As Long As I Live

Emilie Loring

As Long As I Live Emilie Loring

Joan Crofton had come to Boston to take a job at a prominent advertising agency. She loved her job -- it was stimulating and exciting -- but from the moment she had met Craig Lamont, the owner of the agency, her acquaintance with him had been marred by misunderstandings. To begin with, Craig had accused her of stealing her own drawings! Then, just as Joan begins to acknowledge her growing feelings for Craig, she finds out that he is in love with someone else. Perhaps moving from New York to Boston was just one big mistake

Jessica Howard says

Cheesy but likeable romance--set in the late 1930s in the Boston area. Joan Crofton and Craig Lamont might realize that they're perfect for each other if they can stop fighting long enough. Mysterious strangers, secret marriages, a fake engagement, and a diamond heist are also involved...

Gillian says

This is just another great Emilie Loring! It wasn't so much mystery as it was Romance, but it's nice to have a break from thrillers once in awhile.

Jeanne says

I started reading Emile Loring books when I picked up a paperback from a rack in a hotel lobby (for 50 cents) while on my sister's & my yearly vacation to visit my father. Hooked! I went on to purchase and read every Emilie Loring romance written and available in paperback, not knowing that she had died before I was even born. I loved these books, but read them when I was between about 12 and 18 years old. I was a young reader - do keep that in mind! :-)

Mary says

It has been a long time since I read this, but have always enjoyed the Loring books.

Collette says

This review is a general rating for the Emilie Loring books. (I believe there are about 50 books). I started reading these when I was in high school and college and I liked them because the heroine in each book has a strong sense of patriotism, is a hard worker, and has strong values and morals. These are great romance novels for young women (set during WWII) and they have a bit of mystery intertwined. A fun, light read.

Clara Ellen says

I loved this old-fashioned romantic story! Also loved the descriptions of the scenery..just a fun and relaxing read with a bit of crazy 'crime' stuff..but I loved the love story the most..loved the main characters..Just one word for it - adorable!

Denae says

Somehow I forgot these were as cheesy as this. I knew they were cheesy, but good grief. Still, amusing. I wonder how I would feel if this were one I had read before.

Emily says

Loved it! This was like reading the script to an old movie. It was charming and sweet. I loved the storyline and I would read any of the author's other works based on this one. Very sweet. =)
