## Resurrecting Charlie's Girl Debra Kayn

On the run and in hiding, Charlise wasn't surprised that her ex-husband found her again at the hunting lodge. The sick bastard would stop at nothing to have her back, and that included murder. Abused and a former shell of herself, she wants to find the woman she was before ever meeting the elusive Jared Blatwell. This time her ex catches up with her and it appears that her time has run out.

Coming off a three-day stakeout, Tom Brannet looked forward to the hunting trip with the other men from G.P. Investigations. Rest, relaxation, and a little hunting is exactly what he needed.

Instead, he's thrown back into his job protecting the beautiful woman behind the counter at The Ridge. No longer the hunter, he does everything in his power to keep Charlise from being the prey. Unable to stop Jared Blatwell from finding his ex-wife, Tom and his partners set up a trap that goes terribly wrong.

## **From Reader Review Resurrecting Charlie's Girl for online ebook**

### **AlligatorSmith loves to read says**

This reads like an early version of Archer. Same situation, similar heroine and hero, similar group of body guards/detectives. To be honest, I liked this one better than Archer, which is longer and more developed but that development has too much TSTL thinking and actions by the heroine. This one could use a bit more heat in the relationship, but it is a novella. I love Kayn's motorcycle books, but this one and Archer just don't make me want to read (m)any more of this type of story by her.

---

### **Julianna says**

more of a 3.5 star book for me. It was pretty short and didn't really go into their relationship after the psycho ex was out of the picture, you just knew it was there. It was still good though.

---

### **Just - The romance reader says**

I previously read Breathing His Air which I loved so was hoping to find another Debra Kayn book that I would enjoy just as much. Although I still prefer Breathing His Air to Resurrecting Charlie's Girl I did really enjoy reading this one. It was a nice love story with very likable characters, while having a good bit of action and some suspense mixed it.

Overall, it is a sweet story with some very touching parts. Tom is a wonderful guy who is in the right place at the right time, atleast for Charlise's sake. Once paired up we see that they make quite the team.

---

### **Aubrey says**

This was an ok read. Some the H's actions considering his profession were really WTH!! But I have to admit I really enjoyed the kite scene, which has inspired me to be out with my family flying a kite (thanks weather controller - PS can I book sun, sun and more sun please!).

### **Lindsey says**

Amazon (ebook) freebie 1/21/13

---

### **Breathless Press says**

Paige, The Romance Reviews--"I like the setting of this novella. It was constantly on the move which was

exciting. The dialogue was short but to the point, which I didn't mind at all. It kept the reader tuned in to what was continually going on around and between the characters. I really liked that this novella focused on something that a lot of women go through in their lives. It is a very sad and serious topic, but the recovery is the best part to read about, and I'm so glad that this story ended the way it did...I would recommend this book to anyone who enjoys a story of moving on in instances where there seems to be nowhere to go. I'm very glad that I got a chance to read this novella as it has educated me in the issue that takes place. I will be looking forward to reading more books by this author. Resurrecting Charlie's Girl, in my opinion, deserves another 0.5 rating, which would make it 3.5 stars."

---

### **Caryn Watson Watz Books and Teasers says**

well written perfect book for when u want a happily ever after lloved the characters n story line.

---

### **Hbeebti says**

This was ok for me. Yes it was fast paced and there was a lot of action. But Charlise got on my nerves. I understand why she was so moody but after awhile I was like come on already. Enough!! But I did love Tom he was a sweet heart. Yes this is one of those stories where there is instant attraction and pretty much falling in love right away.

---

### **Heather Wildman says**

This was a whirlwind story, and other reviews mentioned cliche characters and too fast paced, but that is kind of what it feels like as a victim. People who can't or don't understand the character probably can't relate in a way that I can having experienced abusive relationships.

I enjoy the heart Debra puts into her stories. Though there were a few blatant typos and formatting issues, this story was an easy read for me. I don't think the hero would have fallen head over heels quite so fast, but a victim does go through all those emotions that Charlise did.

I like the damaged characters Debra writes. They are human and down to earth. If that makes them cliche, bring on the cliche. I think she did a great job of presenting the roller coaster of a victim overcoming in a "safe" romantic setting.

---

### **Tiss says**

Wow, if you like mysteries and intrigue, this is the book for you. Debra Kayne has your blood pumping and there are a few scary parts. And yes, there is a HEA. If you'd not tried Debra's books, Try them. She is a great author.

Charlise is running from an abusive ex husband. She's scared to trust anyone. She happens upon Tom and he

promises to protect her, this is the story of how they try to keep one step ahead of the ex husband.

I recommend it.

---

### **Caryn says**

Pretty good for such a short story.

I liked the cat and mouse game played out by the abusive ex and the woman he refuses to let go. Lucky for Charlise, she is saved by Tom, a PI working where her ex has shown up again. From there Tom takes over her safety and the hunt is on. But no matter which turn they take, Jared finds them in record time.

Strong reminder of the movie Sleeping With The Enemy, one of my favorite ones!

---

### **Milena says**

Not a bad suspense, hardly leaving much room to catch your breath. There could have been more to the story, as I found it a bit too rushed.

---

### **Erica says**

Quick read that keeps you interested and intrigued to finish. A few editing issues in the book, but it did not take away from the reading. I am looking forward to reading more books by Debra Kayn!!

---

### **Emily says**

Charlise knows she will never be safe from her ex-husband, no matter how far she runs he always has a way of finding her. When her latest hideaway is compromised, she is ready to flee only to be caught before she gets the chance.

Tom Brannet was looking forward to his time off after a three-day stakeout, it is short lived though when he rescues Charlise from being kidnapped. The connection is immediate, as an investigator he enlists his fellow investigators in protecting Charlise from her relentless ex.

This was a bit of a quickie, so it was rushed a bit. I thought that overall the premise was good, just wished there was more time for character development.

---

### **Sarah says**

Lame-o!!! don't bother. there's no depth. the entire thing is cliché the character development is at a zero. it

was free on my kindle I guess that's the plus...
