Wolfe's Den

C.M. Steele

Wolfe's Den C.M. Steele

Wolfe Creek is a place with a zero percent divorce rate because wolves mate for life. Most meet their mates by the time they are twenty-five. The Alpha is already thirty-two and still unmated. Unrest is starting to rise in both him and his pack. Something's got to give.

Hunter is on the prowl, searching for his mysterious nightly lover. She has to be his mate, but he can't find her anywhere. He's well past his breaking point, and needs to find her before he loses his mind.

Catherine Kinney is struggling to get by from day to day with no job or money. She was doing well in school and work until she started dreaming of him. Damn him and his beautiful blue eyes, she thought.

Both of them thought they were going crazy. They developed a love/hate relationship for sleep. Would they ever find peace?

Just when they feel like there's no hope, fate steps in and brings them together.

But what happens when you get what you ask for and then some?

Can they handle the passion that engulfs them both? Especially when they can feel each other's emotions.

Gi's Spot Reviews says

This was really a feel good kind of book.

Of course I wish it was longer and less rushed, so that there was more character development, but in general it was a good book especially when you're looking for a book with no angst, drama, or pushing away.

I enjoyed the storyline and particularly liked that both were virgins, which didn't interfere with the level of heat, it was hot!;)

I will for sure read more books by this author.

CC says

[with a virgin hero and heroine! (hide spoiler)]

Bookloverme says

This is so good! A great start to this series. I loved both MCs and I'm excited to read the rest of the series.

The story is about Hunter and Catherine.

She's a college drop out in need of a job. She lost her job a few months ago because of her ex-boyfriend.

While looking for a job in the internet, she saw a soon to open family resort, Wolfe's Den. She left a voicemail begging to be hired.

She's been dreaming of a man for six months and she was shocked when she heard the voice of the boss, Hunter.

Hunter is a wolf shifter and the alpha of their pack. He's been dreaming of her too for six months and was searching for her since then.

I loved the story and I loved the epilogue! (view spoiler)

this was good :D

Barbara? says

***2.25 Stars

I really enjoyed the story line and the fact both the H and h were virgins and could only be with each other as mates. In my opinion though, it was way too short. There was so much crammed into a few pages and it felt very rushed, even the sex scenes. It has great potential to be a longer book. The writing was off a little to me as well. At times, I felt it was too stiff, for lack of a better word. I would still be interested in reading more in the series.

Danielle says

The writing and dialogue didn't really work for me but I enjoyed the story line. I was hoping for a little more intimacy and getting to know you parts between the couple but the sexy times were pretty hot. And a virgin alpha hero? How could I not read it?!?!

~Nichole~ Sizzling Pages Romance Reviews says

I read two books by this author pretty much back to back. I adored this one. I love that they both were virgins. I loved how protective and sweet the hero was.

Just a low stress instalove read. Sometimes I just need that.

Deserie williams says

3.5 stars. Good hot read! it was way too short though! Loved Hunter and Cat! writing wasn't perfect but i enjoyed it:) I want to read about Chloe and Eric and Kane. safety gang safe.

Erika says

3.75 stars!

As others have mentioned, the telling of this story was a bit rushed, but I still enjoyed it. It was really pretty much erotica, but it did have some world-building and a cute romance storyline as well.

Anytime I can get a virgin hero, or a hero who is not going to be thinking back on how great of a sex god he is, or how often women check him out, well....you already get a minimum of 3 stars out of me. lol. I liked this hero, Hunter. He was all about his heroine, Catherine. Yeah, he thought about having sex with her 95% of the time, but he was still pretty awesome. He was protective and possessive as hell. Worked for me. I will definitely read the next book in the series, assuming it also has a virgin hero.

B.E.Love says

3 1/2 stars This was a nice fast read. I wish we could have had more time to delve into the couples relationship but I really liked this one regardless. I am hoping with each new book more of the history will be revealed since it seems very interesting. All in all this was just what I needed and wanted, a great steamy shifter romance. Would I have liked a longer book? Yes, but only because I liked this so much. I highly, highly recommend this to anyone who loves PR.

Kitten Mercer says

2 1/2 stars. The writing, narration and dialogues were a bit off. But I enjoyed Hunter's desire to breed, his possessiveness/obsession over Catherine. And he's a virgin at 32 years old.

PS. I almost couldn't stand the "Mr. Grey" thing though. *rolls eyes* And I find them communicating through their minds ridiculous.

Astraycat says

What's not to like? Over-the-top alpha male H, and both H and h were virgins! I was surprised that I enjoyed reading this series while I normally thought the author's books were just OK. Guess I'll stick to her paranormal romance from now on.

Hollie says

I really adored that the hero and heroine were both virgins in this read! This book made for a sweet, although predictable shifter romance. I never felt much depth with either the plot or characters. However for a light and easy to read shifter romance (without a lot of unnecessary angst) this one will do the trick. Plus it's offered as a KindleUnlimited.

Maya says

This story was just what I needed. A short, sweet shifter book with lots and I do mean lots of sexy times. Not that I'm complaining, God no. ;)

I really liked the main characters, both were super crazy about each other and also very protective. I did feel a bit sorry for them for having this sexy dreams for the past six months and not knowing who and how to find the person from their dreams. In the end everything worked out as it was supposed to. We even get a bit of action and of course a wonderful HEA. :D

Great, light read! Loved it! :D

Chitra *CJ* says

Knowing that she hadn't been touched by another set my dick off. I was spewing a little bit of my seed onto my sheets.

"Wolfe's Den" is the story of Catherine and Hunter.

Now superficially, the blurb sounded perfect. A alpha wolf hero finds his soulmate miles away, and lures her after months of dream fucking, to really fuck her.

Now the actual book though was filled with gold one liners like the aforementioned as well as loads of cum spewing and shooting to the womb, breeding with pup talk, combusting with orgasms, and things travelling at the speed of 3×10^8 m/s aka speed of light.

There's a lot of jealousy and drama, pack drama, telepathy, soaked panty preluding sex and some HEA.

I know I'm putting too much logic into this and insta love novels are supposed to be minimal plot wham bam thank you mam, but seriously I had expected more and hence the disappointment.

And also I still hate virgin heroes.

Safe

2/5 (generous)

P.S. Here's another GEM

I heard him let out a low growl. Damn it, love. I'm already leaking on the floor here. I want your lips wrapped around my cock.

-Our horny hero to our horny heroine aka the cum bucket..LITERALLY
