**Protecting the Billionaire** Erin Swann

**I hadn't seen him since the day he broke my brother's nose.**

**Nick:**

We came from different worlds. She was trouble wrapped in temptation, and it would be smart to keep my distance.

The last time I'd dared to touch Katie, her brother foolishly took a swing at me. Her family taught me a painful lesson that day about money and power. They had it, and I didn't.

Today she desperately needed a ride back to LA. Six hours of her warm body wrapped around mine on the back of my bike was the price she'd have to pay.

With her life in flames, the danger was more real than she knew.

When she ran from her brother and into my arms, the kiss was meant to scare her off.

It didn't work. She's sexual napalm, and I'm the match. Now we're both toast.

Katie's vulnerable, and I need to keep her safe and oh so close. I'm not giving her up until I have to.

Even if it destroys me.

**Katie:**

I hadn't seen Nick since high school, the day he broke my brother's nose.

I bumped into him while trapped in Las Vegas with no way to get home. I didn't accept the ride to LA on the back of his bike just because he'd been the hottest and baddest boy in school. I swear I didn't.

My life was all planned out. I left my sensible house every day in my sensible clothes and went to my sensible job.

Until, some crazy targeted me, and it all went up in smoke.

Now, I'm done being sensible. I know what I want, and he's pure trouble. Nick's all wrong for me, but only he can keep me safe.

I'm falling for him. It can't work. It doesn't make sense. I'm walking straight into a broken heart, and I can't stop.

This story is intended for mature readers. It contains mature themes, strong language, and sexual situations.

## **Heather Vandine says**

This a well written book with great characters that you will love. When Katherine is in Vegas for a conference her house burns down unable to find a way home Nick happens to be there on business and offers her a ride home. The house isn't the only thing on fire. There is a syong chemistry between them and it heats up as they try to find out how her house burnt. I recommend this book. I voluntarily reviewed an ARC of this book.

Customer Review

5.0 out of 5 starsAn incredibly Hot story!

By sewsummore TOP 1000 REVIEWER on 2 June 2018

Format: Kindle Edition

Katherine was sick of being the perfect sister and daughter, where had it got her, but bossed around by her brothers and taken advantage of by her boss. It was time for Katie to make decisions for her self and enjoy life and accepting a lift home with her high school crush on his motor bike was only the beginning. Patrick knew getting involved with Katherine was a mistake but saying no to Katie was not possible. He gave her a place to stay and made it his business to protect her and all the time telling himself that their relationship was just old friends with benefits. I found this an incredibly hot story of new beginnings, full of drama and unexpected twists.

Another amazing addition to the "Covington Billionaires" series. This book is a compelling read that is extremely entertaining, funny and captivating. It is well written with strong, intriguing characters. The chemistry between Katie and Nick is steamy, potent and off the charts hot! It is full of twists and turns guaranteed to keep you on the edge of your seat. Looking forward to the next book in the series. ## **Pamela Mitchell says**

This series gets better with each book and I really loved Protecting the Billionaire from the first word to the last with unforgettable characters and a well-written story that included family drama, mystery, danger, intrigue and an opposites attract steamy romance. I enjoyed the dynamic between bad boy Nick Knowlton and billionaire Katie Covington. Erin Swann never disappoints and I look forward to reading more from this talented author. I received an advance reader copy of this book from Booksprout and this is my unbiased review. I liked the book so much, I purchased a copy to read again later.

Katherine Covington is the 'princess' of the Covington family. Overprotected by her brothers, Katherine is living what appears to be a perfect life with immense wealth, perfect clothes and make-up, a good job and great future.

The danger to the Covington family appears to be escalating, this time the target is Katherine. Distracted by a phone call with bad news from home, she walks right into Nick Knowlton, her high school crush. The motorcycle riding bad boy just disappeared one day and she hadn't seen him since.

Nick is a brilliant, Harley riding computer nerd-hacker, and a one night stand kind of guy but Katherine longs to let her inner Katie's personality loose and makes the choice to stay with Nick over accepting the stifling protection from her brothers. This relationship is HOT and I really thought I'd figured out who was trying to harm Katie. What a plot twist!

Katie and Nick's story can be read as a stand alone, but the plot is better understood, I believe, if Erin's book *The Secret Billionaire* is read first. (Every book in this series is great). I was given an ARC of this book for an honest review.

A guaranteed favorite!

There's a major twist to this story that I'm not going to reveal since I want you to enjoy it as much as I did. Nick and Katherine run into each other in Las Vegas where they are each attending conventions. She has tried without success to get transportation back to LA since being told her home has been burned to the ground. He offers her a ride, and ... Great characters, truly imaginative and wonderful story, along with terrific writing.

Terrific!!

This is the next book in the Covington Billionaire's series. Katie is the only Covington sister with 4 very overprotective brothers. Nick is a white hat hacker and has a long history with the Covingtons going back to high school. When Katie's house is burned down and she needs to get home Nick gives her a ride from Las Vegas to LA on his motorcycle. Nick becomes Katie's protector when she bristles at her brother once again telling her what to do. It's time to live for herself instead of playing it safe for everyone else. Now if only Nick can keep her safe as someone continues to attack and threaten her. This was a great addition to the Covington Billionaires series. Can't wait for the next book.

Wow! Not much to say. It is an amazing read. The story is well written. Characters well described and likeable. The chemistry is over the top. The twists keeps you on the edge. I just had to read it in one setting. It is of a nice length and lacks no depth to it.

Nick and Katherine run into each other in Las Vegas where they are at conventions. Her home has been burned to the ground and now she has to get back as fast as possible. He offers her a ride. They have not seen each other for many years but what happens now? No spoilers here.

I like the writing style and the heart in the romance a lot. Absolutely awesome read.

### **Barbara Hanson says**

Nick thought Katie was hot in high school and when her brother caught him with his hand up her skirt he was thrown out of school. Now he is a computer hacker – one of the good guys – he catches those who steal via hacking.

Katie has always been the good girl and done as she was told, but when her home is burnt to the ground and her brothers try to tell her what to do, she rebels! Going home with Nick and letting her reckless side out.

Together they try to solve who is after her and stop them, but it's not just the arsonist they have to worry about, Katie's peers are not happy with her association with Nick either.

This is a great story of opposites attracting and the fun they can have. I really enjoyed this book and would happily recommend it.

There is nothing more satisfying than taking a certain villainous hero and throwing him into a high-pressure situation with a woman. Good girl vs. bad boy? Sign me up... It's even more fun when they've got history!

I so enjoyed reading Katie & Nick's story and have a book hangover in the best way :D

Hats off to Erin Swann who showed us how much fun you can have when you decide that you don't always have to be a lady

#### **So far so good!**

I started this set of books not realizing a sizzling series was in store for me. Aww I said so far so good in book one we are introduced to William Bill Covington who is forced in to the helm of his very well known families business . The story and stories that follow will make you laugh out loud. And having you search for tissues. Thank you for including us in on your superb and heart warming stories Erin Swann. I say well done

well done indeed!

WOW... this book has it all. It is thrilling, full of action, adventure, Intrigue, suspense. mystery, danger, romance just to name of few. Katherine/Katie Covington is the heiress to the Covington fortune. She is feisty, stubborn, determined, naïve, tender hearted, goal oriented and a romantic at heart. She is in Las Vegas for an accounting conference when she receives a disturbing phone call from her brother Bill. He informs her that her house is on fire. Bill said they suspect an ex of her brother Stephen a Monica Paisley. Katie rushes from the conference to her room to pack to get home in LA. She finds no flights available till the next day. She is desperate and looks for a rental car but has no luck. As she tries to figure out a way home she bumps into Nick Knowlton, an alpha male bad boy from high school. After a disagreement, Katie breaks down in tears. Nick offers her a ride home on the back of his motorcycle. Bill feels Katie is in danger and need protection. She decides Nick is the man for the job. Nick takes responsibility for Katie's protection. Yes Katie is in danger but no one realizes how much danger she really is in. This is an action thriller romance and an excellent read. I highly recommend it. You will be blow away. I could not put the book down. You will not be disappointed.

### **Shelly Celli says**

Last we had heard was that Katherine's house was on fire and expected to be a total loss thanks to that psycho woman after her brother. Nick volunteered to take her home and give her a place if she needed it. Neither of them expected how much she'd actually need that space, or what would become of it. They have fought tooth and nail to find out who's behind her bad run of luck, but neither expected to fall in love during the whole ordeal. After many trials, these two finally get their HEA...and a little more than expected as well. I cannot wait to see what's next with this family!

### **Magali says**

Great well written story with twists, and some hot sex scenes. Katie is an accouter with a rich family. She's working on audit in a enterprise to finish her studies. After a conference, she meets Nick that she knew from high school and when she learns her house burned, he supports her and brings her back to Los Angeles. But then, Katie has to face different attacks. Katie and Nick are attracted, but he's known as a bad boy that her family hates, and she's known as a brat rich girl. But this portraits isn't at all what they are. When Nick the hacker and ex con protects Katie, their relation evolves even if they thought that the other wants keep it casual.

## **Zoe says**

Finally we get to read Katherine's story - hooray! I was very excited when I read that this was going to be the next book after Patrick's, and I have definitely not been disappointed.

Katie has made cameo appearances in a number of her brothers stories, giving them advice and helping them out, so we have some idea of her character. Protecting the Billionaire is her story and what a story! Erin Swann has done it again, although Katie's story is very different to the previous three books (and although this can be read as a stand alone) there are links to the ongoing storyline that flows within the other books, and as a fan of this series really draws me back into their lives. Katie's story follows on from Book 3. It is an action packed and sexy read, with a number of twists and turns. Nick, Katie's hero and a blast from the past - wow! That is all I can say - this story takes a different turn, as Nick is already known to Katie, as they briefly went to high school together, although their past history is complex, curtesy of her older brothers! A chance meeting, as Katie's life explodes, sees their relationship take off and develop. The story is a page turner and if you have loved the other Covington stories, you will love Katie's.

Great read!
