**WHY WE LOVE IT:** Five best friends spending the summer at Lumberjane scout camp...defeating yetis, three-eyed wolves, and giant falcons...what's not to love?!

**WHY YOU'LL LOVE IT:** It's Buffy the Vampire Slayer meets Gravity Falls and features five butt-kicking, rad teenage girls wailing on monsters and solving a mystery with the whole world at stake. And with the talent of acclaimed cartoonist Noelle Stevenson, talented newcomer Grace Ellis writing, and Brooke Allen on art, this is going to be a spectacular series that you won't want to miss.

**WHAT IT'S ABOUT:** Jo, April, Mal, Molly and Ripley are five best pals determined to have an awesome summer together...and they're not gonna let any insane quest or an array of supernatural critters get in their way! Not only is it the second title launching in our new BOOM! Box imprint but LUMBERJANES is one of those punk rock, love-everything-about-it stories that appeals to fans of basically all excellent things.

# From Reader Review Lumberjanes for online ebook

## Sara says

Okay who wants to start a Miss Qiunzella Thiskwin Penniquiul Thistle Crumpet's Camp for Hardcore Lady-Types with me?

Good gravy was this book ever a hoot and a holler. I have no earthly idea what was going on in this fever dream of a story but it was all glorious good fun! Jo, April, Mal, Molly, and the stark raving mad Ripley are all bunkmates at summer camp looking for madcap adventure in this incredibly clever, sweet and sour ode to everything from girl power and the value of friendship to the importance of not triggering easily identifiable booby traps in secret caves.

This was a delight but be forewarned that you are getting dropped into the deep end of the swimming pool without water wings and the absurdist thrills never slow down so if manic hijinks aren't your thing I'd suggest looking elsewhere.

But if you can give yourself a moment to find your feet and hit the trail with the Lumberjanes you are in for a rollicking good time.

The art work is as frantic as the story telling and full of boundless joy. Its a bit like a highly skilled grade schooler got into the glue supply again and just let 'er rip. Your practically punched in the face by all the bright colors and fantastical creatures the girls encounter but its all so supremely delightful that you just keep flipping right along!

Maybe I've been a bit free with the five stars lately but it really is so nice to find something like Lumberjanes #1 that sings the praises of girls and friendship and being a total loony because its fun and summers full of adventure and first loves in such a lovely, fantastical way.

This is funny and fun and sincerely joyful. You may not know "what the junk is going on" but it absolutely does not matter.

## Giovanni Giunta says

Mi è piaciuto un sacco! è bellissimo e sto sempre amando di più Noelle Stevenson! \*-\* la cosa brutta è che ne esce uno ogni morte de papa e in totale saranno 22 ma qui non è manco uscito il terzo XD (manco in America)

Ho letto che ne faranno un film, HELL YAAS!

---

## Britany says

Read this comic book for a BookRiot challenge and really enjoyed it, however due to the short nature, I want to devour the entire series in one sitting. The ending left me wanting more, and the characterizations that were already created in 28 pages was brilliant.

---

**Katie.dorny says**

If anyone loves comics then read this! It's the first one I've read that genuinely made me laugh out loud!! The lumberjanes are hilarious, intelligent and can kick ass when needs be! I'm so excited for the rest of the series ??

---

**Carlos De Eguiluz says**

El primer cómic sobre scouts que leo... y no fue tan bueno como esperaba. Aún así, presiento que irá mejorando con el avance de la historia, así como también tengo el sentimiento de que April terminará siendo mi personaje favorito. ¿Por qué lo digo? Ni idea.

---

**Raina says**

Man, these people are obsessed with monsters of the three-eyed variety.

Not that that's a bad thing.

Think Girl Scouts, plus monsters, and quippy-ness. Not that the GS don't have quippyness. Or monsters. ;)

Totally engaging and fun and silly and adventures and juuuust a bit dark. But not necessarily a story which made me think too hard.

I lurve the gender representation here, obvs (extra gold star for that), and that's the cementing, standup-and-look-at-me awesome of this story.

The illustrations are a bit inexact for my taste, but the colors are vibrant, and most of it is easy enough to follow. I like some of the crayon and spray paint effects used in spots.

I want to know MORE about these characters - and not just in passing. I want to know about their homes, their day-to-day life outside of camp, why they came here in the first place. I don't want to piece their stories together in inference and side comments. But maybe that's just me.

I can't wait to meet a kid who's reading this. Definitely taking it to the P&P.

---

Edit 1/11/2016: Also ended up booktalking it at the middle schools. SO fun.

---

**Tilly Booth says**

I needed a small pick-me-up between books and I thought, "I need a good graphic novel". So Lumberjanes

called my name from my shelves and saved the day. This was awesome! I need the next one like, yesterday.

This book has a good range of characters, great dialogue, amazing artwork and a plot that kept me engaged, laughing and also turning the pages.

If you like graphic novels, jump on Lumberjanes!!!!

---

### **Amber Scaife says**

A group of adorably quirky girls discover that their summer camp isn't terribly normal. They, however, seem very much up to the challenge.

I loved it. The banter among the campers is fast and funny and it's easy to fall in love with all the characters immediately.

---

### **Blodeuedd Finland says**

I liked the illustrations, they were nice and cool. But, to be honest, I have no idea what happened, it felt confusing, jumpy. The story did not work for me.

Oh great, what a short review.

Ok...5 girls, I can't remember their names. One had a hat, one was cute, one was tall, one street, can't remember the next one. They are girl scouts, they find some weird paranormal stuff, stuff happens.

Anyway, good illustrations. But will not read more.

---

### **Tamera says**

This comic was absolutely adorable- and a fantastic first issue! I'm hooked on the art style & character dialogue already. It's quirky & funny, I caught myself showing a friend every other page in amusement. It feels like a web comic with a modern art style that flows well from pane to pane.

---

### **Jane says**

Lumberjanes #1 was an enticing start to what looks like might be a fun story about some rebellious girls who are away at summer camp. It mixes a bit of supernatural mystery with adventure and brave chicks.

Unfortunately, it was a bit disappointing that it was so short at just 27 pages. Just as I was getting a feel for everything, it was over. I liked (I think?) the characters, but the plot was very vague and I have a sneaking suspicion that this is the sort of story that might get dragged out over way more issues than is necessary.

I enjoyed this enough that I'd certainly try the next couple of issues if my library gets around to purchasing

them, but I'm not sure I'd invest my own money in this series based on this issue alone.

Badass Female Character score: 5/5 -- there were a bunch of girls kicking some supernatural butt in the middle of the woods at night, and the camp director seems pretty tough.

---

### **Abbie (boneseasonofglass) says**

I quite liked this but it seemed to end really abruptly to me, I would've liked it to have been a little longer maybe

---

### **La Coccinelle says**

Our library needs to seriously get with the program. This is the only volume they have, even though it looks like most of the installments were published in 2014 and 2015. On its own, it's not very impressive. There are too many characters (some with weird speech affectations), and we jump into the *end* of the action... only to be told what happened earlier. It's an illustrated story, for goodness sake; if this isn't the place to *show* rather than *tell*, I don't know what is.

The illustrations are cute, but nothing special. Maybe I just didn't have time to get attached. I actually like the backgrounds better than the characters themselves.

Since these installments are short, I wouldn't mind reading some more to see if the characters or story grew on me. But I wasn't that enamoured with this one to want to seek out the rest. If the library gets the sequels in the future, I might pick them up. Otherwise, I probably won't bother.

Read this review on my blog.

---

### **Kimberly says**

A good start to the story, but I didn't realize going into it that it was just 24 pages! On to the next one.

---

### **AleJandra says**

#### **4 What the junk STARS**

Esta es mi primera vez aventurándome en los comics.

Sin duda es un mundo nuevo. Acostumbraras a leer una historia de pocas hojas, con personajes con actitudes exageradas y que tenga que esperar para saber la continuación, sin duda es algo a lo que tengo que acostumbrarme.

Pero creo que hice bien en elegir esta serie. La historia es muy divertida y me encanta que cada protagonista es única con su distintiva personalidad.

Voy a continuar leyendo mas tomos, a ver hasta donde llego.
