Alize Watson says

The main character Pammy/Carmen was unbelievably stupid in this novel! This woman had all the street smarts in the world she could tell you how to turn a ten dollars into a million, but when it came down to deciding if she would snitch or stay. She's unsure! I screaming as I read tell you fool! You have a one-year-old kid and he needs his mother. How can you be torn between being a snitch and being a mother! I know she had to do what she had to do to get by but your first obligation is your child not the streets. I also felt that this girl still had love for Chino . The person that really had love for Carmen/Pammy was murder violently this part of the book kind of upset me I just wished it could have happen a different way. This book is basically about the main character locked up in jail about to do major time and she torn between being a snitch or being a solider doing her time. All the time she's in jail people are living their lives especially the man that she stuck her neck out there for (her baby daddy). The end of the novel had me a bit confused I am wondering did this author want us to imagine how the ending should be. I this book is meant for 16yr olds and up .

Jasmine Tuttle says

I don't think Pam was as naive as everyone making her out to be ! she had a choice she had to make so I can see the conflict there ! Chino was dirty and deserved everything that came to him. He thought he was smart but Karma came back to bite him! The Jail scene with Mychala really had me on edge but I could only imagine how that is . I liked this book it kept me on edge the whole time , I liked the suspense . If you call Pams' and Chino relationship Love I don't want it! Overall it was good read .

Tasha Milteer says

It was ok. This about what happens when hustlers get caught and catch them cases. Imagine if it were you. Would u stay true to the game or snitch?

Sheila says

I really couldn't get into this book at all, it was too slow for me. Nothing exciting happened, some people thought it was good, I thought it was very slow from the door. If a book doesn't get me from the door, I can't read it, I move on the the next book. And that's exactly how this book was.

Rachel says

Good book. Glad someone stepped up and served Chino in he end. I though Chino's wife was name Tracy not Angela?

Ericka says

good book

Achieng Landy says

Nice follow up

Tatyana Owens says

Dumb chick I swear.

Sei Luv says

So after completing this book I've realized that I have in fact read this book previously. That being said, it wasn't a memorable enough read for the story itself to stick after reading it. (Hence the fact I couldn't remember whether or not I had read it before.) So yeah, overall I was kinda disappointed & it took me a while to complete because I kept losing interest.

Reiko says

It was very good it keep you reading!!!!!!!!!!!!!!

Em Lou-aubain says

Loved it I wish it was longer!

JazzyRacquel says

♥ O.K. Read ♥

Shauna says

I read this book years ago, it is amazing how the streets can take you under...

Shante says

Sequel to Let that be the Reason
