Final Fantasy Type-0 Side Story, Vol. 1: The Ice Reaper Tetsuya Nomura , Takatoshi Shiozawa (Visual Art)

Before commanding Class Zero of the elite magic academy Akademeia, before a bloody tragedy unfolded before his eyes, Kurasame was simply an Agito cadet of Class Three.

Thus begins the tale of a legend, of a boy who would become one of the Four Champions of Rubrum, of the man who would become feared as the Ice Reaper...

A.J. Culpepper says

The problem with manga is I devour it. Especially if it's a good one. This volume is an awesome beginning to what I hope will continue as a great series. You instantly get attached to the characters (which is sad because the death-toll is really high really early on) but you can't help but want to continue on with the survivors. Even though he's not the 'main' main character, Guren has quickly become my favorite.

I look forward to following the story of the Ice Reaper.

Vi says

Pretty solid read. Lots of violence.

Dominic Fortin-Charland says

Une bonne surprise !

Caitlin K says

Based on the Square Enix game *Final Fantasy Type-0*, the manga side story delves into the past of Kurasame Susaya, one of the game's key characters. In the war-torn country of Rubrum, young cadets train at a prestigious magical academy in the hopes of becoming "Agito," saviours of legend that are prophesized to save Rubrum, and the rest of the world, from destruction.

The Ice Reaper takes readers back in time to Kurasame's beginnings as a cadet and plants the seeds for his tragic rise to fame as one of the Four Champions of Rubrum. During what was to be a harmless class outing, unexpected danger throws the students into a struggle for their lives. In the aftermath of the attack, gripped with loss and under suspicion for their role in the disaster, Kurasame and his fellow survivors must contemplate what their future as cadets holds for them.

Evocative illustrations and a compelling first volume make the *The Ice Reaper* a fun read both for people finding the series for the first time and for the fans of the original game. A good choice for anyone looking for a mature action series to sink their teeth into.

Eindruck

Oh ha diese Sätze "Bin ich etwa in einer Art pubertärer Trotzphase?" Also noch schlechter kann man intropektivische Gefühle nicht darstellen. Wer fragt sich den sowas? Ich hoffe wirklich das liegt an der Übersetzung. Die Story ist okay. Die Zeichnungen sind ziemlich eindeutig und sehr klar, Hintergründe werden oft nicht beachtet, wenn ein Mensch im Fokus steht.

????? ??? says

Aside from the manga they published about class zero this side story is even better. One of the characters in the game is all moody and at first seemed mean to me. Once i read this my opinion of that character changed as i was able to read about what he went through. Poor guy D:. I feel bad for his team as well. I dont agree with the whole memory system that once someone is dead that any all memories someone has about them just disappears D:. Its a but cruel but understandable as to how it wont burden them emotionally. So in a way i get it. I wish some people didnt die.

Selena says

I can't say I was all that impressed, really.

The art was good, the action sequences were decent, but the story is poorly paced. It feels like a lot of speeding up and slowing down, like when you're in rush hour on the freeway. I neither like nor dislike the characters, and the world building is a bit sluggish.

I can't say it held my interest enough for me to read the next volume. This is a side story, though, so maybe if I had played the original game I'd have liked it more? (I'm assuming Type-o was a game, but I'm not really sure. It could also have been another manga series I'm unaware of)

Mina says

Ich habe ganz vergessen, wie sehr allein diese Welt, in der das spielt, schon schmerzt. Aber ich liebe es. Ich liebe Type 0. Und ich liebe den Charakter <3

Becca W says

I won this book in a Goodreads Firstreads giveaway!

I don't usually read manga due to the fact that I'm a die-hard young adult fan, but this book was pretty good for a change. I thought it was quite interesting and that the drawings were basically flawless. Manga is always cool to read because the pictures are always what keeps me wanting to read on and find out what happens.

Overall, this is a good manga book!

I would recommend this book to anyone who likes manga/graphic novels!

I hope you enjoy Final Fantasy Type-o Side Story by Tetsuya Nomura!
