# From Reader Review Night of the Living Dante for online ebook

## Keith Beasley-Topliffe says

### An incident to help us like Dante less

This "volume 4.5" of the Aurora Sky series feels more like an incident cut from one of the books as being too inconsequential to take the space. Dante and Janine go on a semi-successful mission then go home. Yawn.

---

## Heather De Los Reyes says

Since Dante happens to be my favorite character in the Aurora Sky Vampire Hunter series I was so excited to find out Nikki Jefford released a book from Dante's point of view. Of course I loved everything about this book. I really liked hearing what Dante thought about things as well as how his relationship started with Janine. Don't miss out on this book in the series it's full of hilarious Dante!

---

## Liliana says

Reviewed on Lili Lost in a Book

*Night of the Living Dante* takes place before Dante and Aurora meet, and I was super excited to read this little novella!

I do have to say that it was a lot of fun! I mean, *hello!* It's *Dante*, probably my favorite character in the entire series! And this novella made me realize exactly why I love him so much: he is A LOT like Dean Winchester (granted, Dean isn't as happy-go-lucky as Dante... not anymore, at least \*sobs\*)!

*"Pie. Yum. Even better. Any night where Dante could do all three--kill vamps, get laid, and eat pie--was an epic win."* -Dante

*"Nothing like blood, death, and sex."* -Dante

There was also talk of moose, but that's beside the point ;)

If you are a huge Dante fan like myself, than this is a must-read for you! It's a lot of fun, I promise!

#### **Night of the Living Dante (Aurora Sky Vampire Hunter vol. 4.5)**

Very short story not bad to add to the continuing saga of Aurora Sky vampire hunter let's see what happens in the next installment...

---

### **Danielle says**

This book was really short so it was hard to get a good rating on it. It wasn't bad but it really didn't provide anything extra to what I already knew about Dante.

---

### **Reagan says**

A little more proof that the author must be out of character ideas because she is going to milk every character and subplot to death. Reading this story actually wasted precious time for zero entertainment.

---

### **Shawn says**

A quick read, it is less than the 24 pages it claims to be, many of those are ads for other great books.

This story is a glimpse into one of Dante's missions before he met Aurora. He's just a fun-loving guy who loves his work: killing vampires.

Third person, the book is still told from Dante's point-of-view so you get to see a lot more about the way he thinks.

This is a great additional piece for the series.

---

### **Laura Greenwood says**

This is only a quick review, and won't appear on my blog.

This was a short story (it's free!) about Dante, Aurora's mentor, but before he met her. I'm not Dante's biggest fan anyway (something a little too righteous about him for my tastes) and I wasn't too sure that Night of the Living Dante actually changed that opinion in my mind. It was interesting seeing him in action though, and

put a little bit more context to his motivation surrounding Janine in book 1. While this is listed at #4.5 in the series, it can be read any time after book 1 (Aurora Sky) I think as it doesn't spoil the plot of books 2-4. However part of me thinks there could be some significance somewhere to it!

---

### **Megan Murphy says**

Not like this novella was bad...much. I just can't stand Dante...although reading this makes me wonder about him and Aurora. Not sure really the purpose of this though. The last few novellas made us understand Valeria and Noel. This one is basically a horny, blood thirsty Dante out on a mission.

---

### **J R says**

Not quite sure why this book is so late in the series, but I'm glad I got to take a brief look into Dante's life before Aurora entered.

---

### **Heather says**

I love this series! This is a short novella which is a great Segway into the latest book, Whiteout. I can't wait to see what happens next!

---

### **Angie says**

I absolutely adore Dante, so of course I was excited to read *Night of the Living Dante*! It's a super duper short, yet satisfying peek at Dante in action! Not that kind of action, pervert! He's on a mission with his previous partner, Janine. They're far off into the woods where some vampires are hanging out. Killing is definitely on the brain, and Dante may have the other type of action in mind too for when they're done. While we do get some of that amazing Dante humor, I do wish this had been in first person POV, so we could really get into his head. I'm sure he had a lot of great things going on in there that he wasn't saying out loud!

### **Alan says**

Way too short! I don't get this. I know it's free, but why bother putting such a short book out? There are so many other back stories about Dante I'd like to know: his snowboarding accident, when he was held hostage, his time at boot camp. Why not put together a book of them all? Also, the scope of this narrative was very limited and unsatisfying, I didn't get a glimpse into Dante's mind, it was like I was still observing him from the outside.

---

### **J.L. Day says**

I LOVE the Aurora Sky series and have already pre-ordered the finale (I am both excited to read it and saddened to say farewell to what have become such GOOD friends at the same time).

In Night of the Living Dante we are first introduced to the dashing and smooth-talking boy next door, but sex-charged superman that you just never know WHAT to expect from. That is one of the best things about Dante, he is all cuddly and mellow, sweet and charming in one breathe and in the next he is a hot as fire and dripping with sensuality stud-muffin that knows and/or respects no boundaries He is simultaneously chivalrous and seductively exploitive, you never know if he is playing an angle or being genuine in the most deep and empathetic of ways. Getting to KNOW Dante is an adventure in itself, but one worth taking and he takes on a depth of character that is all the more appealing the deeper you "Delve into Dante's Depths".

---

### **Kaden Brown says**

Very short and a bit of a disappointment.

This really could have been longer, more fitting for the series. Red was perfect, this fell short.

Oh yes, now I also feel Dante just is not a nice guy.
