Just This Once

K.G. MacGregor

Just This Once K.G. MacGregor

Wynne Connelly is marketing manager for a major travel organization and her job requires that she attend meetings twice monthly at the company's Orlando headquarters.

Paula McKenzie is second-in-command on the night shift at the Weller Regent - an upscale hotel in Orlando. The same upscale hotel that Wynne Connelly stays in whenever she's in Orlando.

Paula finds herself intrigued by the twice-monthly guest, who possesses an aura of mystery and elegant beauty.

When things grow hectic one night at the front desk, Paula emerges to lend a hand - just in time to greet Wynne at check-in. Their exchange borders on mild flirtation and both women come away feeling sparks.

Soon they begin spending time together and share more than just a kiss. And while Paula is elated at the prospect of the budding romance, Wynne is alarmed at her loss of self-control. Ever mindful of the obligations back home that she must honor, she struggles to resist Paula's fascination and allure...

Jude says

I really like this book. It's not groundbreaking or anything but it's full of emotions and feelings, well-written and heart warming. No matter how many times I read it, I enjoy it.

Alicia says

I liked this even though I had that "B" moment with Wynne ;) how dare she until I kept reading but still.....

Ajinkya Joshi says

Loved the book, the characters are so well established and their chemistry is maintained throughout the story line.

What I really love about K.G. MacGregor is that she does extensive research into occupations of the characters and brings out the best way to mold it into the story.

This story tells the tale of a love between two new acquaintances who meet coincidentally at a hotel and then slowly embark on a journey, both sweet and sour.

I have decided on just her second book that I really love the author's writing and I'm not going to stop now :)

Val says

This book started slowly for me (or I'm just slow lol) and I didn't understand why Wynne was being weird. So there's a twist here and it's a good one. I should've known MacGregor wouldn't disappoint.

Ayse says

I really enjoyed this one -- I spent the first half really puzzled by the actions of Wynne, and I really did not see the twist coming. I literally yelled at my kindle with the reveal! My only complaint might be the meteoric career of Wynne, which seemed really unrealistic, and her insistence throughout the first half of her imminent job loss, which seemed completely ridiculous for someone presented with her business savvy. Really well written, with believable (for the most part) characters, and a reasonable timeline for the romance. I read the whole thing in almost one sitting. Highly recommended

Dide says

I came across this book again recently and realized I had read it some month back but hadn't recorded it here on good reads. Lovely read and by one of my best author as well.

~ * K E L L I E * ~ says

I enjoyed this book - it certainly had me turning the pages as quickly as I could read them. Halfway through the book my status update was:

"Wow! That came out of left field! I certainly wasn't expecting that! It will be interesting to see how the story unfolds from here..."

Out of left field is an understatement. I had to flip back to make sure what I though I read was indeed correct :-) I can certainly understand how others were yelling at their kindle with that great twist. Kudos to KG MacGregor for throwing that curve ball!

I must admit I found the second half of the book a little choppy - the writing was great (no issues there) however I thought the timeline was a little fast paced.

Overall, Just This Once was an enjoyable, easy read - a solid 4 stars!

Cheri says

I love this story. I've read it several times - both the online and published version. With all of my favorite MacGregor stories, there's nothing mind blowing or spectacular that happens but I love her characters and the emotion that she gets out of them - and me.

****1/27/16 - Been two years since my last read (is that possible?!) and I've got the urge again. Love this story and the characters. Still.****

More quick deep thoughts by Jack Handy

Wait, sorry, I'm not Jack Handy. Just wanted to drop a few words into this box thingie here so that I'd have something in the box thingie. I get vaguely depressed when I look up books I've read and see . . . no notes by me. So . .

I read this book from an online source (as far as I know it is a legal source, I hope that I am not wrong about that). This book here is "Getting It Right". At some point it was republished, or published, or whatever word should be use, as "Just This Once". I have not read a book with that title so I do not know if there were any changes made beyond the title.

This was a very interesting book, one that I was certain that I would end up giving at least 4.5 stars, maybe even 5.0. But then a funny little thing happened along the way. Two people meet through one working at a hotel and the other being a guest there. They circled each other slowly over various visits. Eventually they hook up. Everything is looking quite exciting really. And then . . . one of them turns out, all the way after the half-way mark in the book, to have (view spoiler) - never-before-mentioned nor thought about.

That is when I made a comment, when this came up, in my status updates about tossing and breaking my phone (didn't really do that). I think I even went through the process of pausing, DNF'ing, then eventually restarting this book.

Truth be told, if the book didn't flow the way it did after these revelations, I probably would have given a rating closer to 1 or 2 stars; while, at the same time, if the (view spoiler) was removed, and something else stepped in the way of the budding relationship, and the book unfolded as it did here (obviously with certain tweaks to massage points of conflict re: (view spoiler)), I'd probably give that book 1 or 2 stars, though more likely 2 or 3. So, despite disliking the subject matter of (view spoiler), etc., I still was able to enjoy this book and give it 4 stars (though I hadn't realized I had given as much as 4 stars until I just now went to write something in this box. I was sure I had rated this 3 stars. Ah well, 4 stars it be.).

Cheri says

Yep, still love this story. And it starts with J so I get to cross that one off the A-Z Challenge for this year!

Gaelle Cathy says

I really liked the story. I must admit though that redundant repetitions put me off at the beginning, like how many times the author wrote about how Wynne's mother is unable to take care of herself. It felt as if we'd be too stupid to understand it the first time so it had to be written again 3 or 4 times in the first third of the book. This annoyed me, I'll admit. There were other repetitions like that in the beginning and some at the end too but by then I was really into the story and it didn't annoy me as much. It was a good story. I loved the timeline, like not everything happens all at once. It was good, and great characters too.

T says

I liked it, though it had a tinge of average for me. I did like the way the author paced the book; the time given to develop the relationship, deal with issues, was realistically paced. That was a nice change. Years and realistic life events unfolded in the characters' lives. It made this story very realistic and well grounded.

There was nothing too action packed about it, no overly dramatic scenes, but i also didn't get a sense of gripping desire or passionate love. Just some deep friendship and heartwarming love. again, more realistic than most of the books that tell of some unattainable spectacular and fierce riding-off-into-the-sunset love. This was a well told, well paced story, despite lacking any big fireworks for me, and i did enjoy spending the time to read it. It flowed well, had no editing problems that i noticed, and the writing style was pleasing and engaging. Basically, the realistic nature of the book is what made it seem more average to me. I tend to be hooked on books that make you forget reality in favor of the spectacular and unrealistic. So, if you don't mind a good love story that could very well take place in real life, i recommend this one. If you are looking for hot and wild erotic and scandalous, you might want to look elsewhere.

(note, it might have been more exciting, if other reviews hadn't spoiled the twists in the book. maybe if it held those surprises for me, i would have found it spectacular)

Megan says

I loved this book. It was my favorite of all of the KG MacGregor books I have read so far, I could not stop reading this book, all I wanted to was find out what happened next. There were a lot of great twist and turns in this book that I did not necessarily expect. It was unexpected and different from many other lesbian novels I have read. I would recommend this book to someone looking for a good lesbian novel.

This novel focused around Paula and Wynne's relationship from their meeting in the hotel that Paula managed to their drama later in the novel. Wynne came to the hotel twice a month for work and started to build a friendship with the attractive manager who seems to be flirting with her. Wynne flirting back and the two started to go out together and build something. Unexpected circumstances happen, I don't want to spoil anything, and Paula and Wynne stop seeing each other but don't stop thinking about one another. I could not recommend this novel enough. I will definitely reread it again and again at some point.

Netty says

I didn't enjoy this as much as I thought I would, to be honest I wouldn't have read it if it wasn't for one of the reviews I read saying it had a twist in it, that was the only exciting thing in this book, I found both main characters to be boring,

In a nutshell this was one of them books you end up skipping pages with, I think I'm being generous with the 3 stars I've given, I must be in a good mood

mariel R.a says

es un libro cuchi.. lleno de todos los clichet habidos y por haber de este tamatica... con un final acorde a su historia... y una trama que engacha... una lectura bien ligera.. me lo lei completo en menos de 9 horas...
