It still makes me shudder. It was a good review though, I'll admit it.

Jackie says

Rating to follow examination, haha.

Carey Keys says

I've read the chapter hilights. Hope that's good enough to pass the Praxis. Poor SLPs, the training never ends for us, does it?!

Katie says

This book is a great resource for any graduate student in speech language pathology. I bought it to study for the praxis and comps but actually wish I would have had it sooner in my graduate career!

Suman Ravi says

good book

Alexis says

Extremely useful resource! I wish I had it BEFORE I began grad school instead of purchasing it merely as a study guide for the PRAXIS. I continue to use it as a reference today.
