Bewitched by the Alpha Bryce Evans

A Heartbreaking Tragedy, can bring a weary soul New Hope

After a lifetime of guilt over his mother's death, Arden Dixon has grown weary of the push and pull on his soul as the Alpha of the Dixon Pack. It seems he's forever playing peacemaker, and protecting the innocent. When he finds a beautiful woman in the midst of a painful transition, he realizes that his fate lies in her hands.

The Wrong Place At The Wrong Time

Quinn wanted nothing more than to live her solitary life in peace selling her treasures in her own store, but a brutal attack by a wolf has given her no choice but to embrace a new family and a new way of life. That doesn't mean she has to embrace the whole mating thing though, right?

New Hope

A man with a need to protect, and a woman with a desire to stand on her own. Can these two souls find peace in each other, or will the brutality of their circumstances break them for good?

Crystal says

Fast paced and full of one sexy alpha wolf and the woman who keeps resisting him, I loved it! Alpha Wolf Arden is dealing with a rogue pack of werewolves who are biting and turning humans without their consent. When Quinn gets attacked by a pack of wolves she gives as good as she gets, but gets bitten anyway. Arden is instantly drawn to feisty and fiery Quinn when he rushes in to save her, but she punches him and tries to run away! Poor Arden just seems to keep making Quinn freak out and want to leave, especially when he tries to explain that she is his Mate. Quinn has had quite enough of overbearing and controlling men, she is finally free and will not let anyone control her, even sexy Arden. With the rogue pack still on the loose, and the new werewolves not cooperating, Arden is in over his head. Will he ever be able to convince Quinn that he's not out to control her, but just wants to love and protect her? And can the pack find and destroy the rogue werewolves or will the Death Hunters come and take it out of their hands? I was given a copy of this book in exchange for an honest review.

Bewitched by the Alpha Bryce Evans

Reviewed by SFF Dragon

I absolutely loved this story. Mystery, thriller and action packed paranormal romance with HEA. I want more.

'Bewitching the Alpha' by Bryce Evans is the latest release in the multi-author Bite of the Moon Collection of stand alone paranormal romances. I haven't actually read anything by this author before and had no idea what to expect when I was given a copy in exchange for an honest review, but I was grabbed by this action packed paranormal romance on the first page and thoroughly enjoyed reading it. I loved it and would happily read more in this series and by this author.

Wolf shifter, pack alpha and witch hater, Arden Dixon is feeling the weight of his responsibilities as more and more humans are bitten and turned by a rogue pack. Turning humans is forbidden unless they are the true mates of existing shifters. At the beginning of the book, his day gets off to a bad start when Finley Egan, ex soldier and son of the police chief is victim number one. On the way to explain the situation to his father, Arden, his beta, Bane, and chief enforcer, Tate, hear screams and run to find victim number two of the day valiantly fighting back against the rogue who has her arm in his mouth, and major bonus, she's his true mate. He's over the moon until he finds out she's a witch.

Escapee witch Quinn Lamone has finally managed to get away from her father's control, has bought the old Charlotte's Closet and is opening her new store, Southern Treasures in the small town of New Hope. She's finally free and doing what makes her happy until she's attacked by wolves at the back of the store and discovers a whole new world of controlling men. She just wants to be left alone to run her store, but is held by the Dixon pack until she goes through her first shift.

As far as I can tell, this appears to be the first in the Dixon Pack series and promises very good things to

come. Part mystery, part action thriller and all paranormal romance, this story had my full attention from beginning to end. Filled with some really great characters like Jade and the rest of the outcasts, who I absolutely loved, as well as the really nasty April and her cronies who need a good put down and the truly evil Hoffmans who got what was coming to them. The Council's Death Hunters, Lennox Bartly and Cosmo Fitzgerald didn't actually do much more than hang around providing a sense of doom and history repeating itself, but that promises to change. This is a complete paranormal romance with a happily ever after for true mates Arden and Quinn, but threads have been left open for more books in the series and I can't wait to read them.

Jeri says

Arden is just doing his alpha thing with the pack when a rogue pack bites two people in the same day. Now, suddenly, he has his mate and two new pack members. If that weren't the only thing going on, things would be handled pretty well, but unfortunately, there's more to the story. Quinn's brother comes to town and things get real interesting. Now if Arden can just convince Quinn that they belong together. Drama, twists, steamy sex and few turns from left field and things might just come together they way they should. Let's see if Quinn can get past Arden's controlling nature. What happens when Arden's ex-lover stirs up the drama? Stay tuned and read to find out. Enjoy! I received a copy of this book in exchange for an honest review.

JKAF says

Given as ARC for honest review

I couldn't put this book down and when I did I kept thinking about it!

This is the story of Arden and Quinn. Quinn has had a rough life growing up so she has moved to a small town where she's about to open her store. She was bit by a rogue wolf and all sorts of trouble starts happening to her.

Read this book for more!!

Title: Bewitched by the Alpha

Author: Bryce Evans

Reviewer: Stephanie Jordan

????■■■????■■■????■■■????

This is my first time for me to read this author's book. I have to say she got me at the first page.

Arden Dixon is the Alpha of the Dixon Pack and has been for a while. When Arden was young, an unhappy witch wanted to be turned into a wolf. As it was against wolf law's the Alpha, Arden's dad refused, she becomes so distressed and hung herself. Her mother wanted revenge so she put a curse on the Alpha so he

changed into his wolf form and kill his only son. Arden's mother knew something was wrong so she got in the middle and he killed her. The Council Elders sent The Death Hunter's who killed both of them. The Witch was killed first which broke the spells hold on his dad, than they went to kill Arden's dad, it didn't matter because his dad was broken anyway cause he killed his mate. Witch's were out laced on Dixon Pack Law ever since. Arden and his beta, Bane were hunting rogue wolves who were biting human to turn them. In town they heard a scream and went to help.

Quinn Lamone, bought a store in the town she just moved too, this was so exciting. She had a lot to do before her opening, but out in the back Wolves were there and bite her. Arden went to help Quinn when the change came to be her wolf. He then realized she was his Mate. Quinn had a secret which could destroy the Alpha. I was gifted this ARC for an honest and truthful review.

Would I Reread This Book?? DEFINITELY

Would I Read Future Books By This Author? ABSOLUTELY!!

Cheri says

Witches and wolves don't usually get a long, however when a witch is responsible for both parents death and you are the Alpha, can you ever find a way to accept one as your mate? That is the dilemma facing Arden. And Quinn, she has finally escaped the controlling man who has tried to rule her whole life and wants to force her into a future of more control. An alpha wolf? No way. Except the man is hot and pulls to her in a way no one has ever.

A Rogue pack is biting humans, and Quinn has been attacked. Before they can drag her away Aden and his protectors save her. Or did they? Now she is locked in a room and they tell her she is going to turn into a wolf.

This one is fast paced with lots going on inside and outside the pack. The characters are interesting, you either really care about them or hate them. Quinn has so much to adjust to, she is a wolf and mating is something different – does she feel that same pull Aden does? Is she willing to make the changes necessary—is Arden? Can he even in his position with the pack?

This is a great read and introduction to characters I want to know more about. More books coming in this series and I plan to read them all. I am a new fan.

I was provided an ARC for an honest review.

Sherill says

INCREDIBLE & SIZZLING ROMANCE!

BEWITCHED BY THE ALPHA-An enthralling romantic story.

This story features; Arden, a heart-stopping gorgeous, powerful werewolf and Alpha to the Dixon Pack; Quinn, a sultry, green-eyed, flaming red-headed beauty, witch and newly turned werewolf.

What you'll find in this story; a cast of awesome, impressive and engaging characters, outstanding story-line, picturesque and powerful scene descriptions, phenomenal banter, camaraderie, spine-chilling suspense, gut-wrenching moments, life-threatening incidents, pent-up rage, body-tingling heart-throbbing sensual romance, and a heart-melting conclusion that leaves you satisfied and wanting more.

Arden has a lot on his plate; newly turned werewolves, a she-wolf who takes pleasure in degrading certain pack members, finding the rogue wolves, and capturing the heart of his would-be mate who loathes controlling men. Quinn has no use for controlling men especially one who cannot accept her for who she is. Horrific danger lurks in the shadows and is on its way to the Dixon Pack with a vengeance.

INCREDIBLE fast paced action packed well written read by a truly gifted author. The suspense is thrilling, characters spring to life with breathtaking scene descriptions keeping you glued to the story, and the romance sizzles. I loved this story, a most exhilarating read from start to finish. {I received a copy of this book for a completely honest review}. If you dote on shifter romance this is a fabulous choice for your library. In the world of paranormal romance the possibilities are endless and always fascinating. Without reservations I recommend this book.

Samantha-jane Hardacre says

What a fantastically written story that takes you deep into pack politics and on finding a mate to deep seated bigotry and backstabbing. This book has it all, wolves, witches and death hunters.

Don't miss out on a great book

DebA says

Bewitched by the Alpha by Bryce Evans

This story rocks! Werewolves, witches are a stimulating combinations found here. Their world's collide when witch Quinn is bitten by a werewolf outside her shop and rescued. She was bitten when the moon was full, and shows alpha werewolf traits. She is strong willed and a great match for an alpha. Will the pack accept her being werewolf and a witch?"

Enemies are closer than they know. Who's the spy? What are their plans?

Read the story to find out how lives are changed after the bite on a full moon.

The story was well thought out and entertaining. The sexual tension, steamy scenes, chemistry between the two werewolves, Alpha Arden and Quinn (newly made werewolf).

were hot! Their blazing hot attraction will not be denied. Readers are in for action, suspense, romance, original storylines, characters with great dialogues wrapped up in a paranormal tale. The settings are vivid. I love a story that isn't predictable.

I had a great time reading this story. I finished the story in one sitting. I trouble putting it down. It's just awesome! I want more of this series. It deserves 5 stars!

I was given this ARC in exchange for an honest review.

Ana says

Rogue wolves are biting humans to turn them and Alpha Arden Dixon is baffled as to who and why, but the Rogues seem to have a hidden agenda.

Arden is on his way to town with his Beta and Enforcer to meet up with the police chief when they come across a woman being attacked by the rogues. Arden is frozen to the spot as he catches sight of the fiery woman fighting back the rogue. It's his mate! But Arden is not going to have an easy time trying to help her transition to her wolf and time is of the essence.

Quinn has finally escaped the clutches of her very domineering father and opened her dream shop in the very isolated and quite town, until she is attacked by a rogue wolf and meets another domineering man who says that she is his mate....No way! She just got away from one, she is NOT going to fall into the clutches of another. But Quinn has a secret Arden doesn't know about yet and that will set a series of events in motion.

2 people in his territory have been bitten and Arden must find the rogues before the Council sends the Death Squad.

Very suspenseful and so entertaining, big surprises too!

I can't wait to read Jade's story.

I was given this book in exchange for n honest review.

Denise Van plew says

This novel I would say really tells how love can overcome just about anything. The pack that is here has had ordeals that was fueled by magic with death part of the ending. There is now a rogue pack stalking and biting with one having to be helped they go and bite the new owner of the shop that is about to open. Now Arden is helping her but also realizes she is his mate. Having be dictated most of her life she is not about to be told what to do again. A balance though had to be met and with the help of some of the pack they get her store in

order for opening. Also it is uncovered she is a witch but magic is not wanted here thanks to the past. Wowee he sure has a tall order here. Arden must come to terms with that and she must decide what the difference is when love is in control. Having traitors in the mildest they get the jump on Quinn and Jade. Oh on top of that there is one that wants her place and will challenge to get it. Talk about this being packed full of why you read a paranormal this author has it. It will also demonstrate what love can do and overcome putting things to right. There is also a teaser in here from another character that will pick your interest when one Death Hunter has his eye on Quinn's new friend.

Denise Mcnamara says

True mates and rogue wolves. This is a great book full of action, suspense and some hot alpha sex. This book has a great story line and is a must read

Kathy Senft says

I absolutely could not put it down, wonderfully written HEA story.

Arden has never recovered from the loss of his family as a child. On the outside he looks like he has everything a man or wolf could want. Trouble is brewing from long enemies and targeting his pack and what little happiness Arden had carved out for himself.

Quinn has had enough of being told what to do in her life. And will not have an overbearing Alpha make demands of her. Plus she is a witch and the pack has bad history with a witch. Condemned before even given a chance, sigh oh well not in her plans anyway. But if Arden was not so bossy what she could do with that man.....

Can they make their mating work for everyone? Or will they let the words and actions of others keep them from their HEA?

Excellent build and telling of this story. Lots of action, of all sorts...

Sherri says

I received this book in exchange for an honest review by the author, thank you!!

This addition to the Bite of the Moon Series is awesome!! WE have rogue wolves and witches, sexy alphas and witches, great story line and even a HEA and hint to the next book. Loved it!!

Gwendolyn Thaggard says

I was given this ARC in exchange for an honest review. Arden Dixon's life was destroyed after a witch cursed his father out of vengeance. Her daughter wanted to be turned into a wolf, Arden's father refused so

the girl killed herself. The curse was supposed to make Arden's father kill him, his only son but Arden's mother got in the way. The Council sent in Death Hunters and his father and the witch were killed. There is a rogue pack of wolves attacking and changing humans, and this is making Arden and his pack wary that the Council will send the Death Hunters their way. Finley Egan just returned from the military, when out on a jog the rogue pack surrounds him and he is bitten. While Arden is on his way to speak with Finley's father, the police chief another person is attacked. Quinn Lamone just bought the town's clothing store, to give her online business some roots. She is attacked by the rogues and Arden and his pack come to help her. Quinn is no shrinking violet, she fought with the wolves and she fights with Arden as he tries to explain what has happened to her. Fighting really seems to be their thing, its all they know to do. There is something about Quinn the that throws up the packs defenses. She is a witch. Arden doesn't handle it well when he finds out. The Death Hunters arrive, along with Quinn's wizard brother, and a challenge is made to Quinn for the HBIC position among the pack, and let's not forget about the rogues. This is a great, action packed book.
