## Psychic Academy Volume 3 Katsu Aki

A mysterious new girl sweeps into school and enchants Ai with the Romanticism of ditching, a way to achieve true freedom. Ai isn't necessarily sold on the idea, but he's also not the biggest fan of school, so he humors her by trying this new form of academic self-expression...that is until Myu shows up to take him back to class.

# **From Reader Review Psychic Academy Volume 3 for online ebook**

## **Nicole West says**

I really do love how this series can have love triangles, magic, action, and hilarity all at the same time. LOVE IT. I love Orina and all but I really hope Ai/Mew is endgame!

---

## **Ceejay says**

Volume three of this enjoyable manga series is again in three parts. In the first part our hero, Ai Shimoi, learns the truth about the strange student FaFa. Discovering her secrets, however, leads to all sorts of unforeseen problems. Unforeseen and dangerous problems. In part two Ai's brother, the head of the Psychic Academy, decides to throw a party for Ai's sixteenth birthday. It seems simple enough, but there is a history of unwanted parties. And finally, in the third part, a confused Ai Shimoi declares his love! Is it Sahra, the young woman who has known him for years? Or is it Mew, the young woman whose aura and soul are 100% compatible with Ai? Well, obviously it's an "I love you" for.....

---

## **Dani - Perspective of a Writer says**

I really enjoy the side conversations Zero has with all the other characters: Mew, Orina and even Ren.

I liked the particular volume because we delved more into Mew and Zero and things touching on them. Namely Fafa and the ADC (Aura development center). Also we explored Ai's hangups about his brother and his brother's feelings of responsibility toward Ai.

Orina and Ai advance their relationship and I love how Boo and Zero take pictures!

BOTTOM LINE: Great development.

\*Note: there is quite a bit of fandom in this manga. (Really large breasts, "squishing" and touching of those breasts by Ai, many breast shots and girls in undress as well as girl on girl breast groping.)
