I'm clutching my invisible pearls

I usually don't like cliffhangers but this one was a mess. I'm trying to figure out who is worse, Sen or Shonda. Can't wait to read book 2

Iasia Davis says

No wayyyyyy

Wow I'm stuck on sens trifling behind!!!!ylthis was a great read it kept my attentntion from start to finish. Shonda is slowly growing on me as for Sen I so dislike his shady behind at the moment. Part 2 can't come fast enough. And if Brandy stay with him in the next book I will disown her ?.

Shelima Maynard says

Love it

Sen is trifling bell. I feel it for Brandy but she needs to put on her big girl panties and leave her husband. Cheating is one thing but when a baby is in the picture, it is time to call quits on that marriage. I also hope Shonda doesn't lose her husband for lying to him about getting out of the game. I love Imani. Mailka is something else though. I can't wait for part 2.

Wanda Forrest says

DAMN!

I can't wait until the next part comes out I know it's going to be ???this book had me on the edge of my seat what the hell.

Pamela Johnston Ward says

Finally

Brandy finally opened her eyes. I wanted to choke Sen out at the very beginning. Her girls tried to tell her, but she had to find out for herself. Sen also got careless. It's like he wanted to get caught. Now what is Brandy going to do? I can't wait to see what's going to happen.

Umeki says

OK

The book was ok .The plot was good and I loved how it was carried out. These girls didn't play when it came to their friendship, their men and their business. The only problem I had was the grammatical errors was to many at some point I got confused but I figured it out and kept reading to then. Anyhoo Good Story.

Halimah Grant says

Loved it

Wait so this trifling sen got a baby out there omg or do he this is so juicy he so messy and shonda need to start being careful if she dont want to get caught lying I cant wait till part 2 I cant wait till brandy start following him and catch him I know she going to find some more secrets

Alisa Arthur says

Good story!!

This book started kind of slow for me. I enjoyed it once it got started. Shonda is not one of my favorite characters and neither is Sencere. Shonda is too ratchet for my liking and Sencere is a cheater. I like Imani and Jacques and their relationship. I can hardly wait to see what will happen next.

Desirer Dollar says

Jacques really loved his fianceè Imani, and he was ready to become a family. Imani sometimes had her doubts on if Jacques would continue to be faithful, since in their past, he haven't always been. After Imani found out what her cousin, Brandy's husband, Sen, had been doing, it made her even more insecure, especially with now being pregnant. Will she go through with marrying the man that she loves, or will just settle on being a fianceè?

Brandy is Sen's wife, and was definitely living up to his name, living in sin. Sen had gotten so comfortable with sleeping with women, that he had been doing it right in his place of business that he shared with his boys; Jacques, Ramello, and Trayvon. At the same time, even though, the boys tried to warn him, he was a grown man, and was going to do what he wanted to do. Now when Brandy has the courage to find out what her husband is doing, it knocks right on her doorstep. Will she hold her husband down, or will she walk away?

Trayvon adored his wife, Shonda, but for the life of him, he couldn't understand why she couldn't walk away from the drug business. If only he knew that his wife was in farther than he could've ever imagined. He needed Shonda to know how much was at risk, or if his friends found out what his wife was doing, he would have everything to lose. Trayvon did a favor for his wife, and it almost cost him his life. He talked to his wife, and gave her an ultimatum, it's either she gets out, or else.

Shonda is educated, talented, business-savvy, but she's ghetto as they come. At first, Shonda didn't want to get out, but when her marriage is on the line, she soon changed her tune. The thing is that her brother, Jaleel, is making it harder than it has to be. Shonda feels like she's in between a rock and a hard place. She knows that her husband isn't playing with her, and Tray and her have so much to lose. If they don't find a solution to this mess, then it could cause havoc not only in their marriage, but drag the people that they're into business with into it as well.

It seemed as if Malika and Ramello were the only ones that somewhat had their ish together, but Ramello had a history of being unfaithful as well. These men have some good women, so they need to get their ish together before they miss out on the best thing they ever had.

Charmaine Downs says

Awesome!

An awesome 5 star storyline. The read is fire. Each character brings their own spice to the storyline and brings this storyline to life. You want be disappointed with the drama or outcome of the different relationships. One click for a fire series.
