"My Ratchet Secret" definitely lives up to its name! Midnite Love has penned a short story that will leave you guessing and shocked! My only complaint was that it was a little too short. Will be reading part two however. I must see how things play out!

Whew! Talk about a ratchet secret, or should I say secrets? Peyton(Pebbles) had been in love with his(her) best friend, Tasha's brother Adrian for years. The only problem with that is Peyton was gay and Adrian wasn't. Peyton did what he had to do to become a woman and get Adrian to fall in love with him(her). A couple years later, Pebbles surfaced. Everything was going according to plan until Tasha came over for dinner one night. She threatened to tell Adrian the truth. Again Pebbles had to make some quick decisions to keep her secret from coming out. She ended up killing her best friend(Tasha). It pained Adrian, but Pebbles was there to help him mourn the death of his sister. Pebbles came up with a story as to why Adrian couldn't meet her family. The truth is that she knew her family would have outted her. They haven't seen her in years, but the last time they did she was a man. Adrian and Pebbles got married as planned, but now she has to decide how she's going to have a baby for her husband. The whole time he/she was scheming, it never occurred that Adrian might want a family.

I had to be careful in tagging this book because I could have given the secret out. MAN...this book was ratchetly delicious. I knew what the secret was three pages in but was still surprised. I'm happy to see there are some sequels because this story ended on a WTF note. I was kind of confused at one point when Pebbles called her mom and at the end of the conversation the mom was all like "I didn't want anything when I called." I thought Pebbles called her but anyways still a really good read with some shocking parts.

Peyton wrong like two damn left feet. How could he do Adrian so bad. Omg and the sister you so called your best friend Wth. With friends like pebbles :-) you definitely don't need enemies. Adrian needs to open his eyes wide and soon soon. Well on to part 2.
