What Child Is This?: A Christmas at Bremmer's Novel John R. Mabry

When an abandoned baby is left on the loading dock at the height of the seasonal rush, the indecisive but soft-hearted manager and a madcap cast of employees scramble to care for her. As the town Sheriff copes with deep personal loss, he finds grace in solving the mystery of the baby's origin. The new Lutheran pastor-Munich's first female clergyperson-feels rejected by her parishioners, but discovers her purpose and worth as she lends her wisdom and guidance to the crisis.

Linda Marie Marsh says

Heart-warming, fun, and tho holiday themed, this book is a joy for any time of the year!

A newborn baby found in a small town,a runaway daughter, an insecure new female pastor, a Christmas shop to beat all, and a community that learns a few needed lessons. Curious? Definitely give WHAT CHILD IS THIS a whirl and you'll be glad you did.

The characters will pull at your heartstrings and jump off the pages to pull you in. The writing is fantastic. Overall a great book that i would gladly give as a gift to all my friends.

I RECIEVED THIS BOOK FREE FROM GOODREADS FIRST READS GIVEAWAYS.

This book is without a doubt one of the most heartfelt and beautiful books I have read about the Christmas season. Truly this would be a great gift for Christian friends and for anyone who likes reading books with outstanding moral fiber. I had so many emotions running through me while reading this. I literally was in tears at the end.

I received this book from a drawing for Good reads first reads. At first I thought it might end up being too religious,but it really isn't at all. It is a heartwarming holiday story. I loved the plot and cried a few times. It was such a great message and a must read for the holiday season!

I received this book from a Goodreads First Reads Giveaway, and then forgot to update my Goodreads account after finishing it... Ooops.

Anyway, this was a sweet book. Perfect for the holiday season, but it could probably be read whenever. It was a touching story. I enjoyed it.

Delightful read

This book was an easy, light read. The suspense built from chapter to chapter, and the humor speckled throughout the story was charming. I really enjoyed this story.

This story might sound like it is about Christmas, but this book should be read in every season. It brings the meaning of Christmas to spring, summer and fall. I have thoroughly enjoyed reading "What Child is This?". Mabry does a masterful job of telling a story of discovering forgiveness and love even when there appears to be no more mercy to find or kindness that will matter. Every person in this small town finds a more open heart, eventually, but not on their own. It is because of many others stepping up and trying a little more to forgive. The journey of the pastor to find her own voice, trust her faith and make her place in a small town that doesn't welcome a female as a pastor, shows us that a clergy is cut from the same cloth as the parishioners. He invites the reader to see we all have doubt and fears, and, yet, also deep courage and wisdom. This book reminds us that it is only when we remember the things that matter, and the love that we have hidden away, that we can discover what we alone can do to make them better.

Lutheran female pastor. Doctrine off. Says we are not born in sin; we become sinners later. Other things I don't agree with. Still, I relate to the story in multiple ways—A rebellious daughter estranged from her parents, feelings of loss and helplessness. On some level, it could be a pro life book. The daughter keeps the baby, does not abort. Not recommended for the doctrinal issues.

What a truly delightful heavenly story to read! The author has captured a major Christmas Store in Michigan and truly made a wonderful story for everyone to enjoy! If only people would truly live this way --- it brought tears of happiness, sadness and many of hope! A great story to be shared throughout the whole year amongst all people!

A wonderfully told story. Loved the characters and how everything fit together. This was a great fun read with a lot of meaning. So great for the holiday season. Highly recommend. Read it quickly so my wife could read it next.

My kind of Christmas story

I will enjoy reading this story again and again. I am also going to share it with my family members, many who are teens and young adults.

The true meaning of Christmas is at the climax of the story as everyone worked together to bring a lost person home. I wish I had a church home like this, even as I acknowledge that this isn't a religious story. There is enough complexity in this story to satisfy all readers of any age. We all will recognize ourselves in one of the characters, and perhaps a character to try to emulate.

Please don't just take my word. Immerse yourself in the story, the town and its inhabitants and enjoy.

Doris Lankford says

Thanks to Goodreads for giving me the opportunity to read this book. I enjoyed it very much.

Tanya says

What a lovely and seasonally appropriate message! The Christian messaging is wonderfully done, woven effortlessly into the interconnected dramas of the various characters in the small Christmas obsessed town. The author has created a highly entertaining tale that is at times humorous, spiritual, and touching. The message of redemption and of forgiveness of others and of one self is timeless. Well done.

Tashia Jennings says

Thanks to Goodreads First Reads I got the pleasure of reading this creative piece of writing by John R. Mabry for free that I am sure that others will enjoy too. So just grab a copy of "What Child Is This" this holiday season.

Janet McMillan says

Great anytime read

Predictable, but engrossing. If you grew up in a small town, lived in a small town or visited a small town this book is for you. It covers all the basics of a small town, with a happy ending.

Diana Petty-stone says

This book was such a joy to read!!! The characters are quirky and lovable and you find yourself caring about them and their situations. I hope it turns into a series or at least has a sequel. By the end of the book they were all part of my family!
