Meditation for the brain -- allow coloring to soothe you. Icelandic Landscapes in Winter! This coloring book has 25 Grayscale photographs for Advanced colorists, of scenes from Iceland in Winter. BONUS: included are full color photographs to guide you as you color!

Glaciers, streams, waterfalls, beaches, ocean, horses, geothermal and lava fields. Stunning images for the advanced colorist and those who enjoy grayscale!

Please note these images are mostly darker winter time colors of white, grays, blues and blacks. Coloring Grayscale images is a fun way to explore color and it makes shading easier to learn when you follow the shading already in the images. Color dark in the darker shaded areas, then medium and light in the lighter areas. The end result is a uniquely rich and rewarding colored image.

Coloring has been shown to reduce stress and offer meditative release. Create your own visually appealing art using crayons, colored pencils, felt tip markers, ink pens, watercolor pencils, art pencils, gel pens, glitter pens. There is no limit to your creativity and genius. Still not sure? Check out our website online to see some of our colored images at www.ColoringBooksForAdults.Info.
