Logan and Lauren--A 2014 Holiday Special--A stand alone short story

EXCERPT: With the contractor gone, Logan turned back to Lauren, who was avoiding eye contact with him as she wiped the dust from her hands onto the back of her blue jean shorts. Shorts, for god's sake . . . which she'd probably put on that morning, not giving a single thought to the strange man she was about to let enter the house. This just kept getting worse and worse; Logan felt his temperature kick up another notch as disbelief at her actions held him in its grip. Did she have to have such a trusting nature? Would she never learn? Did she think the world was one huge, safe playground? Somewhere in the furthest recesses of his mind, the knowledge that he wasn't giving her enough credit entered his head; his wife was incredibly brilliant and capable, but he refused to allow the thought to soothe him. He was angry, probably more angry than he'd ever been in his life, and the reason was because she had scared him half-to-freaking-death, and that was the only thing he could concentrate on at the moment.

While he held himself still, trying to breathe evenly, trying to get his raging emotions under control, he ran his gaze over her, up and down, just to make sure she was all in one piece.

Her tongue shot out to lick her lips and despite his anger, he felt a bolt of white-hot lightning pierce his guts. He could clearly see that she knew he was angry; her lips quivered before she spoke. "Hi, babe . . . you're home early."

Ahhh...so his little wife was feeling a bit apprehensive at this point and well she should be. His lips flattened as he took a single step toward her. "Sure am. What 'ya doing, hon?" he spoke the words way too innocuously, allowing his tone to ring with sarcasm.

"N-nothing."

He took another two steps forward and she quickly stepped back, bumping the back of her head on the slanted beam behind her. He winced for her and came to a halt; no matter how furious he was, he didn't want her to hurt herself. "It didn't look like 'nothing', babe," he replied slowly.

"No, it's just the . . . just the—" her words trailed off as she motioned behind her toward where she'd been on the floor only moments ago.

Logan didn't take his eyes from her to see what she might be indicating. "Just the what?"

She shook her head, as if she had no idea what to say.

He took a deep breath and blew it out. "Lauren. Come here."

She glanced away before looking back at him. "No, I'm good."

At her denial, he felt his insides electrify with aggression, but he attempted to keep a cool head, even as the heated blood roaring through his veins reminded him he was on a short leash. "Come here, baby."

She licked her lips. "Are you mad?"

He took another slow, deep breath. Yeah, he was mad. "Why would I be mad?" he asked a little too sarcastically as he placed his hands on the rafter above his head, feeling his biceps bulge against his short-sleeve t-shirt.

### **Dina says**

Logan is still batshit crazy over Lauren. What's not to love about that? ;)

### **Clau says**

Oh, my God. Logan is crazy. And even my dog has more personality than Lauren. Do not read this book... and if you have, well at least it was short.

### **Jennifer Finn says**

This is a Logan and Lauren Crenshaw Christmas novella by Lynda Chance. Logan has been away on business for four long days and he's anxious to get home to Lauren. After years of marriage he still can't keep his hands off his sexy wife. While Logan was away Lauren was trying to plan a surprise gift for him for Christmas. She had a few contractors come out to their house to get an estimate on turning their attic into a man cave for Logan. She wasn't expecting Logan to come home a day early just as her and the last contractor were in the attic alone together. Logan comes home early to surprise his beautiful wife but he's the one surprised when he finds her in the attic with a strange man. In typical Logan Crenshaw style he kicks the guy out of his house and does some very naughty things to Lauren.

This is a really quick and short fun book by Lynda Chance, one of the best authors at writing possessive men. We first read about Lauren and Logan in Pursuit, now we find out what happens when Lauren thinks Logan is out of town and does something she knows he won't like for Logan for Christmas. This was a quick steamy fun read that everyone who loved Logan and Lauren in Pursuit will love reading and catching up on them both. This was an all around fun book from Mrs. Chance as a Christmas present to all her fans.

This was a very short read, but I didn't enjoy it as much as I have some of Ms. Chance's other books. Logan seemed to push his "alpha attitude" a bit too far this time. I was actually scared for Lauren a couple of times while reading this. Probably not my favorite of the three Logan & Lauren books I've read.

very short free read. H is still yummy.

Oh Logan, Logan and his caveman tendencies. Still as crazy in love, crazy jealous and possessive over his wife Lauren as ever. ♥ I missed this two couple! Loved this Christmas Special though it was **too bloody short**. Doesn't matter anyway, I'm reading anything by Lynda Chance no matter how short her book is. ♥

oh geez! Logan was a little scary in this one but darn it I still find it hot as hell!! lol He is one crazy jealous man that's for sure. Thankfully this isn't real:)! Still love Logan and Lauren!

safety gang safe:

Logan does get a little rough(sort of a rape fantasy for h) but for Logan he is teaching her a lesson!!

I enjoyed this short Christmas novella about Lauren wanting to surprise Logan with a special Christmas surprise. Unfortunately when Logan catches on that Lauren is up to something he goes all Alpha crazy and it takes forever for Lauren to calm him down.

**"Now, as he held her in a grip that shouted his supreme right to make her tow his line, hot anticipation licked down her spine when she realized exactly what kind of sex they were about to have. The basic caveman variety. Hot. Dirty. Animalistic."**

Lauren knows exactly what Logan needs!!!

Pure enjoyable smut.

Recommended.

If you have read the other two books about this couple then you will know that Logan is an out and out Alpha Male! I love an alpha and Logan although a bit overly possessive for my liking is as alpha as they come.

This book is set 6 years into their marriage (and before kids). Logan has been away from Lauren for four days and can't wait to get back to her and make love to her but when he returns home he doesn't like what he finds. A misunderstanding over a Christmas surprise Lauren was trying to set up for Logan sends him into a possessive, jealous streak but it's more that Logan loves Lauren beyond compare and he worries about her safety etc. There are two sex scenes and lots of declarations of love.

I loved it! If you love an alpha male then you will enjoy this short read.

Lynda Chance, you are the queen!! How in the world does your work keep getting so good? This was a short story so I thought it was going to be a nice quick read. I should never have underestimated Ms. Chance who can do more in 36pages than most authors do in 3 books. This story was HOT, HOT, HOT!! And the H is so PERFECT; insanely stalkerific and caveman. I demand that Lynda Chance's books be required reading to all romance authors.

### **Sieravonne says**

Evidently, both of them have *huge* problems in their brain. They need to see a psychiatrist and go through a therapy.

Nope. Not gonna read another Lynda Chance book. After reading 2 novellas and 3 short stories, I could conclude that her works are tasteless.

### **Nikki ? Navareus says**

An insanely jealous and over the top possessive and controlling alpha male? Yes please!! This is a perfect little Christmas novella for anyone needing their alpha male fix during the holidays. :)
