*Simply **DRAGONS** is Simply **INCREDIBLE!***

*This features some of the most well known names from the world of Paranormal Shapeshifter Romance, such as Serena Rose, Amira Rain, Jade White, Ellie Valentina and more, have collaborated to bring you a HUGE dose of shapeshifting dragon action.*

*The **10 BREATHTAKING** Dragon Shifter Novels included for you are:*

## **Bonnie Burrows - Shared By The Dragons**

*“Can two dragons really share one woman?”*

Daisy Alexander is a curvy woman with a lot of courage who can usually take care of herself. **However, when she stumbles into the middle of a shifter turf war she finds she is about to be caught in the cross-hairs...**

That is until she meets the impossibly handsome dragon shifter, Nick. Handsome and with a body to die for, Daisy feels like she is in love at first sight. **From the looks of it, it seems Nick might feel the same way!**

**Only thing is, Nick's stubborn brother Damien wants a piece of Daisy too...**

**Will Daisy be able to choose? Or will she have to be SHARED by the dragons?**

## **Amira Rain - Sold To The Dragons (SOLD #1)**

In a dystopian future, fertile women are so hard to come by that they are now bought and sold for huge sums of money across the world. **You could say that women are the new currency...**

Curvy Kira Southerly is one of the few remaining fertile women left on the planet and she has resigned herself to the fate of being **SOLD!**

However, she had no idea she would end up being sold to two young and handsome bachelors named Blake and Steven. **They are both dragon shifters and they are intent on mating with her and producing a baby as soon as possible!**

With not enough fertile women to go around the brothers have no choice but to share the curvy beauty among themselves. **Something that allows Kira to fulfill her every sexual fantasy....**

**Being sold to dragons should not be this much fun, should it?**

## **Ellie Valentina - Unleashing His Dragon**

When Margo headed to Tennessee to research dragon lore she had no idea just how much she was going to discover. **It was there that she met a mysterious, yet charming man, named Vincent, who seemingly knows all there is to know about dragons!**

Unknown to Margo, Vincent is a dragon himself and he has taken a huge liking to her. ***Something Vincent previously thought was impossible!***

As the two of them find themselves drawn closer to each other, the community of Tennessee find themselves, up in arms at the prospect of a dragon loving a human female! With the knives out, Vincent has to choose between protecting the woman he loves and remaining loyal to his dragon people. ***Something that is going to be much easier said than done...***

## **Serena Rose - Dragon's Arranged Mate**

***Is it possible to love a stranger?***

King Caside had lived the perfect life. ***As the latest in a long line of dragon shifters to rule County Cork, he had just been given the ultimate blessing, a MATE!***

Anabelle was perfect in his eyes and the instant connection they felt for each other, showed that love at first sight, was definitely real. ***His new mate may have been the result of an arrangement, however, he would not have had it any other way!***

However, when danger threatened the kingdom, they both found their loyalties to each other were tested to the maximum. ***And, Caside was faced with choosing between his new mate, and the safety of his people!***

***Something simply had to give...***

## **Jasmine White - One Night With A Dragon**

Lilly Garner was an ordinary girl living what seemed like an ordinary life but all that changed one fate filled night. Charming and impossible to resist, shape-shifting dragon Tony Lancaster was determined to seduce Lilly and get her into bed for one night of passionate fun. ***Something that she would find impossible to turn down!***

***However, Lilly had no idea that one night with a dragon was going to be a night that would change her life forever...***

## **Amira Rain - Melted By The Dragon (MELTED #1)**

In a future world that is ruled by dragon shifters, fertile women are scarce. They are so scarce, that women capable of having children, are now often cryogenically frozen for centuries, in order to help future generations reproduce. ***Curvy Vivian Mason, was one of those women, who was frozen hundreds of years ago, and now it is time for her to be MELTED!***

Dragon Commander Jackson Wallace is in urgent need of an heir. ***And he demands that Vivian is melted, and awakened, in order to produce one for him...***

Now, with no memory of how she even got there Vivian has no choice but to go along with whatever her new mate demands. *No matter how bad, rough or naughty it might seem...*

Can Vivian produce the baby dragon that Jackson so demands? *And what might happen when she finally remembers who she was before she was MELTED?*

### **Jade White - The Dragon's Mail Order Mate**

Dragon shifters Mike Hawkins and Will Stewart are so focused on their missions in life that they have no time to search for a mate. *To avoid all the trouble of searching for a mate they decide to order one online...*

Enter, Oksana Stanislav. *A blonde bombshell, who has always dreamed of being mated with a hunky shifter...*

However, whilst both the dragons believe they can share her for the rest of eternity, Oksana has other ideas. Oksana turns the tables on the them. *And now, it is going to be dragon vs dragon, in a quest to win her heart!*

*After all, a three-way relationship could never work in the long term, or could it?*

### **Angela Foxxe - The Dragons Surrogate (Surrogates #3)**

When Tasha applied to be surrogate mother for a wealthy client she was just seeking a huge payout for 9 months of work. *However, she was set to get much more than she bargained for...*

Tasha had no idea that her client was not even human. He was actually a dragon shifter who desired an heir to carry on his bloodline. *This was an arrangement that was not without its complexities but the reward made it more than worth her while...*

However, the situation became even more complex when Tasha finally came to face to face with her client and discovered that he was the most handsome man she had ever met in her life! *And he was about to steal her heart....*

### **Serena Rose - Dragon's Reluctant Bride**

*When Rachel opened her hook-up app she just wanted to get laid but she ended up getting much, much more...*

Dragon Shifter Kintaro was a wealthy playboy who just wanted easy sex. When he was matched with a cute girl called Rachel it seemed like they would both get exactly what they wanted, and then they would never have to see each other again...

*However, after the condom breaks and Rachel finds herself pregnant everything changes...*

*Drastically!*

Where Kintaro comes from it is forbidden to impregnate a woman outside of marriage with DEATH being the punishment. *For both of them!*

*Now, Rachel has no choice but to be a reluctant bride and marry a man she hardly knows, but this is soon going to be the least of her problems...*

### **Maria Amor - The PlayDragon Billionaire (PlayShifters #3)**

*“Can She Tame The PlayDragon?”*

27 year old Billionaire Bran Garret is loving his playboy lifestyle and does not want it to end. However, as a dragon shifter the time has now come for him to find a mate and produce an heir. *A baby dragon that will, one day, take over his empire...*

Bran was surprised when he met the young and beautiful Seraphina. There was something about her that made her stand out from all the other women that he has previously met. *Now Bran wonders if she has what it takes to become his mate...*

*Little does know, Seraphina has more than what it takes to tame a PlayDragon like him and he is about to find out exactly why...*

**Mary Clark says**

Although this series of books is now a collection, I previously received a copy of the following books in exchange for an honest review:

Review for: Bonnie Burrows – Shared By The Dragons 5-Stars

This is an excellent shifter story, which I enjoyed reading as it had lots of diversity in the storyline. An ongoing war with wolves and dragons brings constant danger, particularly for Daisy, because she has something the wolves want. The two dragon brothers throw complications Daisy's way, because each are trying to vie for her love. The duplicity of an ex-lover contributes to more intrigue and mystery. If shifter tales interest you, this one will because it has mystery, love and all the other ingredients for a great read.

Review for: Amira Rain - Sold to the Dragons 5-Stars

This was a very well written and precise story and considering I have not read any of the author's books before I must say I enjoyed the storyline. Kira has a strong sense of self-will and even though she is auctioned into a family of dragon shifters, she wants to prove herself worthy of fighting their enemy, before bearing a royal baby. This in itself entails dangerous situations and conflicts of interest. The ménage aspect is tasteful written and the confrontations with the enemy well documented. Kira's opportunity to exploit her own strengths brings its own rewards. If shape-shifters stories intrigue you, then this one is a must.

Review for: Ellie Valentina – Unleashing his Dragon 5-Stars

This was an interesting shifter story that had a lot to offer in the way of intrigue and it was quite a delightful read. Margo and her friend Jackie share a love of folklore and move to Tennessee to investigate the legend surrounding dragons in the area and their impact on the local community - they want the information to be recorded and preserved for future generations; after all this was Daniel's dream. Vincent and his brother Gerard are dragons and following the death of their parents have made a pact never to marry and have children. Not everything goes to plan though, when Margo is rescued by Vincent during a fall and their tryst ends in an unexpected surprise. Gerard is full of anger and vengeance until he meets Jackie, who has an unusual influence on him. When Gerard cannot locate the dragon hunters who killed his parents, he lures them back to the town, unaware that he has put the lives of his family in danger - he doesn't realise the enormity of his actions or the consequences. The dragon hunters are convinced they were saving the entire town from generations of enslavement to dragons, even though this is not true, particularly when the town shows their support. This was a very engaging story which I would have no hesitation in recommending.

Review for: Amira Rain - Melted by the dragons 4-Stars

A totally different shifter story, but nonetheless engaging, as there were some interesting scenarios

throughout the book. Because she was fertile, Vivian was cryogenically frozen for over three centuries. When she wakes up in a land of dragons and has no recollection of her previous life, she finds it difficult to comprehend - more so when she is told she has to produce a child with Jackson, the Commander in charge. Jackson needs an heir and tells Vivian he went back in time, and purchased her to bear his child, seeing her as committed, bold, confident, fearless and beautiful. Little did he know then that she was just a coward, trying to flee an abusive relationship. Vivian makes up her mind she will only have a baby with a man she loves and who loves her; but Jackson offers her an interesting compromise. As Vivian regains odd recollections of her previous life, she realises that her deranged boyfriend, Daniel Stone, was now Drago Stone, leader of the Gorgolians and he has revenge in mind for Vivian.

Review for: Serena Rose – Dragons Reluctant Bride 4-Stars

This was quite an interesting story in that it dealt with a series of other-worldly mysticisms. Kintaro is a top ranking member of the Dragon Clan of the Yakuza Crime Syndicate. Not only that he has an enchanted dragon irezumi on his back marking him as one of the elites of the Dragon Clan, having the ability to change into a dragon. Looking for a one-night stand Kintaro is matched with Rachel, but a turn of events sees her getting pregnant. Visited by the high elders of the three clans of the Yakuza, Kintaro is given an ultimatum – he and Rachel must marry by the next full moon, or there will be consequences if they are not. Agreeing to marry, a traditional Shinto wedding is carried out, involving some quite unusual traditions. It was thought that Miko and Kintaro would eventually marry, but the elders knew that Kintaro's destiny was tied to another, though they never let him know this. Miko had been Kintaro's friend for the whole of his life, but Miko hated Kintaro and only wanted his status. When rejected by Kintaro, Miko seeks revenge on Rachel in quite a poignant manner.

Review for: Maria Amor – PlayDragon 4-Stars

For a shifter book, this was quite a different and interesting story. Bran is a successful billionaire, but it is time for him to settle down and mate. Both he, and his dragon, feel a stirring attraction towards Seraphina, even with her fiery temper, strong morals, and innate interest in dragon culture. Dillon, also a dragon, warns Bran off Seraphina, saying she is dangerous – but why? Bran will not allow her to be killed and is determined to make her his mate, irrespective of the consequences. This was a well-written, appealing story for those whose enjoy shifter tales.

**If You're a Newbe To Dragon Romances, These Are The Perfect Stories!**

What a way to introduce you to yummy characters, great romance, and exciting stories that will keep you reading past bedtime. With a variety of authors you'll never get bored and you'll get an idea of who you'd like to read more of. I even found the first Dragon story that got me hooked. A Sure Yes!

**Artemisa says**

I shouldn't mark this as read, since I didn't finish book 4, but I managed to read every other book in the collection, so...

I liked some of the books, there were a couple of concepts on dragon shifters that I have never seen before.

I still stuck on the fact that I couldn't finish book 4. I still don't know why the book wasn't flowing.

---

### **Jenette Maitland-Tomblin says**

I don't mind compilations; however, the bad outweighed the good in this set of books. I think I only finished three of the ten. The grammar/editing was so horrible in the other seven, I couldn't even finish them. Stumbling over bad grammar and lack of editing kills a story; so does use of crude words that I don't use or even like hearing. I would not recommend this set to anyone.

### **david l hutchison says**

**A very good story.**

Well I will call it hotter than a three dollar pistol. I hate for her to give up her being. I am going paraphrase here, "greater love hath no woman than to give up her being for the love of a man." I know I have just cause groans all but please no hand grenades.

---

### **Jenny Delandro says**

With 10 stories in this compilation, there were bound to be some books I did not like..

But here I will focus on the ones I did like..

#### **Unleashing His Dragon - Ellie Valentina 4.5 stars**

Dragon have lived near a small American town for generations and they have protected the town but now hunters have come and the town rallies.

#### **One night with a Dragon - Jasmine White 4 stars**

I really liked this one..

She met him at a bar and she gives him her phone number... he loses it, but buys the bar in the hope she will come back to it and he will find her.. but he is a dragon prince and married... quite complicated.

#### **Melted by the Dragon Amira Rain 5 stars**

Dragons rule the world... split into two warring factions. One wants to protect all life, one wants to destroy it. Females are rare... hundreds of years before women could volunteer to be frozen as future mothers.

One of the good dragons chooses a woman and she is more than a little overwhelmed by the changes in the society she now live... She was constantly told by abusive boyfriend that she was nothing and her self esteem is low.... but when one of her new fiends is attacked by bad dragons she fights them and rescues her friend, she is treated like a hero! She does fall in love with the dragon lord who choose her but at the last minute she is stolen by the bad dragons... What a surprise this author is, this is a unique and refreshing look into the distant future.

#### **The Dragon's Surrogate Angela Foxxe 4 stars**

She applies for a job... to be a surrogate mother. The pay is almost too good to be true...

It turns out that the job was fiction and Family who wanted her as a surrogate is a Dragon Dynasty.

It would be not interesting if she flat out refused the insanely handsome dragon...

But not everyone is happy she is there... cue the bad guy music because she is told that her child would be

brought up as a dragon and she would be killed.

Multiple dragon dynasties exist, and when she goes into labour, her dragon's clan is attached and almost completely wiped out... but all she knows is that she wakes up after giving birth and she is in another city... without her baby.

It is an epic ride to follow how this pissed mother gets her child back and finds and nurses her injured dragon back to health.

### **Simply FANTastic**

Almost every book in this collection will grab you and won't let go until the very last page. Every character was so well developed I knew what they wanted to do except when I didn't. Each storyline was different and unique in its own way and sometimes there were subtle hints of the author's personality like the fading scent of perfume which tells you that a woman passed this way.

---

## **Lynda says**

**I really enjoyed reading collection very much. The majority of them were fantastic. However there were a couple of books that desperately needed to be proofread before they were published. I gladly volunteered to do that duty. I would very much like to see series made of a few of the books they were that good**

I would gladly recommend this series to everyone who enjoys reading dragon Shifter romances. Thank you very much for publishing this great set

## **Avid says**

Seriously?! Don't waste your time.

There's a reason all of these books are bundled. It's because each is so horrible that it needs the potential of the other unread books to bolster its credibility. In other words, the only way someone will read any of these books is if it's in a bundle, giving the reader the hope that maybe the next book isn't as bad as the previous one. I made it half way before I decided that each book was contrived. The characters had no depth. If the plot were intriguing, it fell flat amongst the millions of romance novel clichés. Otherwise, the plot was stupid and unbelievable. The dialogue was also forced, unnatural and unrealistic.

Imagine a woman who is walking down the street and says, "Oh, look, there's a handsome man. I think I'll have sex with him." Then the woman walks over and says, "hello, I'm looking for a real connection with someone. Do you want to have sex with me?" He replies, "Sure. Let's go." Then she's sad that he doesn't call her after or that he's a jerk, but then something happens and run into each other again and then they live happily ever after. Riiiiiiight. Because that's EXACTLY the way romance is. NOT. Seriously the first 5 books are this ridiculous. I thought that at least 1 book might be somewhat entertaining. Nope.

I made it to book 5 before i gave up on the entire bundle. my reviews were placed on the individual book pages.

#### **So Cool Love the Dragons**

So many times it takes time to find the one. When your do you do all that you can to keep them safe,happy and alive. Great read.

---

### **Emma Jaye says**

So far I've read the first two books.

Both one star efforts unless you find whiny heroines with feminine folds, feminine buds, etc and heroes with 'granite hard rods', the books are so similar that I think they were penned by the same author.

Book three is a huge improvement. I'll be reviewing each book separately on its individual page.

---

### **Jasmine Paul says**

#### **Great**

Great stories in this series I love the ones were a baby Dragon is born surprisingly to the union in the story.

---

### **NoraJLeSueur says**

#### **Loved, loved, loved!!!!!!**

All of the books in this collection were intriguing and delightful. I thoroughly enjoyed each and every one of the stories, and can't wait to read more stories by the different authors.

---

### **Terry Henderson says**

#### **Not great - just so so**

I managed to finish reading all of the books but can't say that I really enjoyed any of them. While all of them had an ending, the endings left much to be desired. All needed better editing.
