend to jump on but I got hooked, the uniqueness of the storyline reeled me in, the dark gritty undertone, the romance that blossomed from out of the darkness. Will definitely be seeking out this author again.

Hanne says

Amnesty is an amazing book! It was everything I hoped it would be and more. I loved every single second I spend reading this book. The cover is so gorgeous and mesmerizing, just like the cover of Amnesia. It was impossible to put this book down. I was already on the edge of my seat with the first chapter. This book has many twists and turns that kept me turning the pages.

The Amnesia Duet is, without a doubt, one of my favorite duets ever. I know I'll reread it and fall in love again with the story and with Eddie and Amnesia. Eddie and Amnesia are truly incredible characters. Amnesia is such a strong, brave, nice, loving and sweet woman. The few memories she has are terrible, but she doesn't let them define her life. She wants Eddie and she wants to be with him forever. Eddie is a sweetheart. He's friendly, caring, protective, genuine and loving. There isn't a thing he won't do for Amnesia. Amnesia is his everything.

I adored them as a couple. They are a strong, solid, perfect and beautiful couple. They love each other so much. They support each other. They know each other through and through. Nothing can tear them apart.

I loved the setting! It's a small town where everybody knows everybody and it has a mysterious lake that brought Amnesia to Eddie. Everybody was nice to Amnesia from the start. The duet has amazing secondary characters. I wouldn't mind it if there would be more books that take place in this small town. I know whose book I want next.

I did want a little more information about certain things at the end, but that doesn't keep me from giving Amnesty 5 stars. There was so much that I loved. I highly recommend this duet.

Olga therebelreader says

After that cliffhanger in the first book I couldn't wait to start *Amnesty*. Unfortunately, I didn't love this book as much as I did the first one. I enjoyed the mystery and the sizzling chemistry between Eddie and Amnesia. I loved their intimacy. The psychological drama was less interesting than in the first book, though. By the time the mystery with the missing girl was solved, the book became less interesting to me. The plot became predictable and a bit lightweight.

Overall, I loved the writing and the author did a pretty great job bringing the characters to life!

In short:

Hero 5/5 | **Heroine** 4/5 | **Plot (Point, Originality)** 4/5 | **Writing Style** 4/5 | **Steam** 3/5 | **Romance** 4/5 | **Angst-Suspense** 3/5 | **Darkness** 3/5 | **Humor** 1/5 | **Secondary Characters** 4/5 | **Drama-Conflict** 4/5 | **Mystery** 4/5 | **Twists** 4/5 | **Pacing** Steady | **Action** 4/5
