## Angry Blonde Eminem

Today's hottest rapper the enigmatic Eminem delivers a provocative collection of his uncensored lyrics, complete with personal commentary on each controversial song.

*Angry Blonde* is the only official Eminem book on the market, done with the complete authorisation and support of the rap superstar.

Eminem is a multi-platinum recording artist whose albums *The Slim Shady LP* and *The Marshall Mathers LP* have sold nearly nine million copies combined.

Eminem's most recent release, *The Marshall Mathers LP*, made music history as the fastest-selling album from a solo act in Billboard history it sold 1.76 million copies in its first week and has netted 6 million copies to date.

Eminem is everywhere. His face has graced the covers of *Rolling Stone*, *Entertainment Weekly*, and *Spin*, among other magazines; he has a Pay-Per-View special slated for Christmas 2000; and he will be performing at the MTV Video Music Awards this September.

Eminem's personal life is also garnering him a lot of media attention: he's currently being sued for defamation of character by his mother and faces two separate assault charges.

Along with his controversial lyrics and Eminem's own commentary on them, *Angry Blonde* will feature never-before-published photos.

## kylajaclyn says

Fun fact: I used to hate Eminem. That is, until I heard the last verse of Stan. Then I realized that often he wasn't serious and that, like others, he just meant for a song to be a song and nothing else. Slim's in his early forties, and we now have plenty examples of his human side: Mockingbird, Not Afraid, Headlights, Talkin' to Myself, etc. In other words? He's not joking anymore. At least, not all the time. But the beauty of this book is that it contains his earliest and most controversial lyrics. Think of where he came from: Detroit. Think of his age at the time: early twenties. But Em's right, because he says the stuff the rest of us won't. Our country is very politically correct, all the time, while Em represents the epitome of free speech and never, ever being politically correct. But, come on, Elton John forgave him and gets the joke, so you can too. When I became a Women's Studies major, it became hard to square that with my love for Eminem. Not for me, personally, but I had to listen to several teachers talk about the awfulness of rap music. Truth? Em's a genius. Who else would rhyme lyricist with what year is this?! He is absolutely brilliant. Free speech will always trump my feminist side, so thank god for the Second Amendment. And thank god for Em.

---

## Audrey says

One of the most raw, gripping lyric books I've ever read. I actually own this book in hardbound edition. Marshall Mathers is a lyrical genius.

---

## Vanessa Schackow says

It's mostly just his top song lyrics

---

## Zach Bryczek says

the beginning of his life starts in the Detroit 8 mile. were he was born he later on move back and forth 20 times until they settle down on the west side of Detroit 8 mile. this has been a good book so far he tells about his life and how he became a rapper. he never thought he was going to be so big once he started rapping. it all started when he was seven him and his uncle Ronnie gave him a rap CD to listen to listen to. he instantly loved it. him and Ronnie wanted. to become rappers but there dream died as his uncle comments suicide.

## **Shubham Saini says**

I never like autobiographies because I don't like when people use to appreciate to anyone else by giving their example that's why I don't read autobiographies. But this one is the only autobiography I have ever read perhaps I like it because this is only about great critics and verse controversies which Eminem has come up through.

## **Mads says**

Love his music - usually listen to him in my car after a bad work day ????

### **Description:**

Today's hottest rapper, the enigmatic Eminem, delivers a provocative collection of his uncensored lyrics, complete with personal commentary on each controversial song.

Angry Blonde is the only official Eminem book on the market, done with the complete authorisation and support of the rap superstar.

Eminem is a multi-platinum recording artist whose albums The Slim Shady LP and The Marshall Mathers LP have sold nearly nine million copies combined.

Eminem's most recent release, The Marshall Mathers LP, made music history as the fastest-selling album from a solo act in Billboard history it sold 1.76 million copies in its first week and has netted 6 million copies to date.

Eminem is everywhere. His face has graced the covers of Rolling Stone, Entertainment Weekly, and Spin, among other magazines; he has a Pay-Per-View special slated for Christmas 2000; and he will be performing at the MTV Video Music Awards this September.

Eminem's personal life is also garnering him a lot of media attention: he's currently being sued for defamation of character by his mother and faces two separate assault charges.

Along with his controversial lyrics and Eminem's own commentary on them, Angry Blonde will feature never-before-published photos.

## **Yvonne Williams says**

For the fan this is basically a lyric book consisting of a couple dozen early songs and some freestyles thrown in, with commentary from Eminem about many of the songs beginnings and pictures.

I appreciated this book because it was good for my older eyes to read some of the words that I couldn't quite get on some of the songs. Some of us fans have been fans since the beginning and our eyesight isn't the best at reading old CD notes. I'm not a diehard "I know every song" type of fan - but I do like his stuff, his sense of humour, his talent and his attitude. I still feel like I need a shower after reading some of this stuff though!

But like he says in Drug Ballad "I just say whatever I want to whoever I want Whenever I want, wherever I want." And for that you have to agree, Eminem is an entertainer extraordinaire.

Jonathan Shecter in his forward sums Eminem up: "He took comfort in what he knew best, happily losing himself in intricate patterns and brilliant, funny turns of phrase. It was becoming increasingly clear that this crazy white kid from the wrong side of the tracks possessed a supreme undeniable talent."

First published in 2000, it would be interesting to have an updated catalogue of his work in another book form. I'd buy it.

## **Liz says**

I bought this book to review before giving it to my nephew as he is a fan of Eminem and yes I am as well, but more so from his album Relapse on up. Not saying I don't like some of his older music but I prefer from then on up. He came from nothing and made his love of rhyming into something that a lot of people love. Yeah he raps about hating women, killing and so forth but those are mostly his lyrics he has wrote. Is there truth to them? I am sure there is some truth to them but for the most part I honestly think that it's just what sounded good to him to make it flow! Would I recommend this to someone under 15, probably not unless your child is mature enough to realize right from wrong and has common sense enough to at least skip the bad words if he/she will be singing them out loud. Honestly it's up to the parents and I recommend that they read it first to determine if they should let their kid(s) read it.

Now I will admit there is a lot of swearing in this book because it's actual lyrics to his songs but if you listen to Eminem you know there is swearing so how could you expect less in this book. Before some of the lyrics in this book he will give you a little bit about how he came up with the song which is actually helpful and I wish more music artists did this sort of thing so you can take a glimpse into the life of them and have a feel of where they are coming from with their songs. Overall the book was decent especially if you are one of those people that love reading the lyrics to songs and getting a little bit of insight on the song itself.

---

## **Kirsten says**

Marshall always gets the highest ranking from me

---

## **Eva Leger says**

This isn't what I expected at all- I still love Eminem to this day so I thought I'd like to read pretty much anything about him. This is basically a glorified CD cover. It's the words to most, if not all, (I haven't finished yet) of his songs and with each one comes a paragraph or two (if your lucky) about when he wrote it, where he was at the time, and maybe, just maybe, a tiny bit about what was going on in his mind at the time. Needless to say, that's all fairly interesting but I can only read so much of the same thing slightly varied over and over. I was hoping for a lot more. It's an okay book and it's great for those few pesky words on every CD that you just can't seem to get! LOL

UPDATE\_ Oh, I tried. I tried so hard. I just can't read an elongated CD cover back to back and back to back again. Hopefully the friend I'm sending this to will enjoy it more than me because I just can't do it. I've always been fairly decent at pulling the words out of songs anyway so this isn't needed! LOL

---

## **Fish says**

"Angry Blonde" by Eminem and Jonathan Shecter is inferior to Eminem's newest book entitled "The Way I Am." It's basically a lyric book for just about every song that he has done, minus a few on the "Infinite" record. This came out in 2002 when he only had two hit records, "The Slim Shady LP" and "The Marshall Mathers LP."

I liked it because it shows Eminem's thoughts and feelings when he was writing these songs and then it gives all of the lyrics to all of his older songs and freestyles. It was written back when he was still a little immature and you can see that.

All-in-all i really liked it and because i am an Eminem fanatic i loved reading his thoughts on his own songs and to read through all of the lyrics. When you know every word to 99% of his songs its fun to see the thought process behind them and to actually see the words on paper. I would recommend this book to people that don't understand Eminem or his songs all that well. it will make you see him in an entirely new way.

---

## **Ashley says**

EMINEM IS A BEAST!!!! :-)

---

## **Nekolle says**

What could be better than a book that's written by The Great One himself?

---

**Laura says**

I'm not sure what I expected from this but it was great to learn about where ideas for songs came from and how people reacted to them

---
